Dear HL Students,

As preparation for the start of the Year 2 Language and Literature course, your main objective this summer is to complete a good HL Essay.

Read again the directions for the HL Essay and choose one artist / creator to write an analysis paper. This text can be either literary or non-literary.

Separate from this HL Essay, I would like you to analyse and annotate the Kendrick Lamar songs from the album “DAMN.”

Also separate from this task, I would like for you to see a few documentaries.

I would like to encourage you to read a book or two of your choosing.
