

# Welcome to AP Psychology!

I am looking forward to getting to know you and exploring the world of AP Psychology! The purpose of the summer assignment is to begin the process of getting to know you, establish class rules, and complete your first (slightly longer than normal) homework assignment. Be sure to pace yourself throughout the summer so that you do not have to cram it all in the last few days, but also don't start the homework assignment too early. I don't want you to forget everything from the reading before we return to school!

If you did not pick up the AP Psych packet and textbook at the end of the school year, you will need to stop by the school to grab a book. The information from the packet is available on the Schoology site (see information on how to join below), along with links.

Please join our Schoology course using the following information. See screenshot below if you need more instruction on how to join the class.

## Course: AP Psychology – Summer: Section 1
