

SUMMER READING CHALLENGE

Join your local Library for their Summer Reading Programs

Reading builds fluency, comprehension, vocabulary, knowledge, creativity, imagination, and improves a student's overall academic success. Because of this, we know that regular reading is essential and an important part of everyday life.

All students – Elementary, Middle & High are encouraged to read for approximately 20 to 30 minutes daily and are encouraged to join their local library summer reading program.

Students may read books silently, with audio while following along in the book, or on an electronic device (with or without audio).
