Sign/Notices On School Buildings and On School Grounds

7445 – SIGNS/NOTICES ON SCHOOL BUILDINGS AND
ON SCHOOL GROUNDS

In accordance with the Board's responsibility to maintain all school buildings and grounds, which includes all area to curb, in a safe and secure condition for pupils, staff, and community members, the Board authorizes the placement of signs and/or notices on school buildings and on school grounds for school related issues such as identifying a building or field area, directing vehicular traffic, designating parking areas and fire lanes, notice of the no smoking law, and the location of certain offices in school buildings. The Board also authorizes signs or notices on school buildings and/or on school grounds for school building or school district announcements and activities. The Superintendent of Schools is authorized to approve the placement of such signs or notices on school buildings or on school grounds that are consistent with the Policy.

The Board of Education prohibits the placement of any signs and/or notices on school buildings and/or school grounds as indicated above unless the sign and/or notice is in accordance with the provisions of this Policy. Any signs and/or notices placed on school buildings or on school grounds without authorization from the Superintendent shall be removed.
