FIVE YEAR FINANCIAL FORECAST

AND

SUMMARY OF SIGNIFICANT FORECAST ASSUMPTIONS

OCTOBER 2016 UPDATE

STRONGSVILLE CITY SCHOOL DISTRICT
SUMMARY OF SIGNIFICANT FORECAST ASSUMPTIONS AND ACCOUNTING POLICIES

NOTE 1 NATURE AND PURPOSE OF PRESENTATION

This financial projection presents, in accordance with mandates of Ohio Law, the expected revenues, expenditures, and fund balance of the General Fund of the Strongsville City School District (the "District") for each of the fiscal years ending June 30, 2017 through June 30, 2021, with historical data presented for the fiscal years ended June 30, 2014, 2015, and 2016.

This forecast includes the impact on the State bi-annual budget for that was approved for fiscal years 2016 and 2017.

The assumptions disclosed herein are those that the District believes are significant to the projection. However, because circumstances and conditions assumed in projections frequently do not occur as expected, and are based on information existing at the time projections are prepared, there will usually be differences between projected and actual results.

A Basis of Accounting

This financial projection has been prepared on the cash receipts and disbursements basis, which is the required basis of accounting used for budgetary purposes. Under this system, revenues are recognized when received rather than when earned, and expenditures are recognized when paid rather than when the obligation is incurred. Under Ohio Law, the District is also required to encumber legally binding expenditure commitments and to make appropriations for the expenditure and commitment of funds.

B Fund Accounting

The District maintains its accounts in accordance with the principals of "fund accounting". Fund accounting is used by governmental entities, such as school districts, to report financial position and the results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain district functions and activities. The transactions of each fund are reflected in a self-balancing group of accounts, which presents an accounting entity that stands separate from the activities reported in other funds.

The forecast includes revenue and expenditure estimates for the general operating fund of the District (Fund 001).

NOTE 2 REVENUE ASSUMPTIONS

The District's primary sources of revenue are from the levying of property taxes on real property located within the District boundaries and the State of Ohio through the State Foundation program. The following provides information with respect to the revenue categories.

SUMMARY OF SIGNIFICANT FORECAST ASSUMPTIONS AND ACCOUNTING POLICIES

A PROPERTY TAXES
LINE 1.010, 1.020 AND 1.050

Property taxes, which are levied and assessed on a calendar year basis, include amounts levied against all real and public utility property in the school district.

The real property tax base is the taxable (assessed) value of land and buildings. The taxable value is 35% of true (market) value. Under state law, real property is reappraised every six years and property values are updated in the third year following each sexennial reappraisal.

In 1976, the Ohio General Assembly passed HB 920. This law provides real property owners tax credits equal to any increase caused by an increase in value of all real property as a result of reappraisal. This does not apply to inside non-voted millage. In effect, HB 920 removes inflationary revenue growth from the applicable real property by requiring an adjustment to the voted millage rate, thereby resulting in a lower effective millage rate.

HB 66 made provision to replace revenue lost due to the phase out of the Tangible Personal Property Tax. In FY 15, the District received \$3.6 million in Tangible Personal Property Tax hold harmless. In the most recent bi-annual budget, the Tangible Personal Property Tax will be phased out by \$1.4 million in FY 16, and additional phase out of \$1.4 million in FY 17 for a combine loss through FY 17 of \$2.8 million. In FY 18 the remaining \$800k will be phased out for a total reduction of funding of \$3.6 million each year in the years FY 18-20. The District will be held harmless for the FY 16 \$1.4 million reduction through a supplement through the State Foundation. For FY 17, the District will be held harmless for \$2.2 million of the \$2.8 million reduction through a supplement through the State Foundation. The net FY 17 reduction in Tangible Personal Property tax is \$600k, while the remaining \$3.0 million will be completely reduce in FY 18-20.

Property taxes are currently estimated by the Cuyahoga County Auditor's Office based on a current collection rate of 96.60%. A 1% change in collection rate represents \$560k.

The property Tax Allocation includes the following components: Property Tax Rollbacks and the tangible personal property tax hold harmless funds from the State of Ohio.

The Ohio Revised Code and Ohio Administrative Code mandate Cuyahoga County to conduct a re-appraisal every six years, an update every three years and annual valuation of improvements based upon building permits received from each city annually. The last re-appraisal was in 2012 and the triennial update was completed in 2015. All property values were updated for the 2016 collection year, which resulted in a 1.7% increase in values. The forecast assumes a property valuation of \$1.4 billion in 2017 – 2021.

State law grants tax relief to property owners (property tax rollbacks) in the form of a 10% reduction in real property tax bills. In addition, a 2.5% rollback is granted for owner occupied homesteads (total of 12.5%). The State reimburses school districts for the loss of real property taxes as a result of the rollback provision.

The prior budget bill (HB 119) included a significant property tax reduction for senior citizens. This Homestead Exemption will allow senior citizen homeowners and permanently/totally disabled homeowners, regardless of income, to withhold \$25,000 of market value of their owner occupied home from property taxes.

In March 2012 residents renewed a 5 year 6 mill levy with collection beginning January 2013. The forecast assumes the levy will expire tax year December 31, 2106. Collections will continue through December 31, 2017.

**B UNRESTRICTED/RESTRICTED STATE GRANTS-IN AID
LINE 1.035, 1.040**

This component of the financial forecast includes the State Foundation Program.

HB 59 has replaced the prior funding formulas, the bridge formula and the Ohio Evidence Based Funding Model. Under the current version of HB 59, calculations include funding for both the District and Charter School students. HB 59 mandates that all school districts pay tuition for all students who reside in the District and attend a charter school. The District's charter school tuition payment is reflected in line 3.030 (Purchased Services) of the forecast.

For FY 16, the District will be held harmless for the \$1.4 million tangible personal property tax phase out which will be a supplement through the State Foundation Program.

For FY 17, the District will be held harmless for the \$2.2 million tangible personal property tax phase out which will be a supplement through the State Foundation Program.

The following are the estimated unrestricted/restricted state grants-in aid assumed in this five year forecast. It assumes that the district is on the "state guarantee" for FY17 – FY21. It is also assumed that a portion of the "state guarantee" will be phased out 2% each year beginning in FY 18.

SUMMARY OF SIGNIFICANT FORECAST ASSUMPTIONS AND ACCOUNTING POLICIES**

Since 2009, there are 212 less positions compared to FY 2017, a 23% decline which is keeping pace with declining enrollment. If enrollment decline continues, the School District projects to reduce 5 positions in FY 2018 and 9 positions in FY 2019. Below are a summary of reduction included in the forecast:

- FY 16 – 20 positions
- FY 17 – 23 positions
- FY 18 – 5 positions
- FY 19 - 9 positions

If possible, the District will make the reductions with the retirement of current staff, prior to any reductions in force.

The forecast assumes the stated reduction of position along with any step and column increases.

- (1) Health care costs are based on estimated staffing levels. Health care rates increased by 3% in FY 16. For FY 17-21, health care rates are projected to increase 10% each year. Health care rates are based on projections provided by the DS Benefits Group.

During FY 14, the District switched to a fully insured health care plan. Since the switch, the District has saved \$2.8 million through fiscal year 2016 by being on a self-funded plan compared to a fully insured plan.

- (2) The projection assumes the State's mandated retirement contribution rate of 14% will not change during the forecast period.
- (3) See staffing levels under personnel services.
- (4) Increase to Workers Compensation is due to the mandated change in payment program to have claims paid in the year they are incurred. Currently WC are paid a year in arrears, in order to be caught up, an additional payment will be made in FY 17 and FY 18.
- (5) Medicare costs are projected to remain constant over the forecast period.
