

The National Summer Learning Association says students can lose up to three months of growth if they're not engaged in learning during the summer!

**How will you keep your child learning?**

1. **Dreambox** is available to South Portland students all summer.  
[Login Information](#) Set up a [Family Dashboard](#) to follow progress.
2. [Game Center](#) – Play games you learned in class or try out some new ones.
3. [Math Words and Ideas](#) – Short videos and activities to support the learning you did in school. For review or something new!
4. [Suggestions From the Field](#) – How are other families bringing math into their homes? Try out some of these ideas.
5. [Math at Home](#) – Free resources PK-5.
6. [Bedtime Math](#) – You read with your kids. Now you can math with them! Short real-world stories with accompanying questions. Read about a race in office chairs or a donut in outer space!
7. [Math Before Bed](#) – Hundreds of prompts to inspire mathematical discussions before bed, at dinner, or anytime.
