

South Clearfield Community Council Agenda

May 27th, 2021

Approval of last meeting's minutes

- Motion to approve: Mr. Redford
- Second: Mr. Yardley

Financial Update:

- Budget is on track. There appears to be a surplus but that is because teachers will get paid for LTRS training in July 2021.

New School Update:

- Walk-through of new school shows a beautiful building with lots of natural light, varied seating, white board tables that are easily reconfigured for collaboration, teacher collaboration spaces, art and science rooms that can be used for messy, hands on activities. A fantastic new school!

Academic Update:

- Best end of level data to date.
- RISE testing for grades 3-6 may not accurately assess what students know. Teachers looking to next year to ensure science and math concepts reinforce each other to better prepare students for that test.

Food Bank follow up:

- Bountiful food bank drive thru distributions scheduled for June 17 and July 15, 12:30-2:00.
- Ms. Timmins to find 6-10 volunteers for each distribution date.

Any other items:

- Back to school night Aug 19
 - Use NDJH and CHS student government and LIA students to lead small groups on a brief tour of the building, introduce families to some staff (i.e. librarian and counselors) and direct families to their students' classroom.
- Consider allowing students to briefly interview teachers on camera and record a video tour of the new school. These videos can be run on a loop on the TV in the new school's vestibule.

Future Agenda Items:

Adjourn – See you next year!
