

# Getting Started with Lexia PowerUp Literacy: Accelerate Literacy Growth

**Lexia PowerUp Literacy** supports differentiated literacy instruction for struggling and non-proficient readers in grades 6-12. PowerUp helps educators simultaneously address gaps in fundamental literacy skills while helping students build the higher-order skills necessary to comprehend and analyze grade-level texts. The activities in PowerUp focus on developing skills in three important areas: Word Study, Grammar, and Comprehension.

On **April 5th**, all students at your school will have access to Lexia Core5 Reading and/or Lexia PowerUp Literacy. These licenses are being offered as part of Lexia's Back-on-Track initiative offer and will be available through July 31, 2021.

[Click here](#) for a brief 2-minute video introduction to the Lexia PowerUp Literacy.
