IMPORTANT PLEASE READ

Dear Parents/Guardians

If medication(s) is required for administration for next school year (08-22-21 to 06-22) please remember to follow these important steps:

Download the appropriate forms from our website. Parents will be able to download the forms from our website, https://www.amsacs.org/, as of June 30, 2020. (Click Parents-Health Office-Medical Forms).

- Orders must be written, and are only active, during the current school year. (Need to be dated after 07-01-21)

Physicians have their own office forms for medication orders and actions plans (allergy/asthma/diabetic/seizure action). It is the parents responsibility to request these forms from your child's physician. Please remeber we cannot administer medications without those forms.

- **Physicians must provide medication orders that include the name of the medication, form of medication (tablet/capsule/ liquid/injection), frequency, times of administration, diagnosis for which medication is being ordered and any side effects or specific directions/information for administration.**
- **Physicians must provide any action plans. If your child is having medication ordered for allergies/asthma/ diabetes/seizures, then the Physician must supply an Action plan for that specific medication.**
- No order can be accepted that is dated before 07-01-21. Please have the physician date the orders accordingly.
- Remember **only one medication per order form** Please copy or print additional forms from the website if more forms are needed.
- Please review the AMSACS medication administration policy.
- Bring medications to school before the first day of school in original container. You may call the health office **after 08-25-21** to arrange drop off. No student is allowed to carry any medications to school, even over-the-counter medications.
- We have included a check list (on the back of this form) for your convenience. **Please print double sided**.

Thank you and have a healthy, happy safe summer ☺

Maureen Searl, RN (Grades 10-12)
szervos@AMSACS.org

Nancy Sawtelle, RN (Grades 06-09)

PARENT MEDICATION CHECK LISTS

Checklist for Required Paperwork for **Epinephrine Orders**

PHYSICIAN TO PROVIDE

1. _____ Physician's Order Form
2. _____ Allergy Action Plans (If your child's MD does not have an action plan, he/she must send a note stating they do not have action plan one and why.

Parent to Complete:

1. _____ Parent's Permission for Epinephrine Administration
2. _____ Parent's Permission for Antihistamine Administration (if applicable)
3. _____ Epinephrine Contract to carry if applicable
4. _____ Antihistamine Contract to carry one dose only (if applicable)
5. _____ Allergy History (Only if your child is entering grade 06 or 09, or entering AMSACS for the first time regardless of grade)

Checklist for Required Paperwork for **Metered Dose Inhalers**

PHYSICIAN TO PROVIDE:

1. _____ Physician's Order Form
2. _____ Asthma Action Plans (If your child's MD does not have an action plan he/she must send a note stating they do not have action plan one and why.

Parent to Complete:

1. _____ Parent's Permission for Metered Dose Inhaler Administration
2. _____ Metered Dose Contract to carry
3. _____ Asthma History (Only if your child is entering grade 06 or 09, or entering AMSACS for the first time regardless of grade)

Checklist for Required Paperwork **for Other (prescription/Over the Counter) Medications (Daily/PRN)**

PHYSICIAN TO PROVIDE

1. _____ Physician's Order Form
2. _____ Physicians Action plan, if applicable for Diabetic/Seizure Medications Only

Parent to Complete:

1. _____ Parent Consent Form(s). (Insulin, glucagon, seizure medication(s) etc)
2. _____ Contracts to carry diabetic/seizure (Insulin, glucagon, diabetic supplies, seizure medications, etc.)

Contract for Permission to Carry & Self Administer Insulin 2021-22

Name of Student: ____ Date: __________ Grade: _____

To be completed by the Parent/Guardian:

Qualified students will be allowed to carry their diabetic medications and supplies with them in school and on field trips at the discretion of the school nurse. Parents only need to sign the agreement. Please sign at the bottom of this form below and return to the health office. The school nurse and your child will complete the rest of the form. Please contact the School Nurse if there are any changes to your child's medication and/or treatment plan during the school year.

I request that my child be permitted to carry on his/her person the diabetic medication/supplies that has been prescribed. My child has been instructed in and understands the purpose, appropriate method, frequency and use of his/her diabetic medication/supplies. My child understands that he/she is responsible and accountable for carrying and using his/her diabetic medication/supplies. My child understands that he/she will be responsible for carrying and self-administering theses medication/diabetic supplies while on field trips. It is understood that if there is irresponsible behavior or safety risk, the privilege of carrying his/her medication/diabetic supplies will be rescinded. I will support my child in following the agreement.

CONTRACT AGREEMENT: ☐ **Always (in school, FT, and ASA)** ☐ **Field Trips & After Sch. Act. Only**
☐ **Pre-Physical Education Administration** ☐ **Other:** ____

To be completed by School Nurse and Student		
Physicians order for Diabetic medication is on file in the Health Office	Yes ☐	No ☐
Student is consistently able to name and identify the correct medication, knows the correct dosage, and can explain the purpose of the medication/supplies and when it(they) is to be taken.	Yes ☐	No ☐
Student can explain the proper storage requirements of his/her medication/supplies and agrees to follow those medication storage requirements	Yes ☐	No ☐
Student demonstrates safe and correct use /administration of medication/supplies.	Yes ☐	No ☐
Student agrees to maintain a backup diabetic medication and supplies in the health office & classrooms.	Yes ☐	No ☐
Student realizes his/her responsibility in carrying his/her own medication(s) and agrees ***NEVER*** share the medication(s)/supplies with others.	Yes ☐	No ☐
Presence of a nurse on a field trip is not guaranteed. Student agrees to be responsible to provide and carry his/her own medication/supplies on field trips/events. If student forgets to bring his/her medication/supplies and there is no backup in H.O. and/or no nurse on the field trip parents will need to approve attendance.	Yes ☐	No ☐
Student agrees that after administering medication on field trips he/she will immediately inform a faculty member/chaperone.	Yes ☐	No ☐
Student agrees that after administering diabetic medication, if there is not marked improvement, he/she will immediately see the School Nurse or seek medical attention	Yes ☐	No ☐
Student agrees to immediately notify the school nurse when treating for hyper/hypoglycemia levels above the target blood glucose set by their physicians or if there are insulin pump issues.	Yes ☐	No ☐
The student agrees to immediately notify school nurse/chaperone with any questions, concerns, or adverse side effects.	Yes ☐	No ☐
The student understands that the privilege of carrying and administering his/her own medication(s) and diabetic supplies will be rescinded if he/she does not follow the above agreement.	Yes ☐	No ☐
Expiration date on Insulin Medication in H.O. ____________ Expiration date Insulin Medication student is carrying is _________ Expiration date on Glucagon Medication in H.O. __________ Expiration date Glucagon Medication student is carrying is _____		
Student agrees to carry only the amount of medications required. Amount of medication student can carry		

I give permission to notify staff of my plan of self-administration. I understand that if I do not follow the plan of self-administration according to guidelines stated above, or misuse my medication in any way, this agreement will be immediately terminated. Written notification of termination will be sent by nurse to my parents and teachers within 24 hours.

Blood Glucose Monitoring

Target range for blood glucose is 70-150 70-180 other ___________________

Usual times to check blood glucose ____

Times to do extra blood glucose checks (*check all that apply*)

Before exercise

After exercise

When student exhibits symptoms of hyperglycemia

When student exhibits symptoms of hypoglycemia

Other (explain): ____

Can student perform own blood glucose checks? Yes No

Exceptions: ____

____

Type of blood glucose meter student uses: ____

____

Insulin

Usual Lunchtime Dose

Base dose of Humalog/Novolog /Regular insulin at lunch (circle type of rapid-/short-acting insulin used) is _____ units or does flexible dosing using _____ units/ _____ grams carbohydrate.

Use of other insulin at lunch: (circle type of insulin used): intermediate/NPH/lente _____ units or basal/Lantus/Ultralente _____ units.

Insulin Correction Doses

Parental authorization should be obtained before administering a correction dose for high blood

glucose levels. Yes No

_____ units if blood glucose is _____ to _____ mg/dl

_____ units if blood glucose is _____ to _____ mg/dl

_____ units if blood glucose is _____ to _____ mg/dl

_____ units if blood glucose is _____ to _____ mg/dl

_____ units if blood glucose is _____ to _____ mg/dl

Can student give own injections? Yes No

Can student determine correct amount of insulin? Yes No

Can student draw correct dose of insulin? Yes No

_______ Parents are authorized to adjust the insulin dosage under the following circumstances:

____

____

For Students with Insulin Pumps

Type of pump: _______________________ Basal rates: _____ 12 am to _____

_____ _____ to _____

_____ _____ to _____

Type of insulin in pump: ____

Type of infusion set: ____

Insulin/carbohydrate ratio: ________________________ Correction factor: ________________

Student Pump Abilities/Skills: Needs Assistance

Count carbohydrates	☐ Yes	☐ No
Bolus correct amount for carbohydrates consumed	☐ Yes	☐ No
Calculate and administer corrective bolus	☐ Yes	☐ No
Calculate and set basal profiles	☐ Yes	☐ No
Calculate and set temporary basal rate	☐ Yes	☐ No
Disconnect pump	☐ Yes	☐ No
Reconnect pump at infusion set	☐ Yes	☐ No
Prepare reservoir and tubing	☐ Yes	☐ No
Insert infusion set	☐ Yes	☐ No
Troubleshoot alarms and malfunctions	☐ Yes	☐ No

For Students Taking Oral Diabetes Medications

Type of medication: ___________________________________ Timing: ________________

Other medications: ___________________________________ Timing: ________________

Meals and Snacks Eaten at School

Is student independent in carbohydrate calculations and management? Yes No

Breakfast ______________________ __________________________________

Mid-morning snack ______________________ ___________________________________

Lunch ______________________ ___________________________________

Mid-afternoon snack ______________________ ___________________________________

Dinner ______________________ ___________________________________

Snack before exercise? ☐ Yes ☐ No Snack after exercise? ☐ Yes ☐ No

Other times to give snacks and content/amount:

____

Preferred snack foods:

____

Foods to avoid, if any:

____

Instructions for when food is provided to the class (e.g., as part of a class party or food sampling event):

____

____

Exercise and Sports

A fast-acting carbohydrate such as ____ should be available at the site of exercise or sports.

Restrictions on activity, if any: ____ student should not exercise if blood glucose level is below ____________________ mg/dl or above ____________________ mg/dl or if moderate to large urine ketones are present.

Hypoglycemia (Low Blood Sugar)

Usual symptoms of hypoglycemia: ____

____

Treatment of hypoglycemia:____

____

Glucagon should be given if the student is unconscious, having a seizure (convulsion), or unable to swallow.

Route _______, Dosage _______, site for glucagon injection: _______arm, _______thigh, _______other.

If glucagon is required, administer it promptly. Then, call 911 (or another emergency assistance) and the parents/guardian.

Hyperglycemia (High Blood Sugar)

Usual symptoms of hyperglycemia: ____

____

Treatment of hyperglycemia: ____

____

Urine should be checked for ketones when blood glucose levels are above _________ mg/dl.

Treatment for ketones: ____

____

Supplies to be kept at School

_______Blood glucose meter, blood glucose test strips, batteries for meter

_______ Lancet device, lancets, gloves, etc.

_______Urine ketone strips

_______Insulin pump and supplies

_______Insulin pen, pen needles, insulin cartridges

_______Fast-acting source of glucose

_______Carbohydrate containing snack

_______Glucagon emergency kit
