

# Let's Restore the Caterpillar!

In 1986, Freeman Elementary lost one of its Mighty Mustangs, as 10 year old Oren Davis passed away after a courageous battle with Leukemia. Shortly after, Oren's parents and sister donated a caterpillar play structure in memory of their son and brother. This soon became a favorite among neighborhood children and Freeman students. The beloved purple and green caterpillar, with its wide eyes and grin, seemed to share in the joy and wonderment of all the children who climbed atop it. Recently it was discovered that the base of the structure and head of the caterpillar had significant damage from rust and corrosion. For safety concerns, it was removed. The Freeman PTA and District 129 are working together to have a new caterpillar play structure installed. It is our hope in doing so that we will both honor Oren's memory and bring joy to all the children in the Freeman community for decades to come.

## You can help by ordering PIZZA!

Pick up a **\$10 Luigi's Pizza Kit\*** and design your own caterpillar pizza at home (can refrigerate to make later, 3-4 days).

Go to: <https://freeman.memberhub.com/store/>

Share your creations @FreemanElementarySchoolPTA and @LuigisFunCenter

### It's so easy!

1. Order now
2. Pick up June 22  
Tuesday, 4-6 p.m.,  
in Luigi's parking lot

\*50% of proceeds goes directly to benefit the Freeman PTA and the school's new caterpillar

### Kit includes:

- 5 miniature pizza crusts
- 1 small ball of extra dough
- 4 oz cup of cheese
- 2.5 oz cup of sauce
- 2 oz cup of 3 toppings
