1.

Dear Boys of Mashpee Soccer

I can't begin to thank you for giving up your Saturday to help me move from my house to my new apartment. You know your Coach (Coach Langer) always would say to me "what a wonderful group of boys Mashpee Soccer has" and once again you proved him right. I know he had to have been looking down on you and thinking how proud he is of you. I know you miss him as much as I do but know he is always with you & he is thanking you for being so wonderful to his family.

Thank you again for all your help, and if I need anything else moved, I know who to call on.

Widdy Langer

## House Bill 610

This is Federal Legislation filed by Congressman Steven King (R-Iowa)

Here is the Congressional Summary:

### **Introduced in House (01/23/2017)**

#### **Choices in Education Act of 2017**

This bill repeals the Elementary and Secondary Education Act of 1965 and limits the authority of the Department of Education (ED) such that ED is authorized only to award block grants to qualified states.

The bill establishes an education voucher program, through which each state shall distribute block grant funds among local educational agencies (LEAs) based on the number of eligible children within each LEA's geographical area. From these amounts, each LEA shall:

(1) distribute a portion of funds to parents who elect to enroll their child in a private school or to home-school their child, and (2) do so in a manner that ensures that such payments will be used for appropriate educational expenses.

To be eligible to receive a block grant, a state must: (1) comply with education voucher program requirements, and (2) make it lawful for parents of an eligible child to elect to enroll their child in any public or private elementary or secondary school in the state or to home-school their child.

#### *No Hungry Kids Act*

The bill repeals a specified rule that established certain nutrition standards for the national school lunch and breakfast programs. (In general, the rule requires schools to increase the availability of fruits, vegetables, whole grains, and low-fat or fat free milk in school meals; reduce the levels of sodium, saturated fat, and trans fat in school meals; and meet children's nutritional needs within their caloric requirements.)
