2132 – SCHOOL DISTRICT OBJECTIVES

The Board adopts objectives for the operation of the educational program of the school district.

1. Provide opportunities which challenge all students to fully develop their academic, creative and athletic potentials;
2. Expand the learning process by supporting assessment and implementation of emerging technology for students, staff and community.
3. Develop and improve programs and strategies Pre K - 12 to raise awareness of and address social, emotional, and character development influencing growth and development.
4. Foster understanding, respect and appreciation for diversity and individual differences.
5. Improve avenues of communication and opportunities for involvement for school and community.
6. Address the changing facility needs and demographics of the community.
