ROBOTICS TEAM	DESCRIPTION
	<p>Students on the Robotics Team learn how to design, build and program a robot that meets different league specifications each year. The team travels to various weekend tournaments throughout the season to compete against other teams in the game challenge for that year. We are always looking for capable students who have skills and interest in engineering and programming, and who are able to make a time commitment to meet several times per week after school, and some weekends, throughout the year. The Vex Robotics Challenge is a global competition with regional, state and national championships. In our region, we compete against schools primarily in the Fox Valley, about an hour and a half away. Unlike other school "clubs", the Robotics Team requires an application process. Students should demonstrate a dedicated interest in our activities and ideally have some advanced skills in engineering design.</p>
Activity Dates:	
Requirements:	
Meeting/Practice Time:	
Cost:	
Contact Person:	John Quinn & Collin Csuy - jquinn@wausauschools.org, ccsuy@wausauschools.org
