Counselor update:

Many thanks to our PTSA who did a fantastic job celebrating our teachers for Teacher Appreciation Week! We are looking forward to holding Thunder Camp this fall for incoming seventh graders (we missed out on that during the pandemic). Mark your calendars for "Thors-day" August 12th.

Principal Points:

We are looking forward to implementing monthly Parent Nights for the 2021-22 school year. Topics will address such things as how to navigate Canvas and the Summit Program, how Thunder Academy works, information about an exciting new pilot program for our school (TutorMe; you can check it out at [Tutorme.com](https://www.tutorme.com)), Social Emotional Learning education, and much more!

Council Business:

If you are interested in volunteer opportunities for the upcoming school year, please contact our new PTSA President, Megan Bunsch. In response to the question posed by a parent "What can we really do to support and help?" Superintendent Newey said, "Be in the schools." Don't underestimate the power of small things to make a big difference!

Watch for coming information about the last two weeks of school! We are on the home stretch!
