

Psychology

To prepare effectively for A level Psychology it is suggested that you work through the below tasks and bring these with you for your first day at Bilton 6th form.

Please note you will sit a baseline assessment related to the materials below (TASKS1,2,&3) when you commence 6th form.

Task 1— Research and take notes on the following:

- I. The role that Wilhelm Wundt and his concept of Introspection, played in establishing Psychology as a Science. Include as much information as you can find about what he did and how this brought psychology in to being viewed as a science.

Task 2— Research one of the following psychologists, : John B Watson, B F Skinner, Carl Rogers/Abraham Maslow, Albert Bandura, Ivan Pavlov.

- I. Take notes on what research they conducted, what approach they fall under and again how their work impacted the view of psychology or what their contribution to psychology was.

Psychology

Task 3— Research one of the studies below, take notes on the aim of the study, the methods they used, the findings they gained and what they concluded from the results.

- I. Include any possible criticisms of the research conducted, this can be positive or negative.

Studies:

- Asch's research into conformity
- Zimbardo's research into social roles
- Milgram's research into obedience
- Johnson and Scott's research into eye witness testimony
- Ainsworth's research into attachment
- Harlow's research into attachment
- Lorenz's research into attachment
