## *After Suicide Loss*

---

### *Face-to-Face Support Group*

---

This compassionate, confidential, and non-judgmental face-to-face support group is open to anyone who has lost someone to suicide, regardless of who the person was or the length of time since the loss. There are no dues or mandatory meetings, you don't have to speak if you're not ready, and there's no pressure of any kind. We meet you where you are, as we all know the pain that a suicide loss brings to a person and family. Members are welcome to join at any time, and the facilitators are fellow loss survivors. Please call, text, email or visit our website for additional information, and details about the group.

There is hope and there is help.
