WELCOME!

Thank you for taking time out of your busy life to join us. We appreciate your presence and involvement.

The Agenda

We review a draft agenda prior to our meetings. The agenda may deal with curriculum, budget, personnel, facilities, school transportation and/or long-range planning. It includes supporting materials to assist us with decisions.

This meeting is a meeting of the Board of Education in public for the purpose of conducting the School District's business and is not to be considered a public community meeting. There is a time for public participation during the meeting as indicated in the agenda. We welcome your comments; however, we do ask that you abide by the guidelines of our Policy 0169.1. Public comment is your opportunity to make a comment to the Board. The Board will listen and, if necessary, someone from the administration will get back to you with an answer.

0169.1 Public Participation at Board Meetings

The Board of Education recognizes the value to school governance of public comment on educational issues and the importance of allowing members of the public to express themselves on school matters of community interest.

The Board is also committed to conducting its meetings in a productive and efficient manner that assures that the regular agenda of the Board is completed in a reasonable period of time, honors the voluntary nature of the Board's time and using that time efficiently, and allows for fair and adequate opportunity for input to be considered. Consequently, public participation at Board meetings will be governed by the following principles:

In order to permit the fair and orderly expression of such comment, the Board shall provide a period for public participation at every regular meeting of the Board; at all public meetings of the Board; and at those public meetings of the Board during which action may be taken and publish rules to govern such participation in Board meetings.

The presiding officer of each Board meeting at which public participation is permitted shall administer the rules of the Board for its conduct.

The presiding officer shall be guided by the following rules:

- A. Public participation may be permitted
 - 1. as indicated on the order of business.
 - 2. before the Board takes official action on any issue of substance.
 - 3. at the discretion of the presiding officer.
- B. Anyone having a legitimate interest in the actions of the Board may participate during the public portion of a meeting.
- C. Attendees may register their intention to participate in the public portion of the meeting upon their arrival at the meeting.

0169.1 **Public Participation at Board Meetings (continued)**

- D. Participants must be recognized by the presiding officer and will be requested to preface their comments by announcement of their name and address.

- E. No participant may speak more than once on the same topic unless all others who wish to speak on that topic have been heard.

- F. The presiding officer may:
 - 1. prohibit public comments that are frivolous, repetitive, and/or harassing;

 - 2. interrupt, warn, or terminate a participant's statement when the statement is too lengthy, personally directed, abusive, off-topic, antagonistic, obscene, or irrelevant;

 - 3. request any individual to leave the meeting when that person does not observe reasonable decorum;

 - 4. request the assistance of law enforcement officers in the removal of a disorderly person when that person's conduct interferes with the orderly progress of the meeting;

 - 5. call for a recess or an adjournment to another time when the lack of public decorum so interferes with the orderly conduct of the meeting as to warrant such action;

 - 6. waive these rules.

EXPENDITURES

The fiscal year 2017 adopted General Fund budget for the District is \$72,154,895. This budget, coupled with carryover encumbrances of \$988,614, resulted in a \$73,143,509 General Funds appropriation for FY 2017. The following information is a financial update of the status of this appropriation through February 28, 2017.

Through February 28, 2017 the District has expended \$43,601,112 and has outstanding encumbrances of \$2,126,953. This total of \$45,728,065 reflects 62.52% of the District's total appropriation. A statistical spending range for the District is based on two analyses: first, time elapsed is eight months or 66.67% of the fiscal year has passed. Secondly, sixteen of twenty-four (16/24), or 66.67% of the total pay periods have passed. Figure 3 illustrates these points.

Figure 3

Overall, the District's encumbrance/expenditure level through February is under the target based on the above analysis. As an examination of the categories of expenditures is performed, cyclical variances are noted between categories which relate specifically to school opening activities. Figure 4 compares the various expenditure categories to the expected level and to the prior two years. The three years of data will be beneficial for trend analysis performed throughout the year.

Figure 4

Figure 5

STRONGSVILLE CITY SCHOOL DISTRICT

July 1, 2016-February 28, 2017 Financial Report

As Figure 4 and 5 illustrates, overall salaries and benefits are on target for this time of year. Salaries are slightly lower than last year for this time of year which is due to there being one less payroll through February compared to prior years. Salaries are trending under budget. We will continue to closely monitor this area for the remainder of the fiscal year. Salaries averaged \$1.6 million in February which is similar to the \$1.6 million in January. Benefits are slightly less compared to last year which is primarily due to the impact of decrease in positions and increase in healthcare cost. Health care premiums are forecasted to increase 5% in calendar year 2017 from calendar year 2016.

The current year Purchased Services and Materials categories indicate a 62.67% encumbrance/expenditure level for February. This encumbrance/expenditure rate is lower compared to the 71.42% from this point in time last year. These expenditures vary from year to year base on the timing of when goods are needed and the invoices are paid and received. In addition many of the annual contracts are encumbered at the beginning of the fiscal year and then spent down during the year. This is consistent with prior years and the cyclical nature of school operations.

The capital outlay encumbrance/expenditure level, whose budget comprises only 1.6% of the total General Fund budget indicates a 51.51% encumbrance/expenditure level for February. This encumbrance/expenditure rate is mainly attributable to school opening cost (technology updates, hardware, etc.). It should be noted that the vast majority of on-going construction and permanent improvements projects are accounted for in other funds and therefore not reflected in the encumbrances/expenditures above.

Finally, the debt service and other objects category of encumbrance/expenditures, which mainly reflects the payment of principal and interest for the energy conservation and facility improvements debt, treasurer and auditor fees, and the transfer of monies to other District funds (as required by State regulations), is as expected as of February 28, 2017. Debt payments occur in November and May while the transfer of monies to other funds will occur in June.
