

IMPORTANT PLEASE READ

Dear Parents/Guardians

If medication(s) is required for administration for next school year (08-30-21 to 06-22) please remember to follow these important steps:

Please note that Physicians have their own office forms for medication orders and actions plans (allergy/asthma/diabetic/seizure action). It is the parents responsibility to request these forms from your child's physician. Please remember we cannot administer medications without those forms.

- Download the appropriate forms from our website. Parents will be able to download the forms from our website: <https://www.amsacs.org> as of June 30, 2021. (Click Parents-Health Office-Medical Forms).
- Orders must be written, and are only active, during the current school year. (Need to be dated after 07-01-21)
- **Physicians must provide medication orders that include the name of the medication, form of medication (tablet/capsule/ liquid/injection), frequency, times of administration, diagnosis for which medication is being ordered and any side effects or specific directions/information for administration.**
- **Physicians must provide any action plans. If your child is having medication ordered for allergies/asthma/ diabetes/seizures, then the Physician must supply an Action plan for that specific medication.**
- No order can be accepted that is dated before 07-01-21. Please have the physician date the orders accordingly.
- Remember **only one medication per order form** Please copy or print additional forms from the website if more forms are needed.
- Please review the AMSACS medication administration policy.
- Bring medications to school before the first day of school in original container. You may call the health office **after 08-25-21** to arrange drop off. **No student is allowed to carry any medications to school, even over-the-counter medications.**

Thank you and include a healthy, happy, safe student! (This form) for your convenience. **Please print double sided.**

Contract for Permission to Carry and Self-Administer Inhaler (MDI) 2021-22

Name of Student: _____ Grade: 6 7 8 9 10 11 12

To be completed by the Parent/Guardian:

Qualified students will be allowed to carry their metered dose asthma rescue inhalers with them in school and on field trips at the discretion of the school nurse. Parents only need to sign the agreement. Please sign at the bottom of this form below and return to the health office. The school nurse and your child will complete the rest of the form. Please contact the School Nurse if there are any changes to your child’s medication and/or treatment plan during the school year.

I request that my child be permitted to carry on his/her person the medication that has been prescribed. My child has been instructed in and understands the purpose, appropriate method, frequency and use of his/her medication. My child understands that he/she is responsible and accountable for carrying and using his/her medication. My child understands that he/she will be responsible for carrying and self-administering this medication while on this field trip only. It is understood that if there is irresponsible behavior or safety risk, the privilege of carrying his/her medication will be rescinded. I will support my child in following the agreement
