Summer Skills Practice:

In 1st grade Mathematics, your child should be able to:

- Add and subtract numbers 0-10
- Count to 100 by ones and tens. Start your child at different numbers (Ex- Can you count to 100 starting at 37?)
- Identify 2D and 3D shapes in the real world (Ex- have your child point out a soup can at the grocery store as a cylinder).
- Read and write numbers 0-20.

In 1st Grade Reading/Language arts, your child should be able to:

- Blend sounds to read CVC (consonant-vowel-consonant) words. Ex: hat, sit, men, etc.
- Blend sounds to read CVCe (consonant-vowel-consonant-silent e) words. Ex: m bite, cave, bone, etc.
- Read all of the kindergarten high frequency words.
- Read stories with your child and have the child identify the character, setting, problem & solution, sequence events, make predictions, and give details from the story. Read both fiction and nonfiction stories.
- Write 2 or more complete sentences with correct capitalization and punctuation. (You could have your child write about vacation or what he/she wants for lunch!)
- Work on rhyming words by asking if 2 words rhyme, or if he/she can come up with a rhyming word for your word.
- Tell about his/her day by sequencing the events that happened first, next and last.
