Graduation Update – June 7th, 2021

On June 4th, the state and local guidelines for outdoor graduations were updated by the Benton-Franklin Department of Health. The new guidelines allow us to eliminate vaccinated and non-vaccinated sections. Families can sit together, regardless of their immunization status. Individuals who are fully vaccinated are exempt from wearing a mask and do not need to adhere to physical distancing guidelines. We are trusting our spectators will follow the recommended guidelines using the honor system.

What we need from you:

- Graduates who **HAVE** stopped by bookkeeping and communicated their ticket requests:
 - Nothing at this time.
- Graduates who **HAVE NOT** stopped by bookkeeping:
 - PLEASE stop by and let them know how many tickets you would like. By knowing the exact amount of tickets each person would like, we are better able to fulfill all ticketing requests.

*Any student that does not stop by bookkeeping by June 9th, 2021 by 3:00 PM will receive a maximum of 6 tickets
