Dear Mashpee Community,

It is with a great sense of Falcon Pride that I introduce the 2020 Mashpee Middle/High School recipient of the Superintendent's Excellence Award, Nathan Ware. Nathan is the epitome of a well-rounded student who has excelled academically, athletically, and participated in numerous activities. He has contributed greatly to our school community and the Mashpee community as well.

Nathan is currently ranked #1 out of 128 students in the MMHS Class of 2021. He carries a weighted GPA of 104.5 and has successfully enrolled in and completed 9 Advanced Placement courses during his time at MMHS. He also earned a nearly perfect score on his SAT's.

Nathan is involved in several extra-curricular organizations and clubs. He is a member of the National Honor Society, the National Technical Honor Society, of which he serves as President, and the Mu Alpha Theta Math National Honor Society. Nathan is also a member and captain of the MMHS Boys indoor track team which won the South Shore League Tobin Division Championship in 2020, and has been a four-year member of the MMHS boys soccer and baseball teams. Nathan was named a South Shore League All-Star in Soccer this fall as well.

In addition, Nathan has been instrumental in the inception and development of our MMHS robotics program. He currently serves as the captain of the MMHS Competitive Vex Robotic Team and has served as mentor in robotics and STEM education for younger students. Nathan is a five-time champion in the Vex Robotics Tournaments, and has helped create a thriving program at MMHS. He is currently aspiring to qualify for the Vex Robotics World Championships. Nathan is also a Rensselaer Polytechnic Institute Medalist.

In addition to school activities, Nathan is very involved in the local Mashpee and Cape Cod community. He has earned the rank of Eagle Scout and is the Senior Patrol Leader for the Boy Scout Troop 36 of Mashpee. He has led many meetings and trips and has always made time to give back to his community.

(Tel.) 508-539-1500 (Fax) 508-477-5805 150A Old Barnstable Rd, Mashpee MA 02649 www.mpspk12.org

All students, regardless of race, color, sex, gender identity, religion, national origin, sexual orientation, disability, or homelessness, have equal access to the general education program and to the full range of co-curricular/enrichment/sports programs offered by the Mashpee Public Schools.

Nathan has also taken advantage of the many professional opportunities around the Cape. He has been an intern at Woods Hole Oceanographic Institute where he worked with a team to measure properties of light propagation through water. Through this internship experience, Nathan has been able to work with professional engineers and his time at WHOI was highlighted by his contribution by designing and programming a system to interface with oceanographic sensors and provide a live data stream.

2.

Nathan plans to attend a 4 year college or university where he will pursue a Bachelors' Degree in Engineering with his ultimate goal being to attain a Master's Degree in Electrical Engineering to prepare him for a career in Sustainable Technology and Innovation. Nathan has applied to the Massachusetts Institute of Technology, Harvard, Cornell, Northeastern, and Boston University among others.

We are so very proud of and grateful for Nathan and all that he has accomplished and contributed to our Mashpee Middle/High School Community. Congratulations to Nathan and his family for this outstanding achievement and recognition!

Very respectfully,

Mark Balestracci, Principal

Budget Message

Dear Mashpee Community,

#WeAreMashpee is the hashtag of the Mashpee Public Schools, a school district that is outstanding because of our amazing students, our skilled and dedicated staff, the wide range of academic, co-curricular, and athletic opportunities we provide, our well-maintained facilities, the resources we have available for teaching and learning, and our connected community. We support each other--we are one Mashpee. On a daily basis we experience why "It's great to be in Mashpee."

Educating our future leaders in today's ever-changing world is an enormous responsibility that our school leaders and staff embrace. Ensuring student safety, focusing on the health and wellness of every student, providing each student with the knowledge and skills to meet and exceed academic expectations, and modeling respect and empathy are commitments we make every day to our students and their families. Be assured that the Mashpee Public Schools are setting an example of how collaboration, inclusion, and the pursuit of excellence can be combined to create the very best outcomes for our children. We are working hard to ensure that every Mashpee graduate possesses the important competencies described in our "Portrait of a Graduate."

Presented herewith is the FY 2022 Mashpee Public Schools' budget totaling \$24,067,300. Using an offset of \$538,865 from School Choice Program funds, the Town of Mashpee appropriation is \$23,528,435--a 3.29% increase over last year's appropriation. Also, included in the FY 2022 budget is \$131,000 of technology capital requests. If the Town of Mashpee approves the capital requests, this amount will be removed from the budget, reducing the Town of Mashpee appropriation to \$23,397,435--a 2.72% increase over last year's appropriation. This budget represents the culmination of work that began in March, 2020, involving members of the Mashpee Public Schools' leadership team. The budget process is a collaborative effort developed through a wide range of input including educators, department heads, principals, and the central office leadership team. Please note that our FY 2022 budget assumes Mashpee Public Schools will be operating without COVID-19. If this is not the case, additional funds will be needed for PPE and for personnel (six teachers, one paraprofessional, and one long-term nurse substitute). The projected cost of this personnel in FY 22 is \$368,000.

Through the continual assessment of student needs, as well as the review of our programs, resources are allocated to provide students with an education that ensures academic excellence, as well as supports for their social and emotional well-being, in a culture of caring and respectful relationships, as outlined in the District's mission/vision statement.

This FY 2022 budget narrative provides a broad view of how the Town's resources are budgeted to align with the School Committee's goals, the District's Blueprint for Progress strategic plan, and budget guidelines.

Superintendent Patricia DeBoer

Budget Development/Calendar**Budget Process**

The School Committee develops its annual goals, budget guidelines, and budget calendar. The budget process is collaborative and public and engages school leaders, Town Manager, Board of Selectmen, Finance Committee, Capital Improvement Committee, school councils, school staff, and the citizens of Mashpee—providing the administration with a roadmap to develop and refine the annual budget. The Mashpee Public Schools' Director of Finance is responsible for coordinating, developing, and monitoring the annual budget process. Budget Guidelines

In order to provide for the educational needs of Mashpee students, the Superintendent will develop a fiscally responsible FY 2022 budget that:

1. Ensures that all legal and contractual mandates will be met.
2. Includes sufficient operating and capital funds to:
 - Provide the current level of educational services to all Mashpee students.
 - Moves the district forward in meeting the increasing demands for technology and technology services in all of our educational settings
 - Updates curriculum
 - Addresses the increasing social/emotional needs of our students--staffing and programming
3. Maintains a \$250,000 floor in School Choice Program funds
4. Assumes MPS will be operating without COVID-19 in SY 2021-2022. If we are still facing COVID-19 there will be a need for an additional salary request of \$368,000 and funding for PPE.

Superintendent DeBoer's Proposed FY 2022 School Budget Summary

76'

In accordance with the Mashpee Charter, a summary of the proposed school budget is to be published in a local newspaper.

Superintendent's FY 2022 School Budget Proposal

The preliminary budget is based on the information that is currently available. There are significant unknowns at this time during the fiscal year, not limited to:

- Impact of COVID-19 on the 2021-2022 school year.
- Information on federal, state, and local revenues is not yet available.
- The projected needs of special education students for next year are difficult to predict with some degree of accuracy until late spring.

General Summary of the Superintendent's Proposed FY 2022 School Budget

The budget for Fiscal Year 2022, or FY 22, covers the period of July 1, 2021, through June 30, 2022. The superintendent's budget request to the Town includes the use of School Choice Program funds, the amount thereof as recommended by the superintendent.

- School Choice Program funds are funds received by the district for non-resident students who attend Mashpee Public Schools. These funds are variable, and the district's participation in this program and the determination of the number of school choice seats requires annual School Committee approval.
- This budget enables us to meet the educational needs of our current students, with limited, if any, capital, technical, or program improvements.
- The superintendent's recommended FY 22 budget (Total Salaries) reflects known contractual salary increases for Unit A, Unit B and Unit C and estimated salary increases for non-union employees.

Salaries include all employees: teachers, counselors, nurses, therapists (speech, occupational, physical), psychologists, coaches, club advisors, administrative assistants, paraprofessionals, administrators, and substitutes. The expense side of the budget includes instructional materials, school supplies, library books, textbooks, technology, transportation, professional development, and legal costs.

SEXUAL HARASSMENT

82.

Sexual harassment of students by other students, employees, vendors and other 3rd parties will not be tolerated in the Mashpee Public Schools. The alleged harassment must involve conduct that occurred within the school's own program or activity, such as whether the harassment occurred at a location or under circumstances where the school owned, or substantially controlled the premises, exercised oversight, supervision or discipline over the location or participants, or funded, sponsored, promoted or endorsed the event where the alleged harassment occurred, against a person in the United States. This policy is in effect while students are on school grounds, School District property or property within the jurisdiction of the School District, school buses, or attending or engaging in school sponsored activities.

~~Harassment prohibited by the District includes, but is not limited to, harassment on the basis of race, sex, gender identity, creed, color, national origin, sexual orientation, religion, marital status or disability.~~ Students whose behavior is found to be in violation of this policy will be subject to disciplinary action up to and including suspension or expulsion pursuant to disciplinary codes. Employees who have been found to violate this policy will be subject to discipline up to and including, termination of employment, subject to contractual disciplinary obligations.

Sexual harassment is unwelcome conduct of a sexual nature. The definition includes unwelcome conduct on the basis of sex that is so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the school's education program or activity it also, includes unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment includes conduct by an employee conditioning an educational benefit or service upon a person's participation in unwelcome sexual conduct, often called quid pro quo harassment and, sexual assault as the Federal Clery Act defines that crime. Sexual violence is a form of sexual harassment. Sexual violence, as the Office of Civil Rights (OCR) uses the term, refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent (e.g., due to the student's age or use of drugs or alcohol, or because an intellectual or other disability prevents the student from having the capacity to give consent). A number of different acts fall into the category of sexual violence, including rape, sexual assault, sexual battery, sexual abuse and sexual coercion.

~~**Employee to Student Harassment** means conduct of a written, verbal or physical nature that is designed to embarrass, distress, agitate, disturb or trouble students when:~~

¶

- ~~• Submission to such conduct is made either explicitly or implicitly a term or condition of a student's education or of a student's participation in school programs or activities; or~~
- ~~• Submission to or rejection of such conduct by a student is used as the basis for decisions affecting the student.~~

¶

~~**Student to Student Harassment** means conduct of a written, verbal, or physical nature that is designed to embarrass, distress, agitate, disturb or trouble students, when:~~

¶

- ~~• Such conduct has the purpose or effect of unreasonably interfering with a student's performance or creating an intimidating or hostile learning environment.~~

Sexual Harassment as described above may include, but is not limited to:

- Written, verbal, or physical (including texting, blogging, or other technological methods) harassment or abuse;
- Repeated remarks of a demeaning nature;
- Implied or explicit threats concerning one's grades, achievements, or other school matter.
- Demeaning jokes, stories, or activities directed at the student.

While it is not possible to list all those additional circumstances that may constitute sexual harassment, the following are some examples of conduct, which if unwelcome, may constitute sexual harassment, depending on the totality of the circumstances, including the severity of the conduct and its pervasiveness:

- Unwelcome sexual advances—whether they involve physical touching or not;
- Sexual epithets, jokes, written or oral references to sexual conduct, gossip regarding one's sex life; comment on an individual's body, comment about an individual's sexual activity, deficiencies, or prowess;
- Displaying sexually suggestive objects, pictures, cartoons;
- Unwelcome leering, whistling, brushing against the body, sexual gestures, suggestive or insulting comments;
- Inquiries into one's sexual experiences; and,
- Discussion of one's sexual activities.

The legal definition of sexual harassment is broad and in addition to the above examples, other sexually oriented conduct, whether it is intended or not, that is unwelcome and has the effect of creating an environment that is hostile, offensive, intimidating, to male, female, or gender non-conforming students or employees may also constitute sexual harassment.

By law, what constitutes harassment is determined from the perspective of a reasonable person with the characteristic on which the harassment is based. Individuals should consider how their words and actions might reasonably be viewed by others.

The District will promptly address and reasonably investigate allegations of harassment when there is a formal complaint through designation of Title IX Coordinator or building based employees, who may include principals or their designees. The superintendent will recommend, in consultation with the principals, opportunities to the designated recipients for appropriate training.

~~Sexual harassment is unwelcome conduct of a sexual nature. The definition includes unwelcome conduct on the basis of sex that is so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the school's education program or activity it also, includes unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment includes conduct by an employee conditioning an educational benefit or service upon a person's participation in unwelcome sexual conduct, often called quid pro quo harassment and, sexual assault as the Federal Clery Act defines that crime. Sexual violence is a form of sexual harassment. A number of different acts fall into the category of sexual violence, including rape, sexual assault, sexual battery, sexual abuse and sexual coercion. Massachusetts General Laws Ch. 119, Section 51 A, requires that public schools report cases of~~

suspected child abuse, immediately orally and file a report within 48 hours detailing the suspected abuse to the Department of Children and Families. For the category of sexual violence, in addition to Section 51A referrals these offences and any other serious matters shall be referred to local law enforcement. Schools must treat seriously all reports of sexual harassment that meet the definition of sexual harassment and the conditions of actual notice and jurisdiction as noted above. Holding a school liable under Title IX can occur only when the school knows of sexual harassment allegations and responds in a way that is deliberately indifferent (clearly unreasonable in light of known circumstance).

~~While it is not possible to list all those additional circumstances that may constitute sexual harassment, the following are some examples of conduct, which if unwelcome, may constitute sexual harassment, depending on the totality of the circumstances, including the severity of the conduct and its pervasiveness.¶~~

~~¶~~

- ~~• Unwelcome sexual advances whether they involve physical touching or not;¶~~
- ~~• Sexual epithets, jokes, written or oral references to sexual conduct, gossip regarding one's sex life, comment on an individual's body, comment about an individual's sexual activity, deficiencies, or prowess;¶~~

- ~~• Unwelcome leering, whistling, brushing against the body, sexual gestures, suggestive or insulting comments;¶~~
- ~~• Inquiries into one's sexual experiences; and,¶~~
- ~~• Discussion of one's sexual activities.¶~~

~~¶~~

~~The legal definition of sexual harassment is broad and in addition to the above examples, other sexually oriented conduct, whether it is intended or not, that is unwelcome and has the effect of creating an environment that is hostile, offensive, intimidating, to male, female, or gender non conforming students or employees may also constitute sexual harassment.¶~~

Because the District takes allegations of harassment, including sexual harassment, seriously, we will respond promptly to complaints of harassment including sexual harassment, and following an investigation where it is determined that such inappropriate conduct has occurred, we will act promptly to eliminate the conduct and impose corrective action as is necessary, including disciplinary action where appropriate.

Please note that while this policy sets forth our goals of promoting an environment that is free of harassment including sexual harassment, the policy is not designed or intended to limit our authority to discipline or take remedial action for conduct which we deem unacceptable, regardless of whether that conduct satisfies the definition of harassment or sexual harassment.

Retaliation against a complainant, because they have filed a harassment or sexual harassment complaint or assisted or participated in a harassment or sexual harassment investigation or proceeding, is also prohibited. A student or employee who is found to have retaliated against another in violation of this policy will be subject to disciplinary action up to and including student suspension and expulsion or employee termination.

An individual who reports sexual harassment ~~The complainant~~ does not have to be the person at whom the unwelcome sexual conduct is directed. **Any person** ~~The complainant~~, regardless of gender, may be a witness to and personally offended by such conduct.

NOTICE OF SEXUAL HARASSMENT

The regulations require a school district to respond when the district has actual notice of sexual harassment. School districts have actual notice when an allegation is made known to any school employee. Schools must treat seriously all reports of sexual harassment that meet the definition of harassment and the conditions of actual notice and jurisdiction as noted whether or not the complainant files a formal complaint. Holding a school liable under Title IX can occur only when the school knows of sexual harassment allegations and responds in a way that is deliberately indifferent (clearly unreasonable in light of known circumstances). Schools are required to investigate every formal complaint and respond meaningfully to every known report of sexual harassment.

The regulation highlights the importance of supportive measures designed to preserve or restore access to the school's education program or activity, with or without a formal complaint. Where there has been a finding of responsibility, the regulation would require remedies designed to restore or preserve access to the school's education program or activity.

DUE PROCESS PROTECTIONS

Due process protections include the following:

- 1) A presumption of innocence throughout the grievance process, with the burden of proof on the school;
- 2) A prohibition of the single investigator model, instead requiring a decision-maker separate from the Title IX Coordinator or investigator;
- 3) The District will be utilizing clear and convincing evidence or preponderance of the evidence as the standard for investigations, subject to limitations;
- 4) The opportunity to test the credibility of parties and witnesses through written questions cross-examination, subject to "rape shield" protections and other legal privileges;
- 5) Written notice of allegations and an equal opportunity to review the evidence;
- 6) Title IX Coordinators, investigators, and decision-makers must be free from bias or conflict of interest;
- 7) Equal opportunity for parties to appeal, where schools offer appeals;
- 8) Upon filing a formal complaint the school must give written notice to the parties containing sufficient details to permit a party to prepare for any initial interview and proceed with a factual investigation. ~~For K-12 schools a hearing is optional but the parties must be allowed to submit written questions to challenge each other's credibility before the decision maker makes a determination.~~ After the investigation, a written determination must be sent to both parties explaining each allegation, whether the respondent is responsible or not responsible, including the facts and evidence on which the conclusion was based by applying either the preponderance of the evidence or the clear and convincing standard; however, a school can use the lower preponderance standards only if it uses that standard for conduct code violations that do not involve sexual harassment but carry the same maximum disciplinary sanction. As long as the process is voluntary for all parties, after being fully informed and written consent is provided by both parties, a school may facilitate informal resolution of a sexual complaint.

~~A district may establish an informal investigation process that may, upon the request of the complainant be followed by a formal process.~~

86'

The Committee authorizes the Superintendent to create detailed procedures to investigate and address complaints of sexual harassment. The Superintendent in consultation with the Title IX Coordinator shall designate the principal of each school in the district, or their designee (or some other appropriate employee(s)) as the initial entity to receive the sexual harassment complaint. Also, in a matter of sexual harassment, the district shall require that the Title IX Coordinator be informed, as soon as possible, of the filing of the complaint. Nothing in this policy shall prevent any person from reporting the prohibited conduct to someone other than those above designated complaint recipients. The District investigating officer may receive the complaint orally or in writing, and the investigation shall be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances and in compliance with applicable law. The investigation will be prompt, thorough, and impartial, and will include, at least, a private interview with the person filing the complaint and with witnesses. Also, the alleged harasser will be interviewed. When the investigation is completed, the District will send written findings to both the complainant and respondent. ~~complaint recipient will, to the extent appropriate, inform the person filing the complaint and the person alleged to have committed the conduct of the results of that investigation.~~

RECORD KEEPING REQUIREMENTS

Schools must create and maintain records documenting every Title IX sexual harassment ~~allegation~~ complaint. This could include mediation, restorative justice, or other models of alternative dispute resolution. Schools must keep records regarding the school's response to every report of sexual harassment of which it becomes aware even if no formal complaint was filed, including documentation of supportive matters offered and implemented for the complainant.

This policy, or a summary thereof that contain the essential policy elements shall be distributed by the (Name of District) School District to its students and employees and each parent or guardian shall sign that they have received and understand the policy.

**MASHPEE PUBLIC SCHOOLS
TITLE IX POLICY**

Definitions

In the employment context, sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature constitute sexual harassment under Massachusetts law when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's advancement (quid pro quo harassment);
- Submission to or rejection of such conduct by an individual is used as the basis for employment decisions;
- Such conduct interferes with an individual's job duties; or
- The conduct creates an intimidating, hostile or offensive work environment.

In the educational context, sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

- An employee of the recipient conditioning the provision of an aid, benefit, or service of the recipient on an individual's participation in unwelcome sexual conduct ("quid pro quo harassment");
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity ("hostile environment harassment"); or
- "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30)

The District will promptly investigate all allegations of sexual harassment of which it has actual knowledge and which are alleged to occur in the school's programs and activities, including locations, events, and/ or circumstances in which the school district exercises substantial control, in a way that is not deliberately indifferent.

The following additional definitions apply:

"Actual knowledge" means notice of sexual harassment or allegations of sexual harassment to any employee of the district, except that this standard is not met when the only official of the district with actual knowledge is the respondent (where the respondent is an employee).

Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. Complaints will be addressed whenever the district has actual knowledge of the allegation.

"Administrative leave" means placing an employee on leave pursuant to state law. Nothing in the Title IX regulations precludes a recipient from placing a non-student employee respondent on administrative leave during the pendency of a grievance process, provided that Massachusetts laws are followed.

89.
“Consent” means cooperation in act or attitude pursuant to an exercise of free will of a conscious person with informed knowledge of the nature of the act or actions. A current or previous relationship shall not be sufficient to constitute consent. Consent will not be found when submission to the act or actions is undertaken due the influence of fear, fraud, forcible compulsion, threats, and/ or the complainant possessed any legal incapacity to consent at the time of the act or actions. Consent is a defense to all types of sexual harassment.

“Complainant” means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Deliberate indifference” means a response to sexual harassment that is clearly unreasonable in light of the known circumstances.

“Emergency removal” means the suspension or expulsion of a student on an emergency basis, consistent with state law. Nothing in the Title IX regulations precludes a district from removing a respondent from the district’s education program or activity on an emergency basis, provided that the district follows all procedures under Massachusetts law, undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

Formal complaint means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment and requesting that the district investigate the allegation of sexual harassment.

“Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Supportive measures” means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the recipient’s education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the recipient’s educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the recipient to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures

Complaints and Reports of Sexual Harassment

Upon receiving actual notice of alleged sexual harassment without a formal complaint, staff members must notify the Title IX Coordinator. The Title IX Coordinator must then contact the

complainant within two school days of receiving the complaint and do the following:

- Discuss and offer supportive measures;
- Consider the complainant's wishes with respect to supportive measures;
- Explain that supportive measures may be received with or without filing a formal complaint;
- Determine whether the complainant wishes to file a formal complaint; and
- Explain to the complainant the purpose of filing a formal complaint.

90.

The Title IX Coordinator must document in writing the supportive measures offered/provided or why no supportive measures were offered/provided. Complainant and respondents must be offered supportive measures even if they do not file a formal complaint.

If the complainant declines to file a formal complaint, the Title IX Coordinator must consider whether to sign a formal complaint and start an investigation despite the complainant's preferences. This decision may be appropriate when safety or similar concerns lead the district to conclude that a non-deliberately indifferent response to actual knowledge of Title IX sexual harassment could reasonably require the school district to investigate and potentially sanction a respondent. A Title IX Coordinator's decision to override the complainant's decision not to file a formal complaint must be documented in writing along with an explanation of why this decision was necessary in order to avoid deliberate indifference.

Formal complaints may also be filed directly with the Title IX Coordinator by a complainant in person, by mail, by email, or by telephone at any time, including during non-business hours. The contact information for the Title IX Coordinator is:

Hope Hanscom- email: hhanscom@mpspk12.org telephone: 508-539-1500 x4225

The complaint may be written by the complainant, or it will be reduced to writing by either the school employee who receives the complaint, the building Principal, or the Title IX Coordinator. Whether the complaint is reduced to writing by a student, parent, or staff member, the written complaint should include the name of the complainant, the name of the alleged victim (if different), the name of the respondent, the location of the school/department where the alleged discriminatory action occurred, the basis for the complaint, witnesses (if any), and the corrective action the complainant is seeking. This information will be made on or transferred to a discrimination/ harassment complaint form maintained by the District.

There is no time limit or statute of limitation on timing to file a formal complaint. However, at the time of filing a formal complaint, an alleged victim must be participating or attempting to participate in a program or activity of the school district. Additionally, the district has discretion to dismiss a formal complaint where the passage of time would result in the district's inability to gather evidence sufficient to reach a determination regarding responsibility, or when the district loses responsibility for the respondent (e.g., the respondent no longer attends or is employed by the district).

If the conduct alleged in the formal complaint would not constitute sexual harassment as defined

in this policy even if proved, did not occur in the school district's education program or activity, or did not occur against a person in the United States, then the school district must dismiss the formal complaint under these procedures, but could investigate it under other policies and procedures. The school district must send written notice of any dismissal.

911

Investigations to allegations of sexual harassment will be prompt and the formal process will be completed within a sixty day timeframe where feasible. There may be a temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

Written Notice

Before any investigation can begin, the district must send written notice to both parties including sufficient details. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known. The written notice must include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process. The written notice must inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence. The written notice must inform the parties that the District's code of conduct prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If additional allegations are added during the course of the investigation, additional written notice must be provided.

Informal Resolution

Where appropriate, after notice has been issued, the Title IX Coordinator should also consider offering the parties an option for informal resolution (e.g., mediation). Informal resolution may only be offered after a formal complaint is filed, and the parties must give written consent to engage in this process. Informal resolution may not be used if the allegation is against an employee respondent. Facilitators of informal resolution will be designated by the Title IX Coordinator and must not be biased against any of the parties.

Informal resolution is entirely voluntary. Complainants may elect to pursue formal procedures at any step in the process of making their complaint, even if informal resolution has already begun. Similarly, respondents may elect to follow formal procedures and decline informal resolution.

If the complainant and the respondent feel that their grievances have been sufficiently addressed via informal resolution, then no further action needs to be taken. This voluntary conversation must occur within five (5) school days after receiving the complaint of discrimination or harassment, unless both parties agree otherwise. The results of an informal resolution shall be maintained by the facilitator, in writing.

92.
If the complainant is not satisfied with the resolution from the informal process, or if he/she does not choose informal resolution, then he/she can begin the formal complaint procedure described below.

Investigation

If informal resolution is not offered to or accepted by the parties, the Title IX Coordinator will designate an investigator and a decision maker, who may not be the same person. The Title IX Coordinator is free to cast himself/ herself in either role, where appropriate.

The investigator must not be biased against any of the parties at the outset of the investigation. The investigator will be responsible for interviewing parties and witnesses, finding facts, and making determinations related to credibility, all of which will go into a written report. The investigator must avoid all questions that are protected by legal privilege, unless the privilege has been waived, and should avoid asking about the complainant's sexual history unless it is directly relevant to prove consent to the conduct at issue or to prove that the conduct was committed by someone other than the respondent.

Prior to completion of the investigative report, the school district will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least 10 days to submit a written response, which the investigator will consider prior to completion of the investigative report.

The investigator must avoid making any final determinations of responsibility for sexual harassment.

Findings should be written in a factual way in an investigative report. Credibility determinations may not be based on an individual's status as complainant, witness, or respondent.

During the investigative process and any further hearings, complainants and respondents have a right to have advisors of their choice participate in all aspects of the proceedings. The district will provide both parties with written notice of investigative interviews, meetings, and hearings, with sufficient time to prepare.

The investigation will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

Findings of Responsibility

After the investigator has completed the investigation, the designated decision-maker will be assigned to determine final responsibility or lack thereof for violating Title IX. The decision-maker must not be biased against any of the parties at the outset of this process.

93 -
Before the district can determine responsibility, an investigative report will be sent to the parties and the decision-maker will offer both the complainant and respondent the opportunity to submit proposed relevant, written questions to ask of any party or witness, to respond to questions posed by another party, and to offer additional limited follow-up. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

After this process is complete, the decision-maker will create a written determination regarding whether sexual harassment has occurred using a preponderance of the evidence standard.

A "preponderance of the evidence" means that it is more likely than not that the alleged conduct occurred. The decision-maker shall further recommend what action, if any, is required. If it is determined that sexual harassment occurred, the District will take steps to prevent the recurrence of the harassment and correct its discriminatory effect on the complainant and others if appropriate.

The written determination must be issued to both parties simultaneously and must include:

- (A) Identification of the allegations potentially constituting sexual harassment;
- (B) A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- (C) Findings of fact supporting the determination;
- (D) Conclusions regarding the application of the recipient's code of conduct to the facts;
- (E) A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the recipient imposes on the respondent, and whether remedies designed to restore or preserve equal access to the recipient's education program or activity will be provided by the recipient to the complainant; and
- (F) The district's procedures and permissible bases for the complainant and respondent to appeal (a copy of, or direct reference to, this policy will suffice).

If there is a finding that sexual harassment occurred, the school district will provide remedies to the complainant designed to restore or preserve equal access to the school district's education program or activity. Such remedies may include supportive measures.

Formal disciplinary actions may be imposed in the event that the preponderance of the evidence indicates a violation of this policy, up to and including expulsion or termination. Any disciplinary action will be in accordance with due process rights under State law and any applicable collective bargaining agreement.

As indicated above, these procedures do not limit the District from removing a student or

employee from a program or activity on an emergency basis based on immediate threats to people's physical health or safety or placing an employee on administrative leave during the pendency of the investigation.

941

Records

A record will be maintained for a period of seven years of any actions, including supportive measures, taken in response to a report or formal complaint of sexual harassment and district staff will document the basis for the district's conclusion that its response was not deliberately indifferent.

Training

The district will ensure that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, receive training on the definition of sexual harassment, the scope of the recipient's education program or activity, how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable, and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.

The district will ensure that decision-makers receive training on any technology to be used in interviews and on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant.

The district also must ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.

Any materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment.

These training materials will be posted on the school district's website.

Appeals

Any party may appeal the decision in writing to the Superintendent within fifteen (15) school days of receipt of the findings of the formal procedure or a dismissal on the following bases:

(A) Procedural irregularity that affected the outcome of the matter;

(B) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and

(C) The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The school district will notify the other party in writing when an appeal is filed and implement

appeal procedures equally for both parties. Both parties will have a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome.

95.

The Superintendent or designee, as a further impartial decision-maker, will review the comprehensiveness and accuracy of the investigation and the conclusions, and issue written findings to both the complainant and respondent within thirty (30) school days of the appeal.

Contact information for the Superintendent:

Referral to Law Enforcement, Other Agencies

Some alleged conduct may constitute both a violation of District policies and criminal activity. The building Principal, coordinator, Superintendent, or designee will refer matters to law enforcement and other agencies as appropriate under the law or District policy, and inform the complainant/ alleged victim of the right to file a criminal complaint.

Retaliation

Complainants and those who participate in the complaint resolution process or who otherwise oppose in a reasonable manner an act or policy believed to constitute discrimination are protected from retaliation by law and District policy. The coordinator or designee will inform all involved individuals that retaliation is prohibited, and that anyone who feels that they have experienced retaliation for filing a complaint or participating in the resolution process should inform the coordinator. The coordinator will investigate reports of retaliation and, where retaliation is found, take separate remedial and disciplinary action.

Title IX Checklist

ACAB-A

After notice of allegation of sexual harassment

97.

Title IX Coordinator will meet with alleged victim and alleged aggressor (when applicable) and discuss supportive measures. Document the conversation(s).

Title IX Coordinator will explain to the alleged victim the process to file a formal complaint. Document the conversation.

Title IX Coordinator will decide whether he or she wants to sign a formal complaint if alleged victim does not want to go forward. Title IX Coordinator considers safety or other concerns when making the decision. If the Title IX Coordinator is overriding the determination, document that decision.

If alleged victim or Title IX Coordinator files a formal complaint

Title IX Coordinator can dismiss complaints that do not constitute sexual harassment, did not occur in a school program or where given the passage of time, it would be impossible to investigate. Title IX Coordinator would send written notice.

If not dismissed, Title IX Coordinator assigns an investigator and decision-maker.

Written notice is sent to the alleged victim and alleged aggressor with the identities of the parties, information on the conduct, and the date and location of the alleged incident.

It must also state that the alleged aggressor is presumed innocent and inform the parties of their rights in the process. Parties must also receive written notice of any interviews.

School can offer informal resolution, unless the alleged aggressor is an employee. If parties agree in writing to informal resolution, it can proceed.

If no informal resolution or it is unsuccessful, investigator investigates, reviewing documents and interviewing witnesses.

The investigator must send both the alleged victim and alleged aggressor any documents considered during the investigation to review and respond to. The alleged aggressor and victim have 10 days to review and submit a response.

Investigator writes a factual report, not making any determination of whether there was sexual harassment and sends to both parties.

After the investigator's report

The decision-maker will offer both the alleged victim and alleged aggressor the opportunity to submit relevant written questions for the other party to respond to and limited follow up.

Decision-maker sends a written letter of finding to both parties about whether there was sexual harassment.

If there is a finding of sexual harassment, district would offer remedies to the victim and now can discipline the aggressor, according to the collective bargaining agreement or state discipline laws.

98-

Appeal

Either party may appeal if there is a procedural error or new evidence or a conflict of interest.

If there is an appeal, the other party will receive notice.

Both parties will have an opportunity to provide a written statement.

There will be a written decision on the appeal.

GENERAL HARASSMENT POLICY

99.

Harassment Based on Race, Color, Religion, Gender, Gender Identity or Expression, Sexual Orientation, National Origin, Ethnicity, Ancestry, Age, Genetic Information, Pregnancy or Pregnancy-Related Medical Condition, Disability or Handicap, Veteran or Military Status

It is the goal of the District to provide a workplace and learning environment that promote equal opportunities and prohibit discriminatory practices, including harassment on the basis of race, color, gender, gender identity or expression, religious creed, national origin and ethnicity, sexual orientation, ancestry, age, genetic information, pregnancy or pregnancy-related medical condition, disability, handicap, veteran status, or military status. Such harassment, whether verbal, physical, or in any other form, is unlawful and will not be tolerated by the District.

Further, any retaliation against an individual who has complained about these types of harassment, or retaliation against individuals for cooperating with an investigation of a harassment complaint, is similarly unlawful and will not be tolerated by the District.

To achieve our goal of providing an environment free from such harassment, the conduct that is described in this policy will not be tolerated and a procedure is in place by which inappropriate conduct will be dealt with, if encountered by employees or students. Harassment by administrators, certified and support personnel, students, vendors, and other individuals at school or at school-sponsored events is unlawful and is strictly prohibited. In addition, the Mashpee Public Schools prohibits bullying and other forms of intimidation among students and employees, regardless of the reason for such conduct (See Mashpee Bullying Prevention Policy JICFB). The Mashpee Public Schools requires all employees, students, and other members of the school community to conduct themselves in an appropriate manner with respect for their fellow employees, students, and all members of the school community.

Please note that while this policy sets forth the District's goals of providing a workplace and learning environment that is free of harassment, the policy is not designed or intended to limit the District's authority to discipline or take remedial action for conduct which the District deems unacceptable, regardless of whether that conduct satisfies the definition of harassment.

Forms of harassment covered by this policy may include, but are not limited to, the following where based on race, color, gender, gender identity or expression, religious creed, national origin or ethnicity, sexual orientation, ancestry, age, genetic information, pregnancy or pregnancy-related medical condition, disability, handicap, veteran status, or military status:

- Verbal harassment; e.g., suggestive, insulting or derogatory comments, epithets, innuendoes, sounds, jokes, teasing, slurs or threats;
- Physical harassment; e.g., assault, impeding or blocking movement, or any unwanted physical contact or interference with normal work or movement, including touching, pinching, brushing the body, sexual contact or assault;
- Nonverbal harassment; e.g., derogatory posters, cartoons, suggestive objects, pictures, letters or drawings; also such actions as leering, whistling, obscene gestures, or any other negative and/or differentiating action.

Complaints of Harassment

If you believe that you may have been harassed, or if you witness or learn about the harassment of another individual, you should inform the Principal or his/her designee as soon as possible. If you do not wish to discuss the issue with him/her, or if he/she does not address the problem in an effective manner, you should

inform the Assistant Superintendent. The office is located at 150A Old Barnstable Road, Mashpee, MA. The telephone number is 508-539-1500.

100.

Harassment Investigation

When we receive the complaint, we will promptly investigate the allegation in a fair and expeditious manner. The investigation will be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances. Our investigation will typically include a private interview with the person filing the complaint and with witnesses. We will typically also interview the person alleged to have committed harassment. When we have completed our investigation, we will, to the extent appropriate, inform the person filing the complaint and the person alleged to have committed the conduct of the results of that investigation.

If it is determined that inappropriate conduct has occurred, we will act promptly to eliminate the offending conduct, and where it is appropriate, we will also impose disciplinary action.

Disciplinary Action

If it is determined that inappropriate conduct has been committed by an employee or student, we will take such action as is appropriate under the circumstances.

State and Federal Remedies

In addition to the above, if you believe you have been subjected to harassment, you may file a formal complaint with one of the government agencies set forth below. Using our complaint process does not prohibit you from filing a complaint with these agencies. The EEOC and the MCAD has a short time period for filing a claim (300 days).

I. LEADERSHIP

Statement of Purpose:

The Mashpee Public Schools expects that all members of the school community will treat each other in a civil manner and with respect for differences. 104.

The Mashpee Public Schools is committed to providing all students with a safe learning environment that is free from bullying and cyberbullying. This commitment is an integral part of our comprehensive efforts to promote learning, and to prevent and eliminate all forms of bullying and other harmful and disruptive behavior that can impede the learning process.

The Mashpee Public Schools recognizes that certain students may be more vulnerable to become a target of bullying, harassment, or teasing based on actual or perceived characteristics, including race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender identity or expression, physical appearance, pregnant or parenting status, sexual orientation, mental, physical, developmental or sensory disability, or by association with a person who has or is perceived to have one or more of these characteristics. The Mashpee Public Schools will take specific steps to create a safe, supportive environment for vulnerable populations in the school community, and provide all students with the skills, knowledge, and strategies to prevent or respond to bullying, harassment, or teasing.

The Mashpee Public Schools will not tolerate any unlawful or disruptive behavior, including any form of bullying, cyberbullying, or retaliation, in our school buildings, on school grounds, or in school-related activities. We will investigate promptly all reports and complaints of bullying, cyberbullying, and retaliation, and take prompt action to end that behavior and restore the target's sense of safety. We will support this commitment in all aspects of our school community, including curricula, instructional programs, staff development, extracurricular activities, and parent or guardian involvement.

The Bullying Prevention and Intervention Plan ("Plan") is a comprehensive approach to addressing bullying and cyberbullying, and the district is committed to working with students, staff, families, law enforcement agencies, and the community to prevent issues of violence. In consultation with these constituencies, we have established this Plan for preventing, intervening, and responding to incidents of bullying, cyberbullying, and retaliation. The Principals are responsible for the implementation and oversight of the Plan at their respective buildings, except when a reported bullying incident involves the principal or the assistant principal/dean as the alleged aggressor. In such cases, the Superintendent or designee shall be responsible for investigating the report, and other steps necessary to implement the Plan, including addressing the safety of the alleged victim. If the Superintendent is the alleged aggressor, the School Committee, or its designee shall be responsible for investigating the report, and other steps necessary to implement the Plan, including addressing the safety of the alleged victim.

- A. Public involvement in developing the Plan. As required by M.G.L. c. 71, § 37O, the Plan will be developed with various constituencies. This involvement will include:

Mashpee Public Schools administrators, faculty and staff; school volunteers; interested community representatives, students, parents, and guardians; and the Mashpee School Committee. A community forum on the development of the original Plan was held on October 19, 2010.

Consultation will include, at a minimum, notice and a public comment period before the Mashpee School Committee adopts the Plan.

- B. Assessing needs and resources.

The Superintendent, along with the Superintendent's designees, with input from administrators, faculty, and families, will:

- Assess the adequacy of current programs
- Review of current policies and procedures;

- Review of available data on the prevalence and characteristics of bullying and behavioral incidents; 165
- Assess available resources including curricula, training programs, and behavioral health services for designing ongoing professional development;
- Review current and relevant articles and research on best methodology to prevent, intervene and address bullying and cyber-bullying;
- Research and review 'field tested' and research-based anti-bullying curricula and instructional guides;
- Develop a resource bank of relevant materials for both parents and students;
- Review the Massachusetts comprehensive Health and Wellness Curriculum Frameworks to provide a working curriculum context for anti-bullying curriculum; and
- Assessments of initial and periodic needs, by surveying students, faculty, staff, parents, guardians on school climate and school safety needs.

C. Planning and oversight.

The building Principals or designee will be responsible for the following tasks under the Plan:

- Receiving reports on bullying;
- Collecting and analyzing school-wide data on bullying to assess the present level of need and to measure improved outcomes;
- Creating a process for recording and tracking incident reports, and for accessing information related to victims and aggressors;
- Implementing the ongoing professional development that is required by the law;
- Identifying support strategies that respond to the needs of victims and aggressors;
- Choosing and implementing, in partnership with central office administrators, the curricula that the school or district will use;
- Amending student and staff handbooks and codes of conduct; and
- Leading the parent or family engagement efforts and drafting parent information materials.

The Director of Technology will be responsible for updating the Acceptable Use Policy. The Asst. Superintendent will be responsible for reviewing and updating biennially, or more frequently if needed.

II. **PROHIBITION AGAINST BULLYING AND RETALIATION**

Acts of bullying, which include cyberbullying, are prohibited:

- (i) on school grounds and property immediately adjacent to school grounds, at a school-sponsored or school-related activity, function, or program whether on or off school grounds, at a school bus stop, on a school bus or other vehicle owned, leased, or used by a school district or school; or through the use of technology or an electronic device owned, leased, or used by a school district or school, and
- (ii) at a location, activity, function, or program that is not school-related including through the use of technology or an electronic device that is not owned, leased, or used by a school district or school, if the acts create a hostile environment at school for the victim or witnesses, infringe on their rights at school, or materially and substantially disrupt the education process or the orderly operation of a school.

Retaliation against a person who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying is also prohibited. As stated in M.G.L. c. 71, § 37O, nothing in this Plan requires the district or school to staff any non-school related activities, functions, or programs.

III. DEFINITIONS

In order to work as collaboratively and as efficaciously as possible, to prevent and intervene on all acts of bullying, it is essential for administrators, faculty, staff, students, parents, guardians, law enforcement agencies, and other interested parties to use common language. The following definitions are provided to facilitate this goal. 106

Aggressor is a student or member of the school staff who engages in bullying, cyberbullying, or retaliation towards a student.

Bullying, as defined in M.G.L. c. 71, § 37O, is the repeated use by one or more students or by a member of a school staff including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity, support staff, or paraprofessional of a written, verbal, or electronic expression or a physical act or gesture or any combination thereof, directed at a victim that:

- i. causes physical or emotional harm to the victim or damage to the victim's property;
- ii. places the victim in reasonable fear of harm to himself or herself or of damage to his or her property;
- iii. creates a hostile environment at school for the victim;
- iv. infringes on the rights of the victim at school; or
- v. materially and substantially disrupts the education process or the orderly operation of a school.

Cyberbullying, is bullying through the use of technology or electronic devices such as telephones, cell phones, computers, and the Internet. It includes, but is not limited to, email, instant messages, text messages, and Internet postings. See M.G.L. c. 71, § 37O for the legal definition of cyberbullying.

Hostile environment, as defined in M.G.L. c. 71, § 37O, is a situation in which bullying causes the school environment to be permeated with intimidation, ridicule, or insult that is sufficiently severe or pervasive to alter the conditions of a student's education.

Retaliation is any form of intimidation, reprisal, or harassment directed against a student who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying.

School Staff includes, but is not limited to, educators, administrators, counselors, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to extracurricular activities, support staff, or paraprofessionals.

Victim is a student against whom bullying, cyberbullying, or retaliation has been perpetrated.

IV. RELATIONSHIP TO OTHER LAWS

Consistent with state and federal laws, and the policies of the school or district, no person shall be discriminated against in admission to a public school of any town or in obtaining the advantages, privilege and courses of study of such public school on account of race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender identity or expression, physical appearance, pregnant or parenting status, sexual orientation, mental, physical, developmental or sensory disability, or by association with a person who has or is perceived to have one or more of these characteristics.. Nothing in the Plan prevents the school or district from taking action to remediate discrimination or harassment based on a person's membership in a legally protected category under local, state, or federal law, or school or district policies.

In addition, nothing in the Plan is designed or intended to limit the authority of the school or district to take disciplinary action or other action under M.G.L. c. 71, §§ 37H or 37H½, other applicable laws, or local school or district policies in response to violent, harmful, or disruptive behavior, regardless of whether the Plan covers the behavior.

V. TRAINING AND PROFESSIONAL DEVELOPMENT

The Mashpee Public Schools will meet the requirements under M.G.L. c. 71, § 37O to provide ongoing professional development for all staff, including but not limited to, educators, administrators, counselors, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to extracurricular activities, support staff, and paraprofessionals.

167.

A. Annual staff training on the Plan.

Annual training for all Mashpee Public Schools faculty and staff on the Plan will include staff duties under the Plan, an overview of the steps that the Principal or designee will follow upon receipt of a report of bullying or retaliation, and an overview of the bullying prevention curricula to be offered at all grades throughout the school. Staff members hired after the start of the school year are required to participate in school-based training during the school year in which they are hired, unless they can demonstrate participation in an acceptable and comparable program within the last year.

B. Ongoing professional development.

The Assistant Superintendent will be responsible for oversight and implementation of the training used throughout the system. The goal of professional development is to establish a common understanding of tools necessary for staff to create a school climate that promotes safety, civil communication, and respect for differences. Professional development will build the skills of staff members to prevent, identify, and respond to bullying. As required by M.G.L. c. 71, § 37O, the content of school-wide and district-wide professional development will be informed by research and will include:

- Developmentally appropriate strategies to prevent bullying;
- Developmentally appropriate strategies for immediate, effective interventions to stop bullying incidents;
- Information regarding the complex interaction and power differential that can take place between and among an aggressor, target, and witnesses to the bullying;
- Research findings on bullying, including information about specific categories of students who have been shown to be particularly at risk for bullying in the school environment;
- Information on the incidence and nature of cyberbullying;
- Internet safety issues as they relate to cyberbullying;
- Promoting and modeling the use of respectful language;
- Fostering an understanding of and respect for diversity and difference;
- Building relationships and communicating with families;
- Constructively managing classroom behaviors;
- Using positive behavioral intervention strategies;
- Applying constructive disciplinary practices;
- Teaching students skills including positive communication, anger management, and empathy for others;
- Engaging students in school or classroom planning and decision-making; and
- Maintaining a safe and caring classroom for all students.

Professional development will also address ways to prevent and respond to bullying or retaliation for students with disabilities that must be considered when developing students' Individualized Education Programs (IEPs). This will include a particular focus on the needs of students with autism or students whose disability affects social skills development.

C. Written notice to staff.

The Mashpee Public Schools will provide all staff with an annual written notice of the Plan by publishing information about it, including sections related to staff duties, in the school or district employee handbook and the code of conduct.

VI. ACCESS TO RESOURCES AND SERVICES

The Assistant Superintendent will be responsible for researching, reviewing and adopting appropriate curriculum and instructional materials for use in the schools. This work will require consultation with other appropriate district and town resources.

The curriculum must be:

- Developmentally appropriate;
- Evidence based – based on research, or field tested; and
- Evaluated for effectiveness.

108

The resources will be evaluated on documented success rate, will be engaging to students and will be in keeping with our core values and philosophies of pedagogy. Curriculum should have creative presentation and should encourage students to find solutions and use critical thinking skills.

A. Identifying resources.

Resources for targets, aggressors, and their families may include, but are not limited to: adopting new curricula, establishing safety planning teams, and identifying other agencies that can provide services.

The Assistant Superintendent will be responsible for creating and posting a bibliography of anti-bullying resources including, but not limited to:

- The Mashpee Public Schools Anti-Bullying Policy (JICFB);
- The Mashpee Public Schools Anti-Bullying Prevention and Intervention Plan;
- Instructional guides and materials;
- Research articles and materials on the prevalence and characteristics of bullying;
- Relevant and useful websites; and
- Community resources and related services.

B. Counseling and other services.

The Mashpee Public Schools has a variety of appropriate resources within the district. The Mashpee Public Schools utilizes adjustment counselors, guidance counselors and school psychologists who assist in developing safety plans for students who have been targets of bullying or retaliation, providing social skills programs to prevent bullying, and offering education and/or intervention services for students exhibiting bullying behaviors. The Mashpee Public Schools utilizes a variety of tools including, but not limited to, behavioral intervention plans, social skills groups, and individually focused curricula. Translators are provided as are translations of materials for Mashpee families as needed.

C. Students with disabilities.

As required by M.G.L. c. 71B, § 3, as amended by Chapter 92 of the Acts of 2010, when the IEP Team determines the student has a disability that affects social skills development or the student may participate in or the student is vulnerable to bullying, harassment, or teasing because of his/her disability, the Team will consider what should be included in the IEP to develop the student's skills and proficiencies to avoid and respond to bullying, harassment, or teasing. All special education Administrators and faculty members receive training on this requirement.

D. Referral to outside services.

The Mashpee Public Schools has a referral protocol for referring students and families to access appropriate services. Referrals comply with relevant laws and policies. Current local referral protocols are annually evaluated to assess their relevance to the Plan, and revised as needed.

VII. ACADEMIC AND NON-ACADEMIC ACTIVITIES

A. Specific bullying prevention approaches.

Bullying prevention curricula will be informed by current research which, among other things, emphasizes the following approaches:

- Using scripts and role plays to develop skills;
- Empowering students to take action by knowing what to do when they witness other students engaged in acts of bullying or retaliation, including seeking adult assistance;
- Helping students understand the dynamics of bullying and cyberbullying, including the underlying power imbalance;
- Emphasizing cybersafety, including safe and appropriate use of electronic communication technologies;
- Enhancing students' skills for engaging in healthy relationships and respectful communications; and
- Engaging students in a safe, supportive school environment that is respectful of diversity and difference.

Initiatives will also teach students about the student-related sections of the Bullying Prevention and Intervention Plan. The Mashpee Public Schools will review the Plan with students by October 1st of each school year.

B. General teaching approaches that support bullying prevention efforts.

The following approaches are integral to establishing a safe and supportive school environment. These underscore the importance of the Mashpee Public Schools bullying intervention and prevention initiatives:

- Setting clear expectations for students and establishing school and classroom routines;
- Creating safe school and classroom environments for all students based on actual or perceived characteristics, including race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender-identity or expression, physical appearance, or sensory, disability, or by association with a person who has or is perceived to have one or more of these characteristics;
- Using appropriate and positive responses and reinforcement, even when students require discipline;
- Using positive behavioral supports;
- Encouraging adults to develop positive relationships with students;
- Modeling, teaching, and rewarding pro-social, healthy, and respectful behaviors;
- Using positive approaches to behavioral health, including collaborative problem-solving, conflict resolution training, teamwork, and positive behavioral supports that aid in social and emotional development;
- Using the internet safely; and
- Supporting students' interest and participation in non-academic and extracurricular activities, particularly in their areas of strength.

VIII. POLICIES AND PROCEDURES FOR REPORTING AND RESPONDING TO BULLYING AND RETALIATION

A. Reporting Potential Bullying or Retaliation.

Reports of potential bullying or retaliation may be made by staff, students, parents or guardians, or others, and may be oral or written. Oral reports made by or to a staff member shall be documented in an age-appropriate manner by the Principal or designee. A school or district staff member is required to report promptly to the Principal or designee any instance of bullying or retaliation the staff member becomes aware of or witnesses. Reports made by students, parents or guardians, or other individuals who are not school or district staff members, may be made anonymously. The Mashpee Public Schools will make a variety of reporting resources available to the school community including an anonymous electronic option.

Use of an Incident Reporting Form is not required as a condition of making a report. The Mashpee Public Schools will: 1) take all reported incidents either verbal or written and will record necessary information to document the information as reported, and 2) will provide information on how to report incidents both on the website and in the handbook for each school.

At the beginning of each school year, the Superintendent will provide the school community, including all staff members, students, and parents or guardians, with written notice of its policies for reporting acts of bullying and retaliation. A description of the reporting procedures and resources, including the name and contact information of the Principal or designee, will be incorporated in student and staff handbooks, on the school or district website, and in information about the Plan that is made available to parents or guardians.

110

1. Reporting by Faculty and Staff

A Faculty or Staff member will report immediately to the Principal or designee when he/she witnesses or becomes aware of conduct that may be bullying or retaliation. The requirement to report to the Principal or designee does not limit the authority of the staff member to respond to behavioral or disciplinary incidents consistent with school or district policies and procedures for behavior management and discipline.

2. Reporting by Students, Parents or Guardians, and Others

The school or district expects students, parents or guardians, and others who witness or become aware of an instance of bullying or retaliation involving a student to report it to the Principal or designee. Reports may be made anonymously, but no disciplinary action will be taken against an alleged aggressor solely on the basis of an anonymous report. Students will be provided practical, safe, private and age-appropriate ways to report and discuss an incident of bullying with a staff member, or with the Principal or designee. The Principal or designee will document all reported incidents.

B. Responding to a report of bullying or retaliation- Allegations of Bullying by a Student

1. Safety

Before fully investigating the allegations of bullying or retaliation, the Principal or designee will take steps to assess the need to restore a sense of safety to the alleged victim and/or to protect the alleged victim from possible further incidents. Responses to promote safety may include, but not be limited to, creating a personal safety plan; pre-determining seating arrangements for the victim and/or the aggressor in the classroom, at lunch, or on the bus; identifying a staff member who will act as a "safe person" for the victim; and altering the aggressor's schedule and access to the victim. The Principal or designee will take additional steps to promote safety during the course of and after the investigation, as necessary for all parties involved.

The Principal or designee will implement appropriate strategies for protecting from bullying or retaliation a student who has reported bullying or retaliation, a student who has witnessed bullying or retaliation, a student who provides information during an investigation, or a student who has reliable information about a reported act of bullying or retaliation.

2. Obligations to Notify Others

- a. Notice to parents or guardians. Upon determining that bullying or retaliation has occurred, the Principal or designee will promptly notify the parents or guardians of the victim and the aggressor of this, and of the procedures for responding to it. There may be circumstances in which the Principal or designee contacts parents or guardians prior to any investigation. Notice will be consistent with state regulations at 603 CMR 49.00.
- b. Notice to another school or district. If the reported incident involves students from more than one school district, charter school, non-public school, approved private special education day or residential school, or collaborative school, the Principal or designee first informed of the incident will promptly notify by telephone the Principal or designee of the other school(s) of the incident so that each school may take appropriate action. All communications will be in accordance with state and federal privacy laws and regulations, and 603 CMR 49.00.
- c. Notice to law enforcement. At any point after receiving a report of bullying or retaliation, including after an investigation, if the Principal or designee has a reasonable basis to believe that criminal charges may be pursued against the aggressor, the Principal will notify the local law enforcement agency. Notice will be consistent with the requirements of 603 CMR 49.00. Also, if an incident occurs on school grounds and

involves a former student under the age of 21 who is no longer enrolled in school, the Principal or designee shall contact the local law enforcement agency if he or she has a reasonable basis to believe that criminal charges may be pursued against the student aggressor.

In making this determination, the Principal will, consistent with the Plan and with applicable school or district policies and procedures, consult with the school resource officer, if any, and other individuals the principal or designee deems appropriate.

///-

C. Investigation.

The Principal or designee will investigate promptly all reports of bullying or retaliation and, in doing so, will consider all available information known, including the nature of the allegation(s) and the ages of the students involved.

During the investigation the Principal or designee will, among other things, interview students, staff, witnesses, parents or guardians, and others as necessary. The Principal or designee (or whoever is conducting the investigation) will remind the alleged student aggressor, victim, and witnesses of the importance of the investigation, their obligation to be truthful, and that retaliation against someone who reports bullying or provides information during a bullying investigation is strictly prohibited and will result in disciplinary action.

The Principal or designee, other staff members as determined by the Principal or designee, and in consultation with the school counselor, may conduct interviews. To the extent practicable, and given his/her obligation to investigate and address the matter, the Principal or designee will maintain confidentiality during the investigative process. The Principal or designee will maintain a written record of the investigation, including the preservation of all email and text communications.

Procedures for investigating reports of bullying and retaliation will be consistent with Mashpee Public Schools policies and procedures for investigations. If necessary, the Principal or designee will, with the consent of the Superintendent, consult with legal counsel about the investigation. (Align this with school or district procedures.)

D. Determinations

The Principal or designee will make a determination based upon all of the facts and circumstances. If, after investigation, bullying or retaliation is substantiated, the Principal or designee will take reasonable steps to prevent recurrence and to ensure that the victim is not restricted in participating in school or in benefiting from school activities. The Principal or designee will: 1) determine what remedial action is required, if any, and 2) determine what responsive actions and/or disciplinary action is necessary.

Depending upon the circumstances, the Principal or designee may choose to consult with the students' teacher(s) and/or counselors, and the victim's or aggressor's parents or guardians, to identify any underlying social or emotional issue(s) that may have contributed to the bullying behavior and to assess the level of need for additional social skills development.

The Principal or designee will promptly notify the parents or guardians of the victim and the aggressor about the results of the investigation and, if bullying or retaliation is found, what action is being taken to prevent further acts of bullying or retaliation. All notice to parents must comply with applicable state and federal privacy laws and regulations. Because of the legal requirements regarding the confidentiality of student records, the Principal or designee cannot report specific information to the victim's parent or guardian about the disciplinary action taken unless it involves a "stay away" order or other directive that the victim must be aware of in order to report violations.

The Principal or designee shall inform the parent or guardian of the victim about the Department of Elementary and Secondary Education's problem resolution system and the process for accessing that system, regardless of the outcome of the bullying determination.

E. Responses to Bullying

1. Teaching appropriate behavior through skills-building

Upon the Principal or designee determining that bullying or retaliation has occurred, the law requires that the school or district use a range of responses that balance the need for accountability with the need to teach appropriate behavior. M.G.L. c. 71, § 37O(d)(v). Skill-building approaches that the Principal or designee may consider include:

112

- Offering individualized skill-building sessions based on the school's/district's anti-bullying curricula;
- Providing relevant educational activities for individual students or groups of students, in consultation with guidance counselors and other appropriate school personnel;
- Implementing a range of academic and nonacademic positive behavioral supports to help students understand pro-social ways to achieve their goals;
- Meeting with parents and guardians to engage parental support and to reinforce the anti-bullying curricula and social skills building activities at home;
- Adopting behavioral plans to include a focus on developing specific social skills; and
- Making a referral for evaluation.

2. Taking disciplinary action

If the Principal or designee decides that disciplinary action is appropriate, the disciplinary action will be determined on the basis of facts found by the Principal or designee, including the nature of the conduct, the age of the student(s) involved, and the need to balance accountability with the teaching of appropriate behavior. Discipline will be consistent with the Plan and with the school's or district's code of conduct.

Discipline procedures for students with disabilities are governed by the federal Individuals with Disabilities Education Improvement Act (IDEA), which should be read in cooperation with state laws regarding student discipline.

If the Principal or designee determines that a student knowingly made a false allegation of bullying or retaliation, that student may be subject to disciplinary action.

3. Promoting safety for the victim and others

The Principal or designee will consider what adjustments, if any, are needed in the school environment to enhance the victim's sense of safety and that of others as well. One strategy that the Principal or designee may use is to increase adult supervision at transition times and in locations where bullying is known to have occurred or is likely to occur.

Within a reasonable period of time following the determination and the ordering of remedial and/or disciplinary action, the Principal or designee will contact the victim to determine whether there has been a recurrence of the prohibited conduct and whether additional supportive measures are needed. If so, the Principal or designee will work with appropriate school staff to implement them immediately.

E. Responding to Allegations of Bullying by School Staff

Upon receipt of a report of alleged bullying of a student by school staff, the principal/designee will be responsible for taking appropriate actions in accordance with this Plan and other applicable district policies and procedures, including providing for the safety of the alleged victim where necessary. If the principal is the alleged aggressor, then the Superintendent/designee shall be responsible for such actions. In the event the Superintendent is the alleged aggressor, the School Committee/designee shall be responsible for such actions.

A staff member who is the subject of a complaint of a serious nature will be informed promptly and will be afforded the opportunity to present the facts as he/she sees them, in accordance with district policies and procedures, including any applicable collective bargaining agreements.

Procedures for investigating reports of bullying and retaliation by staff are consistent with district policies and procedures for investigations of other alleged misconduct by staff. If necessary, the designated school official will consult with legal counsel about such procedures. Investigations may include interviews of staff, students, and others as deemed appropriate. School officials will remind individuals (1) that retaliation is strictly prohibited and will result in disciplinary action and (2) of the importance of being truthful. To the extent practicable, given their obligation to investigate and address the allegations at issue, the school officials will maintain confidentiality during the investigative process.

In the event a designated school official determines that the staff member has engaged in bullying of, or retaliation against a student, the student's parent/guardian will be notified of what action is being taken to prevent further such acts and to restore the student's sense of safety. All notices to parents must comply with applicable state and federal privacy laws and regulations. Because of the legal requirements regarding the confidentiality of personnel records, the school official will not report specific information to the victim's parent or guardian about any disciplinary action taken unless it involves a "stay away" order or other directive that the victim must be aware of in order to report violations.

In the event disciplinary action against an employee is under consideration, appropriate due process will be provided. Any disciplinary action imposed will be based upon facts found by the designated school official and appropriate standards and expectations in light of the employee's role and responsibilities. School officials will develop a method to record confirmed acts of bullying by staff.

IX. PROBLEM RESOLUTION SYSTEM

Any parent or guardian wishing to file a claim/concern or seeking assistance outside of the district may do so with the Department of Elementary and Secondary Education Program Resolution System (PRS). That information can be found at: <https://www.doe.mass.edu/prs/>. Emails can be sent to compliance@doe.mass.edu or individuals can call 781-338-3700. Hard copies of this information are also available at the Superintendent's office.

X. COLLABORATION WITH FAMILIES

A. Parent education and resources.

The Mashpee Public Schools in collaboration with parent associations will offer education programs for parents and guardians that are focused on the parental components of the anti-bullying curricula and any social competency curricula used by the district or school.

B. Notification requirements.

Each year the Mashpee Public Schools will inform parents or guardians of enrolled students about the anti-bullying curricula that are being used. This notice will include information about the dynamics of bullying, including cyberbullying and online safety. The school or district will send parents written notice each year about the student-related sections of the Plan and the school's or district's Internet safety policy. All notices and information made available to parents or guardians will be in hard copy and electronic formats, and will be available in the language(s) most prevalent among parents or guardians. The district will post the Plan and related information on its website.
