5116 – EMANCIPATED STUDENTS

Every student eighteen years of age is legally an adult. Such students, however, like all other students, must comply with the roles established, pursue the prescribed course of study, and will respect authority of teachers and administrators.

In order for the school administration to recognize adult student status at Pequannock Township High School, the student is required to formally request such status not earlier than seven days prior to his/her eighteenth birthday. When the request is granted the administration shall notify in writing the parents/guardians of the student's request. When requests are verified and the adult student status is recognized, such students will be given a copy of the regulations governing rights and responsibilities of emancipated students.
