Hanford Elementary School District Minutes of the Regular Board Meeting June 9, 2021

Minutes of the Regular Board Meeting of the Hanford Elementary School District Board of Trustees on June 9, 2021 at the District Office Board Room, 714 N. White Street, Hanford, CA.

Call to Order President Garcia called the meeting to order at 5:30 p.m. Trustee Garner, Revious, and Strickland were present. Trustee Hernandez was absent.

HESD Managers Joy C. Gabler, Superintendent, and the following administrators were present: Doug**Present**Carlton, David Endo, Lucy Gomez, Jaime Martinez, Karen McConnell, William Potter,
Jill Rubalcava and Jay Strickland.

Public Hearing:At 5:31 p.m. President Garcia opened the Public Hearing: Hanford ElementaryLCAPSchool District Local Control Accountability Plan (LCAP).

Doug Carlton, Director of Program Development, Assessment & Accountability, presented a PowerPoint presentation. He stated the LPAC consists of three components: the 2019-2020 Annual Update, the 2020-2021 Learning Continuity and Attendance Plan, and the 2021-2022 to 2023-2024 LCAP. The LCAP consist of the district's five goals:

- 1. Students will receive a broad educational program that includes English language arts, mathematics, science, history, visual and performing arts, and physical education.
- 2. All students will make progress toward proficiency on the state adopted standard, and English learners will make progress learning and English language.
- 3. The district will support teachers and staff with professional development, training, and collaboration time.
- 4. Students will learn in a safe, well maintained school where they are supported, engaged, and connected to their school.
- 5. Communication between schools and home will be regular and meaningful.
- 2019-2020 Annual Update: due to the COVID-19 pandemic, the District was forced to close. Doug reviewed how the district succeeded in executing each goal and reviewed the challenges faced for each goal.
- 2020-2021 Learning Continuity and Attendance plan: due to the pandemic, California SB 98 suspended the LCAP for 2020-2021 school year, but the Learning Continuity Plan was required. It was organized around the following areas: in-person instructional offerings, distance learning program, pupil learning loss, metal/social/emotional well-being, pupil/family engagement and outreach and school nutrition. Doug reviewed each area's successes and challenges.
- 2021-2022 to 2023-2024 LCAP: for each of the district's five goals there are a series of outcomes that align with State's Priorities. Doug reviewed the expected outcomes and services for each goal.

Trustee Garner asked if the homeless students are included in the plan or a separate plan. Doug answered they benefit from this plan, but the federal addendum supports our homeless students directly and goes beyond the LCAP. Trustee Garner asked if the funds have increased from the last LCAP. Doug answered it has increased in goal 1 and 4. Trustee Garner thanked Doug and the team for all their hard work.

President Garcia called for questions from the public, and there being none the Public Hearing was closed at 5:49 p.m.

Public Hearing: At 5:49 p.m. President Garcia opened the Public Hearing: 2021-2022 Hanford **District Budget** Elementary School District Budget.

David Endo, Chief Business Official, presented a PowerPoint on the 2021-2022 Budget. He stated our general funds are primarily from average daily attendance (ADA). Since ADA was not tracked for 2020-2021 due to COVID-19, we will receive the 2019-2020's ADA funding. Enrollment is inconsistent and is down by 238 students. A graph showing ADA's trend and its decrease was shared. David reviewed the general fund revenue assumptions and highlighted: 5.07% Local Control Funding Formula (LCFF) COLA, the amount for each grant per grade level, concentration factor increased from 50% to 65%, and a \$4.5 million increase in LCFF revenue. He also reviewed the LCFF calculation and a graph showing 81% of our funding is from LCFF sources. The major components of general fund revenue are: LCFF sources, federal revenues, other state revenues, and local revenues. The general fund expenditure assumptions were reviewed. It showed 83.9% of the budget is salaries and benefits. David then reviewed the general fund comparison for 2020-2021 and 2021-2022 and where funds are budgeted. This year coaches that were placed in classrooms due to the COVID-19 will go back to coaching, READY tutors are increasing, HVAC replacements, Media Services Aids going to fulltime, and 2 additional social workers. He went over the multiyear projection assumptions, multi-year projection for 2021-22 to 2023-24, and the adopted budget showing the district's reserve. The cafeteria fund will go back to normal with a healthy balance moving forward. He finalized by reviewing what we can look forward to.

Due to technical difficulties the smart board restarted and kicked us off ZOOM. We were able to log back in within a few minutes.

President Garcia called for questions from the public, and there being none the Public Hearing was closed at 6:07 p.m.

ITEM: Consider for information the California School Dashboard Local Indicators

PURPOSE: The State Board of Education (SBE) approved standards for the local indicators that support local educational agencies (LEAs) in measuring and reporting their progress within the appropriate priority area. For each local indicator, the performance standards are as follows:

- 1. Annually measure its progress in meeting the requirements of the specific LCFF priority; and
- 2. Report the results as part of a non-consent item at a regularly scheduled public meeting of the local governing board/body in conjunction with the adoption of the LCAP; and
- 3. Report results to the public through the Dashboard utilizing the SBE-adopted selfreflection tools for each local indicator.

An LEA uses the SBE-adopted self-reflection tools to report its progress through the Dashboard. The collection and reflection on locally available information relevant to progress regarding local priority areas will support LEAs in completing the self-reflection tools, reporting in the Dashboard, and in local planning and improvement efforts.

Fiscal Impact:

The Local Indicators are a requirement of LCFF funding.

RECOMMENDATION: Consider for Information the California School Dashboard Local Indicators.

Local Performance Indicator Self-Reflection

Introduction

The State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area. The approved performance standards require a LEA to:

- Annually measure its progress in meeting the requirements of the specific LCFF priority.
- Report the results as part of a non-consent item at a regularly scheduled public meeting of the local governing board/body in conjunction with the adoption of the LCAP.
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

Below are the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

Performance Standards

The performance standards for the local performance indicators are:

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

The LEA annually measures its progress in meeting the Williams settlement requirements at 100% at all of its school sites, as applicable, and promptly addresses any complaints or other deficiencies identified throughout the academic year, as applicable; the LEA then reports the results to its local governing board at a regularly scheduled meeting and to reports to stakeholders and the public through the Dashboard.

Implementation of State Academic Standards (LCFF Priority 2)

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

Parent and Family Engagement (LCFF Priority 3)

The LEA annually measures its progress in: (1) seeking input from parents in decision making and (2) promoting parental participation in programs; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard. 2021-22 Local Performance Indicator Self-Reflection for Hanford Elementary School District Page 1

School Climate (LCFF Priority 6)

The LEA administers a local climate survey at least every other year that provides a valid measure of perceptions of school safety and connectedness, such as the California Healthy Kids Survey, to students in at least one grade within the grade span(s) that the LEA serves (e.g., K-5, 6-8, 9-12), and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to stakeholders and the public through the Dashboard.

Access to a Broad Course of Study (LCFF Priority 7)

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code (EC) for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

Coordination of Services for Expelled Students-County Office of Education (COE) Only (LCFF Priority 9)

The county office of education (COE) annually measures its progress in coordinating instruction as required by California EC Section 48926; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

Coordination of Services for Foster Youth-COE Only (LCFF Priority 10)

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to stakeholders and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to stakeholders and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of misassignments of teachers of ELs, total teacher misassignments, and vacant teacher positions
- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

Teachers	Number	Percent
Misassignments of Teachers of English Learners	4	1.7%
Total Teacher Misassignments	1	0.4%
Vacant Teacher Positions	0	0

Access to Instructional Materials	Number	Percent
Students Without Access to Own Copies of Standards-Aligned Instructional Materials for Use at School and at Home	0	0

Facility Conditions	Number
Identified Instances Where Facilities Do Not Meet The "Good Repair" Standard (Including Deficiencies and Extreme Deficiencies)	0

Recently Adopted Academic Standards and/or Curriculum Frameworks

1. Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.

Parent and Family Engagement (LCFF Priority 3)

This self-reflection tool is organized into three sections. Each section includes promising practices in family engagement:

- 1. Building Relationships between School Staff and Families
- 2. Building Partnerships for Student Outcomes
- 3. Seeking Input for Decision-making

LEAs use this self-reflection tool to reflect on its progress, successes, needs and areas of growth in family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified.

The results of the process should be used to inform the LCAP and the development process, to assess prior year goals, actions and services as well as to plan or modify future goals, actions, and services in the LCAP.

For each statement in the table below -

- 1. Identify the diverse stakeholders that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
- Engage stakeholders in determining what data and information will be considered to complete the selfreflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.

- 3. Based on the analysis of data, identify the number which best indicates the LEA's current stage of ³¹ implementation for each practice using the following rating scale (lowest to highest):
 - 1 Exploration and Research Phase
 - 2 Beginning Development
 - 3 Initial Implementation
 - 4 Full Implementation
 - 5 Full Implementation and Sustainability
- 4. Write a brief response to the prompts following each of the three sections.
- 5. Use the information from the self-reflection process to inform the LCAP and the LCAP development process, as well as the development of other school and district plans.

2.	Rate the LEA's progress in creating welcoming environments for all families in the community.					5
3.	Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.			3		
4.	Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.				4	

Dashboard Narrative Box (Limited to 3,000 characters)

Briefly describe the LEA's current strengths and progress in this area, and identify a focus area for improvement, including how the LEA will improve the engagement of underrepresented families.

The Hanford Elementary School District has done extensive work in building relationships between our schools and families.

- The district, school administration, and individual teachers make extensive use of the district's online communication tools including Remind, Zoom, and Teams to communicate with families.
- The District's (and school site) websites provide information about school operations, our instructional programs, and opportunities for involvement and participation in decision-making.
- The district initiated a Facebook feed as another layer of communication.
- The district surveys parents for feedback and input. The HESD parent survey, conducted prior to the school closures, indicated that parents overwhelmingly satisfied with communication between the school and home and with opportunities to participate in school activities and decision-making.

o 93% of parents indicate that there are adequate opportunities for me to become involved in my child's school. o 95% of parents strongly agree or agree with the statement "I receive information about my child's progress in the classroom.

Area of Focus: Continue to develop and implement the district's online communication tools.

Briefly describe the LEA's current strengths and progress in this area, and identify a focus area for improvement, including how the LEA will improve the engagement of underrepresented families.

The district continues to work to develop partnerships with families to build partnerships for student outcomes. The HESD Parent Survey indicates that:

- 95% of parents strongly agree or agree with the statement, "The Report to Parents helps me to understand what my child is expected to achieve in ELA and math."
- 95% of parents strongly agree or agree with the statement, "I receive information about my child's progress in the classroom."
- 90% of parents strongly agree or agree with the statement, "I have been given suggestions/ideas to use at home to help my child meet grade level standards in ELA and math."
- 95% of parents strongly agree or agree with the statement, "When I have questions about my child's classwork, I can ask for clarification and assistance from my child's school."
- Parent/teacher conferences were attended at a rate of 99.1%.

Area of Focus: Work to "scale up" our system of Parent Academies and Kinder Counts activities to reach more families

Dashboard Narrative Box (Limited to 3,000 characters)

Briefly describe the LEA's current strengths and progress in this area, and identify a focus area for improvement, including how the LEA will improve the engagement of underrepresented families.

The district's Parent Advisory Committee (PAC) and District English Learner Advisory Committee (DELAC) met regularly throughout the school year. School sites elected parent representatives for these committees. The committees met six times during the school year (two training sessions and four regular meetings). The purpose of the PAC is to engage parents in the LCAP review and planning process, to elicit their input into the district's LCAP, and to provide them with the opportunity to voice priorities for their students. The DELAC members review EL student achievement and provide recommendations as to how the district's programs can be improved to increase the achievement of ELs.

Each school site implemented a school site council. The school site council develops and approves the School Plan for Student Achievement.

 95% of parents strongly agree or agree with the statement "I receive adequate information regarding parent meeting/activities such as School Site Council, English Learner Advisory Committee, parent workshops, back to school night, and parent education presentations"

School Climate (LCFF Priority 6)

LEAs will provide a narrative summary of the local administration and analysis of a local climate survey that captures a valid measure of student perceptions of school safety and connectedness in at least one grade within the grade span (e.g., K–5, 6– 8, 9–12) in a text box provided in the California School Dashboard (response limited to 3,000 characters). LEAs will have an opportunity to include differences among student groups, and for surveys that provide an overall score, such as the California Healthy Kids Survey, report the overall score for all students and student groups. This summary may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

- 1. **DATA:** Reflect on the key learnings from the survey results and share what the LEA learned.
- 2. **MEANING:** What do the disaggregated results (if applicable) of the survey and other data collection methods reveal about schools in the LEA, such as areas of strength or growth, challenges, and barriers?
- 3. **USE:** What revisions, decisions, or actions has, or will, the LEA implement in response to the results for continuous improvement purposes? Why? If you have already implemented actions, did you see the results you were seeking?

1. DATA: Reflect on the key learnings from the survey results and share what the LEA learned. Students overwhelmingly support the district's efforts to deliver a broad educational program:

- I think it is important to have physical education activities at my school. (94% of students Agree/Strongly Agree)
- I think it is important to have music at my school. (85.7% Agree/Strongly Agree)
- Participating in music enriches my experience at school. (90.6 Agree/Strongly Agree)
- I think it is important to have art at my school. (90.8% Agree/Strongly Agree)
- Participating in Art motivates me to come to school ever day. (66.3% Agree/Strongly Agree)
- I think it is important to go on study trips with my class. (97% Agree/Strongly Agree)

Students feel safe at school and connected to their school:

- I feel safe at school. (83% Agree/Strongly Agree)
- There is an adult I can talk to if I have a problem at school. (85.1% Agree/Strongly Agree)
- I enjoy learning at my school. (80.5% Agree/Strongly Agree)
- I plan to go to college. (93.38 Agree/Strongly Agree)

Students have some concerns about bullying, but feel that adults at the school are able to prevent most bullying.

- There is a lot of bullying at my school (41.26% Agree/Strongly Agree)
- Teachers, principals, learning directors, student specialists, counselors or other adults are able to prevent bullying at my school. (75.5% Agree/Strongly Agree)

MEANING: What do the disaggregated results (if applicable) of the survey and other data collection methods reveal about schools in the LEA, such as areas of strength or growth, challenges, and barriers?

Students in grades 5 through 8, from all of the district's schools, participated in the survey. There were 2,037 responses. The survey was conducted online. Results are not disaggregated by subgroup. The data show that students overwhelmingly support the district's efforts to deliver a broad educational program and that students feel safe at school and connected to their school. Although students have some concerns about bullying, they feel supported by adults in the school and that adults at the school are able to prevent most bullying.

2. USE: What revisions, decisions, or actions has, or will, the LEA implement in response to the results for continuous improvement purposes? Why? If you have already implemented actions, did you see the results you were seeking?

The district will continue to deliver a broad educational program to its students. The district's stakeholders have provided a mandate that says a good education is focused on reading and math, but is also well-rounded, providing science, history, art, music, and physical education.

The district will continue its efforts to ensure that students learn in a safe, well maintained school where they are

supported, engaged, and connected to their school. The district will continue to provide health and social/emotional support to students with health professionals, counselors, student specialists, learning directors and vice principals, a social worker, and other personnel and non-personnel support.

Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

- 1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)
- 2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)
- 3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)
- 4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters) The following metrics are used to track a broad course of study:

- The number of minutes of physical education instruction
- The number of elementary students who receive art instruction
- The number of junior high students who select art as an elective
- The number of 5th and 6th graders who choose to participate in elementary band
- The number of junior high students who choose band as an elective
- The number of classes participating in academic study trips
- Results from the HESD parent and student surveys indicating parent and student satisfaction with the district's art, music, physical education and academic study trip programs

2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)

One of the greatest successes of the HESD LCAP has been the district's efforts to provide students with a broad educational program. A continuing mandate, reiterated by every stakeholder group in advisory committees, through surveys, and in student focus groups has been that a good education is focused on reading and math, but is also well-rounded, providing science, history, art, music, and physical education. Moreover, a well-rounded education includes opportunities to travel to museums and scientific exhibits, to participate in concerts and sporting events, and to have access to modern technology.

Prior to the onset of the COVID pandemic:

- Junior high and elementary school students received the required number of PE minutes.
- All students in the elementary grades received art instruction. In the junior high schools, 226 students chose art as an elective.

35

- 209 5th graders and 151 6th graders participated in band. 240 junior high students chose band as an elective.
- All elementary and junior high students participated in an academic study trip.
- Students and parents overwhelmingly express support and high levels of satisfaction for the districts' art, music, physical education programs as well as with academic study trips on district surveys.

3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)

Note: The COVID 19 pandemic posed a significant barrier to a broad educational program. It is anticipated that the with the 2021-2022 school year, all students will return to full-day, in-person instruction and the district's programs and services that provide a broad instructional program will resume.

The district's LCAP is designed to reduce/eliminate barriers to a broad educational program. The district's LCAP provides for supplies and materials for art, music, physical education, after school sporting events, and academic study trips. No fees are collected for participation or supplies for any district activity. Students who are unable to obtain musical instruments have them provided by the district.

Nevertheless, some barriers to a broad instructional program include:

- Three art teachers provide art instruction to all elementary students and to junior high students who choose art as an elective. This may limit the quantity of art instruction elementary students receive.
- A lack of museums, zoos, state and national parks in close proximity to the schools in the district mean that travel to major cities such as Los Angeles or San Francisco is often necessary. Long travel times can place strain on students, especially younger children, and school staff.
- While all students received English language arts, mathematics, science, history, visual and performing arts, and physical education, scheduling these activities so that students have choices, all instructional minutes requirements are met, and that there are no conflicts continues to be a challenge.

4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

With the 2021-2022 school year, it is anticipated that all students will return to full-day, in-person instruction. With this return to normal, the district will resume it's programs and services that provide students with a broad educational program. As the COVID pandemic subsides, concerts, sporting events, academic study trips, and art exhibits will resume.

Legal Basis for Triennial Review of the Plan for Expelled Youth

Countywide Plans for Provision of Education Services to Expelled Youth California Education Code (EC) Section 48926 requires county superintendents, in conjunction with superintendents of the school districts within the county, to develop a plan for providing educational services to all expelled pupils in that county. The initial plan was to be adopted by the governing board of each school district within the county and by the county board of education and submitted to the State Superintendent of Public Instruction (SSPI) in 1997. EC Section 48926 also requires that each county superintendent of schools, in conjunction with district superintendents in the county, submit a triennial update to that plan to the SSPI.

The plan shall enumerate existing educational alternatives for expelled pupils, identify gaps in educational services to expelled pupils, and strategies for filling those service gaps. The plan shall also identify alternative placements for pupils who are expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils, as determined by the governing board.

In 2012, the recommended content of the Countywide Plan was amended to address additional, more detailed questions that were raised and supported by the State School Attendance Review Board, and the Student Programs and Services Steering Committee of the California County Superintendent Education Services Association. These questions concern behavioral intervention approaches used to minimize the number of suspensions and expulsion, including a focus on how such practices may impact any disproportionate number of minority students being suspended or expelled.

Further, in 2015, SB1111, "Pupils Involuntary Transfer: County Community Schools," This bill amended Sections 19181, 1983, and 48918, added Section 1981.5 and repealed Section 1981.2 of the California Education Code relating to pupils. The bill provides "a pupil who has been involuntarily enrolled in a county community school the right to re-enroll in his or her former school or another comprehensive school immediately after being readmitted from an expulsion order or court-ordered placement," this bill also provided, "that only the governing board of the school district that issued the initial order or subsequent order to expel may extend the duration of an expelled student's placement in a county community school."

Countywide Plan Requirements and Recommendations The recommended content of the Countywide Plan for provision of educational services to expelled students must address additional, more detailed questions that were raised and supported by the State School

Attendance Review Board and the Student Programs and Services Steering Committee of the California County Superintendents Educational Services Association. These questions concern behavioral intervention approaches used to minimize the number of suspensions and expulsions, including a focus on how such practices may impact the disproportionate number of minority students being suspended or expelled.

- The Countywide Plan must list and describe the educational alternatives currently available for expelled students. It is recommended that the plan also describe strategies for improvement during the next three years, including:
 - a. Any behavioral intervention practices, at the site and district levels, and options used to:
 - i. Minimize the number of suspensions leading to expulsions
 - ii. Minimize the number of expulsions being ordered
 - iii. Support students returning from expulsions
 - b. Specific explanation of how those practices relate to any disproportionate representation of minority students in such interventions. For assistance in this area, you may review recent guidance issued by the U.S. Department of Education and Department of Justice on the U.S. Department of Education School Climate and Discipline web page at: http://www2.ed.gov/policy/gen/guid/school-discipline/index.html

2. The Countywide Plan must address gaps in educational services and strategies for filling them. If a 2018 Countywide Plan identified gaps in educational services to expelled pupils, it is recommended the 2021 plan include the following information

regarding the implementation of strategies outlined for filling those service gaps:

- a. Were the strategies successful or not? Please explain why and how they were or were not successful.
- b. Were any additional strategies implemented? If so, explain why and how they were or were not successful.
- c. For strategies that were not successful, describe any additional measure(s) or approach(es) taken, and the outcome(s).
- Identify alternative placements for pupils who are expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their rehabilitation plan or pose a danger to other district pupils, as determined by the governing board.

In addition, under the Local Control Funding Formula (LCFF), county offices of education are required to adopt a Local Control, and Accountability Plan (LCAP) for county-operated schools and programs which includes goals, action, and expected measurable outcomes in 10 state priorities, a county office LCAP must address how it will coordinate the instruction of expelled students under EC Section 48926. Thus the Countywide Plans will contribute to the information presented in the LCAP and provide a regional perspective on meeting the needs of expelled pupils.

Introduction

There are 13 districts in Kings County, serving 29,684 students, over 1,392 square miles. Kings County educational institutions include one (1) County Office of Education, nine (9) Elementary School Districts, two (2) High School Districts, two (2) Unified School districts, and thirteen (13) charter schools. With a few exceptions, the typical district grade configurations in Kings County are elementary (K-8), high (9-12), and unified (K-12). Overall, enrollment has been fairly consistent throughout the county at both the elementary and high school levels for the period of 2018 through 2020.

With the implementation of the Local Control Funding Formula (LCFF) and the Local Control Accountability Plan (LCAP), districts identify and annually update increased and improved services to students. Local districts report the new LCFF and LCAP process has allowed them to provide early interventions to minimize suspensions and expulsions. Several districts offer interventions on campus such as a School Resource Officer (SRO), and evidence-based programs such as Restorative Practices, School-Wide Positive Behavior Interventions, and Supports, Social-Emotional Learning, and Trauma-Informed Practices. Research shows¹ these alternatives not only lower expulsion rates but generally help schools in other important ways:

- Lower suspension rates
- Increase school funding by increasing attendance
- Increase academic achievement for all students
- Improve school climate overall
- Generally result in greater teacher stability, due to processes and procedures being set in place to effectively support struggling students

District-level alternatives for expelled students vary from district to district, based on resources available, geographic location, appropriate grade level, educational needs, and the availability of alternative education settings. In relation to the Coronavirus (COVID-19) Conditions, many students did not attend school in-person, and instead attended virtually. This greatly reduced the number of expulsions throughout the county for the 2019-2020 and 2020-2021 school years.

Kings Community School, a long-time option for expelled youth grades 9-12, experienced declining enrollment and the funds necessary to run a quality program. Contributing factors that impacted declining enrollment at Kings Community School included: 1) charter school acceptance of expelled youth, and 2)"district of residence" schools were having success with intervention programs. Hanford Joint Union High School District prevented a gap in services by opening a Community Day School serving grades 9-12. These factors resulted in deficit spending and the eventual closing of Kings Community School at the end of the 2016-2017 school year. In response to the closure, Hanford Community Day School provides a

fee-for-service model, to provide services to neighboring districts. As a result of Kings Community School's closure, Kings County Office of Education will no longer provide direct services to expelled youth. Instead, the Kings County Office of Education will now coordinate services between the thirteen districts within the borders of Kings County.

Superintendents from each district within Kings County meet monthly with the County Superintendent of Schools forming the Educational Governance Committee. During the monthly meetings and discussions regarding program offerings to local students, including Alternative Education placement and services occur. Local district and County Office administrators meet, communicate frequently, and as needed on a case-by-case basis, to discuss the placement of individual students as part of the Consortium process. Additionally, Superintendents/Designees from respective districts meet as a committee on the Countywide Plan to Serve Expelled Youth to provide input and collaborate on the plan renewal during the 2020-2021 school year.

District Specific Options:

District	Options: Pre and Post Expulsion
Armona Union Elementary School District Enrollment: 1,128	Pre-Expulsion Interventions: • MTSS Team • Time to Teach • School Resource Officer (SRO) • Mental Health Services • Lunch and After-School Academies • Saturday School Post Expulsion Option: • Placement at Crossroads Charter Academy (Ind. study) • Behavior Contracts
	The district's small size limits expulsion options; the District experiences a very low incidence of behaviors leading to expulsion. No Gaps reported and a decreasing trend in expulsions since 2015.
Central Union Elementary District Enrollment: 1,792	 Pre-Expulsion Interventions: MTSS to social, emotional, and behavior support Behavioral & mental health services Social skills lessons with counselors Counseling Services Behavior Plans/Contracts SST Meetings
	 Post- Expulsion Alternatives: Suspension of Expulsion Behavior Contracts Reported gaps in services include the need for home and charter school enrollment and the need for an independent study program. A decreasing number of expulsions during the 2015-2018 reporting period.

County and district gaps and strategies for filling those gaps

The districts within Kings County vary greatly in size and are spread over a large geographical area. For some of the districts in the county, the geographic location can make it difficult to offer the range of education alternatives often found in larger urban districts. For the smaller districts, because of their small enrollment and ability to respond with district resources, they report there is no need to expel students. The larger districts are actively seeking better ways to improve the school climate and reduce suspensions and expulsions.

Kings County Office of Education has identified the gaps that exist concerning providing educational services to expelled students. What follows is an overview of the identified gaps and the corresponding county/district strategies for addressing these gaps in educational services.

The school district of residence will continue to maintain responsibility for developing a rehabilitation plan for the student, referring the student to an appropriate educational setting, and ensuring that an education program is provided to the expelled student.

2018-2021 Service Gaps - UPDATE

 Students in grades kindergarten through eighth who are expelled do not have the same educational options available as expelled youth who are in grades nine through twelve, due to the limited numbers of students who are expelled in these lower grades. Younger students cannot attend the programs designed for middle and high school students.

Districts are utilizing inter-district referrals/placements, Charter schools, and Independent Study Programs as options for K-8 grade students. Several local, small districts may consider a Community Day School as an elementary consortium. Also, some districts have opened community day schools for elementary and may consider utilizing an MOU to work jointly with other elementary districts needing placement. Some local districts are referring students to local charter schools servicing elementary-age students with an independent study program.

• **Update:** Districts focused on utilizing inter-district referrals/placements, Charter schools, and Independent Study Programs as options for K-8 grade students. This solution along with an emphasis on evidence-based pre-expulsion interventions has sufficiently addressed any service gaps for grades Kindergarten through

eighth grade. As such, school districts did not pursue utilizing an MOU to work jointly with other elementary districts needing placement.

2. Kings County encompasses 1,392 square miles and is considered a rural community; much of the land in Kings County is agricultural and is sparsely populated. As a result, not all residents of Kings County have access to public transportation near their homes. Additionally, public transportation in Kings County presents scheduling and routing issues where there is accessibility to transportation. There are significant geographical distances between local school districts, thus district-operated classroom sites/programs for school districts could require extensive busing; which is not financially feasible for the districts.

District-operated Community Day Programs are open in Corcoran Unified School District, Hanford Elementary School District, Hanford Joint Union High School District, Lemoore Union Elementary School district, and Reef-Sunset Unified School District, reducing the geographic distance issue for many students. Lemoore Union Elementary District may consider entering into a consortium of local elementary school districts to provide services to expelled elementary-age students on a fee-for-service model. This would also provide services to expelled youth who are in need of special education services. Districts in need of special education services for expelled youth may also consider contracting with the Kings County Office of Education-SELPA to provide services.

- Update: District-operated Community Day Programs have been able to sufficiently address any transportation issues by reducing the geographic distance for many students. Lemoore Union Elementary District has since established Bridges Academy - a community Day School. This was to serve mandatory and other expelled students, students referred by a School Attendance Review Board, and other high-risk students in grades 6-8. Kings County Office of Education Special Education Local Plan Area (SELPA) continues to be available to contract with districts in need of special education services for expelled youth to provide services.
- There has often been a lengthy period between a student's suspension pending expulsion and placement in an alternative program, outside the district (when necessary). Additionally, it has been reported that some charters have denied students placement, resulting in a long time out of school awaiting acceptance.

Districts may need to review their policies and criteria for extending the suspension. Explore possible alternatives such as independent study or an involuntary transfer to another campus before the expulsion hearing and governing board action. Review and shorten, if practical, the timelines between suspension and the expulsion hearing and the hearing and governing board action. Consider implementing stipulated expulsion procedures.

• **Update:** To avoid any gaps in services for student academics, districts have committed to providing independent studies to address the period between a student's suspension pending expulsion and placement in an alternative program.

Current Service Gaps

Although expulsions were on the decline from 2018-19 to the 2019-20 school year, we will need to be especially mindful of expulsion for student groups who have shown 5% or more in any one race/ethnicity. In the examination of the data below, we will be closely monitoring the larger percentages, as seen in the following groups:

- Native Hawaiian or Pacific Islander
- Black or African American
- American Indian or Alaska Native

ITEM: Approve recommended revisions to Administrative Policy and Board Policy 6159.2 – Nonpublic, Nonsectarian School and Agency Services for Special Education

PURPOSE: Policy updated to include provisions of nonpublic, nonsectarian and agency services, as outlined in the comprehensive local plan of Special Education Local Plan Area. The updates also include terms of the master contract between the district and the NPS/A and follow up requirements as required by Education Code.

FISCAL IMPACT: None

RECOMMENDATIONS: Approve

Policy 6159.2: Nonpublic, Nonsectarian School And Agency Services For Special Education

Status: DRAFT

Original Adopted Date: 05/16/2001 | Last Revised Date: 08/28/2013

The Governing Board recognizes its responsibility to provide a free appropriate public education in accordance with law. When the district is unable to provide direct special education and/or related services to students with disabilities, the Board may enter into a contract with a nonpublic, nonsectarian school or agency (NPS/A) to meet the students needs consistent with the comprehensive local play of the Special Education Local Plan Area.

Prior to entering into a contract to place any student in a nonpublic, nonsectarian school or agency, the Superintendent or designee shall verify that the school or agency is certified to provide special education and related services to individuals with disabilities and compiles with staff training requirements in accordance with Education Code 56366 and 56366.1. In addition, the Superintendent or designee shall monitor, on an ongoing basis, the certification of any NPS/A with which the district has a contract to ensure that the school or agency's certification has not expired.

No district student shall be placed in a NPS/A unless the student's individualized education program (IEP) team has determined that an appropriate public education alternative does not exist and that the nonpublic, nonsectarian school or agency placement is appropriate for the student.

The district student shall pay the NPS/A the full amount of the tuition or fees, as applicable, for students with disabilities who are enrolled in programs or receiving services provided by the NPS/A.

In accordance with law, any student with disabilities placed in aNPS/A shall have all the rights and protections to which students with disabilities are generally entitled, including, but not limited to, the procedural safeguards, due process rights, and periodic review of his/her IEP.

During the period when any student with disabilities is placed in a NPS/A, the student's IEP team shall retain responsibility for monitoring the student's progress towards meeting the goals identified in his/her IEP.

The Superintendent or designee shall notify the Board prior to approving an out-of-state placement for any district student.

The Superintendent or designee may apply to the Superintendent of Public Instruction to waive any of the requirements of Education Code 56365, 56366, 56366.3, and 56366.6.(Education Code 56366.2)

Regulation 6159.2: Nonpublic, Nonsectarian School And Agency Services For Special Education

Status: DRAFT

Original Adopted Date: 05/16/2001 | Last Revised Date: 08/28/2013

Master Contract

Every master contract with a nonpublic, nonsectarian school or agency (NPS/A) shall specify the general administrative and financial agreement for providing special eduction an designated instruction and services. The master contract shall be for the term not to exceed one year and shall be renegotiated prior to June 30. Provisions of the contract shall include, but not be limited to: (Education Code 56366.5; 5 CCR 3062)

1. Student-teacher ratios

2. Transportation specified in the student's individual education program (IEP)

The contract shall not include special education transportation provided through the use of services or equipment owned, leased, or contracted by the district for students enrolled in the NPS/A unless provided directly or subcontracted by that NPS/A.

3. Procedures for recordkeeping and documentation

4. The maintenance of school records by the district to ensure that appropriate high school graduation credit is received by any participating student

5. An individual services agreement of each student, which will be negotiated for the length of time for which NPS/A special education and designated instruction and services are specified in the student's IEP

6. A description of the process to be utilized by the district to oversee and evaluate placements in the NPS/A, including a method for evaluating whether each student is making appropriate educational progress

7. Procedures and responsibilities for attendance and unexcused absences

8. General provisions related to modifications and amendments to the contract, waivers, disputes, contractor's status, conflicts of interest, termination, inspection and audits, compliance with applicable state and federal laws and regulations, and indemnification and insurances requirements

9.Payment schedule, including, but not limited to, payment amounts, payment demand, right to withhold, and audit exceptions

The contract may allow for partial or full-time attendance at the NPS/A. (Education Code 56366)

With mutual agreement of the district and NPS/A, changes may be made to the administrative and financial agreements in the master contract at any time, provided the change does not alter a student's education instruction, services, or placement as outlined in the student's individual services agreement. (Education Code 56366)

The master contract or individual service agreements may be terminated for cause if either party gives 20 days' notice. However, the availability of a public education program initiated during the period of the contract shall not give cause for termination unless the parent/guardian agrees to transfer the student to the program. (Education Code 56366)

Placement and Services

For any student to be placed in a NPS/A, the Superintendent or designee shall be developed an individual services agreement based on the student's IEP. Each individual services agreement shall specify the length of time authorized in the student's IEP for the NPS/A services, not to exceed one year. Changes in a student's educational instruction,

84

services, or placement shall be made only on the basis of revisions to the student's IEP. (Education Code 56366)

At least once each year, the district shall: (Education Code 56366)

1. Evaluate the educational progress of each student placed in an NPS/A, including a review of state assessment results

2. During the annual meeting held to review the student's IEP pursuant to Education Code 56343, consider whether the student's needs continue to be best met at the NPS/A and whether changes to the student's IEP are necessary, including whether the student may be transitioned to a public school setting

Prior to the annual review of a student's IEP, the Superintendent or designee shall notify any high school district to which the student may transfer of the student's enrollment in a NPS/A. (5 CCR 3069)

Out-of-State Placements

Before contracting with a NPS/A outside California, the Superintendent or designee shall document the district's efforts to find an appropriate program offered by a NPS/A within California. (Education Code 56365

Within 15 days of any decision for an out-of-state placement, the student's IEP team shall submit to the Superintendent of Public Instruction a report with information about the services provided by the out-of-state program, the costs of the special education and related services provided, and the district's efforts to locate an appropriate public school or NPS/A within California. (Education Code 56365)

If the district decides to place a student with a NPS/A outside the state, the district shall indicate the anticipated date of the student's return to a placement within California and shall document efforts during the previous year to return the student to California. (Education Code 56365)

On-site Visits

The Superintendent or designee shall conduct an on-site visit to an NPS/A before the placement of a student at the school or agency, if the district does not have any other students currently enrolled at the NPS/A/ (Education Code 65366.1)

At least once per year, the Superintendent or designee shall conduct an on-site monitoring visit to each NPS/A at which the district has a student attending and with which it maintains a master contract. The monitoring visit shall include, but is not limited to: (Education Code 56366.1)

- 1. A review of services provided to the student though the individual services agreement
- 2. A review of progress the student is making toward the goals set forth in the student's IEP

3. a review of progress the student is making toward the goals set forth in the students' behavioral intervention plan, if applicable

- 4. An observation of th student during instruction
- 5. A walkthrough of the facility

The district shall report the findings resulting from the monitoring visit to CDE within 60 calendar days of the on-site visit. (Education Code 56366.1)

RECOMMENDATIONS: Approve

Policy 6159: Individualized Education Program

Status: DRAFT

Original Adopted Date: 04/21/2004

The Governing Board desires to provide full educational opportunities to all students with disabilities. Students with disabilities shall receive a free appropriate public education (FAPE) and, to the maximum extent possible, shall be educated in the least restrictive environment with nondisabled students.

For each student with disabilities, an individualized education program (IEP) shall be developed which identifies the special education instruction and related services to be provided to the student. The Superintendent or designee shall develop administrative regulations regarding the membership of the IEP team, the team's responsibility to develop and regularly review the IEP, the contents of the IEP, and the development, review, and revision processes.

The district shall make FAPE available to individuals with disabilities ages 3-21 who reside in the district, including: (Education Code 56040; 20 USC 1412; 34 CFR 300.17, 300.101, 300.104)

- 1. Students who have been suspended or expelled from school
- 2. Students who are placed by the district in a nonpublic, nonsectarian school
- 3. Individuals age 18-21 years who are incarcerated in an adult correctional facility and were identified as being an individual with disabilities or had an IEP in their prior educational placement

Regulation 6159: Individualized Education Program

Status: DRAFT

Original Adopted Date: 05/16/2001 | Last Revised Date: 01/11/2017

At the beginning of each school year, the district shall have an individualized education program (IEP) in effect for each student with a disability within district jurisdiction. The IEP shall be a written statement designed by the IEP team to meet the unique educational needs of a student with a disability. (Education Code 56344; 56345; 34 CFR 300.320, 300.323)

Members of the IEP Team

Unless excused by written agreement in accordance with Education Code 56341, the IEP team for any student with a disability shall include the following members: (Education Code 56341, 56341.5; 20 USC 1414(; 34 CFR 300.321)

1. One or both of the student's parents/guardians and/or a representative selected by them

To the extent permitted by federal law, a foster parent shall have the same rights relative to a foster child's IEP as a parent/guardian. (Education Code 56055)

2. If the student is or may be participating in the regular education program, at least one of the student's regular education teachers designated by the Superintendent or designee to represent the student's teachers

The regular education teacher shall, to the extent appropriate, participate in the development, review, and revision of the student's IEP, including assisting in the determination of appropriate positive behavioral interventions, supports, and other strategies for the student, and supplementary aids and services, program modifications, and supports for school personnel that will be provided for the student, consistent with 34 CFR 300.320. (Education Code 56341; 20 USC 1414(d)(3)(C); 34 CFR 300.324)

3. At least one of the student's special education teachers or, where appropriate, special education providers

4. A representative of the district who is:

a. Qualified to provide or supervise the provision of specially designed instruction to meet the unique needs of students with disabilities

b. Knowledgeable about the general education curriculum

c. Knowledgeable about the availability of district resources

5. An individual who can interpret the instructional implications of assessment results

This individual may already be a member of the team as described in items #2-4 above or in item #6 below.

6. At the discretion of the parent/guardian or the Superintendent or designee, other individuals who have knowledge or special expertise regarding the student, including related services personnel, as appropriate.

The determination of whether the individual has knowledge or special expertise regarding the student shall be made by the party who invites the individual to be a member of the IEP team.

7. Whenever appropriate, the student with a disability

In the development, review, or revision of his/her IEP, the student shall be allowed to provide confidential input to any representative of his/her IEP team. (Education Code 56341.5)

8. When the student is suspected of having a specific learning disability, at least one individual who is qualified to conduct individual diagnostic examinations of the student such as a school psychologist, speech language pathologist, or remedial reading teacher

In accordance with 34 CFR 300.310, at least one team member other than the student's regular education teacher

shall observe the student's academic performance and behavior in the areas of difficulty in his/her learning environment, including in the regular classroom setting. If the child is younger than five years or not enrolled in school, a team member shall observe the child in an environment appropriate for a child of that age.

In the following circumstances, the Superintendent or designee shall invite other specified individuals to an IEP team meeting:

1. When the student has been placed in a group home by the juvenile court, a representative of the group home shall be invited to attend IEP team meetings. (Education Code 56341.2)

2. Whenever the IEP team is meeting to consider the student's postsecondary goals and the transition services needed to assist the student in reaching the goals, the following individuals shall be invited to attend: (34 CFR 300.321)

a. The student, regardless of his/her age

If the student does not attend the IEP team meeting, the Superintendent or designee shall take other steps to ensure that the student's preferences and interests are considered.

b. To the extent appropriate, and with the consent of the parent/guardian, a representative of any other agency that is likely to be responsible for providing or paying for the transition services

3. If the student was previously served under the Early Education for Individuals with Exceptional Needs (Education Code 56425-56432) or the California Early Intervention Services Act (Government Code 95000-95004), and upon request of the student's parent/guardian, the Superintendent or designee shall invite the Infant and Toddlers with Disabilities Coordinator or other representative of the early education or early intervention system to the initial IEP team meeting to assist with the smooth transition of services. (Education Code 56341; 20 USC 1414(d)(1)(D); 34 CFR 300.321)

A member of the IEP team shall not be required to attend an IEP team meeting, in whole or in part, if the parent/guardian and the district agree, in writing, that the attendance of the member is not necessary because the member's area of the curriculum or related services is not being modified or discussed at the meeting. Even if the meeting involves a discussion of the IEP team member's area of the curriculum or related service, the member may be excused from the meeting if the parent/guardian, in writing, and the district consent to the excusal after conferring with the member and the member submits to the parent/guardian and team written input into the development of the IEP prior to the meeting. (Education Code 56341; 20 USC 1414(d)(1)(C); 34 CFR 300.321)

Contents of the IEP

The IEP shall include, but not be limited to, all of the following: (Education Code 56043, 56345, 56345.1; 20 USC 1414; 34 CFR 300.320)

1. A statement of the present levels of the student's academic achievement and functional performance, including:

a. The manner in which the student's disability affects his/her involvement and progress in the general education curriculum (i.e., the same curriculum as for nondisabled students)

b. For a preschool child, as appropriate, the manner in which the disability affects his/her participation in appropriate activities

c. For a student with a disability who takes alternate assessments aligned to alternate achievement standards, a description of benchmarks or short-term objectives

2. A statement of measurable annual goals, including academic and functional goals, designed to:

a. Meet the student's needs that result from his/her disability in order to enable the student to be involved in and progress in the general education curriculum

b. Meet each of the student's other educational needs that result from his/her disability

3. A description of the manner in which the student's progress toward meeting the annual goals described in item #2 above will be measured and when the district will provide periodic reports on the progress the student is making toward meeting the annual goals, such as through the use of quarterly or other periodic reports, concurrent with the

issuance of report cards

4. A statement of the special education instruction and related services and supplementary aids and services, based on peer-reviewed research to the extent practicable, to be provided to the student or on behalf of the student, and a statement of the program modifications or supports for school personnel that will be provided to enable the student to:

a. Advance appropriately toward attaining the annual goals

b. Be involved and make progress in the general education curriculum in accordance with item #1 above and to participate in extracurricular and other nonacademic activities

c. Be educated and participate with other students with disabilities and nondisabled students in the activities described in the IEP

5. An explanation of the extent, if any, to which the student will not participate with nondisabled students in the regular class and in extracurricular and other nonacademic activities described in the IEP

6. A statement of any appropriate individual accommodations necessary to measure the academic achievement and functional performance of the student on state and districtwide assessments

If the IEP team determines that the student shall take an alternate assessment instead of a particular regular state or districtwide assessment, the student's IEP also shall include a statement of the reason that he/she cannot participate in the regular assessment and the reason that the particular alternate assessment selected is appropriate for him/her.

7. The projected date for the beginning of the services and modifications described in item #4 above and the anticipated frequency, location, and duration of those services and modifications

8. Beginning not later than the first IEP to be in effect when the student is 16 years of age, or younger if determined appropriate by the IEP team, and updated annually thereafter, the following:

a. Appropriate measurable postsecondary goals based upon age-appropriate transition assessments related to training, education, employment, and where appropriate, independent living skills

b. The transition services, including courses of study, needed to assist the student in reaching those goals

9. A description of the means by which the IEP will be provided under emergency conditions, as described in Education Code 46392, in which instruction and/or services cannot be provided to the student either at school or in person for more than 10 school days. The description shall take into account public health orders and shall include special eduction and related services, supplementary aids and services, transition services, and extended school year.

10. Beginning at least one year before the student reaches age 18, a statement that the student has been informed of his/her rights, if any, that will transfer to him/her upon reaching age 18, pursuant to Education Code 56041.5

11. For a student in grades 7-12, any alternative means and modes necessary for the student to complete the district's prescribed course of study and to meet or exceed proficiency standards required for graduation

12. For a student whose native language is not English, linguistically appropriate goals, objectives, programs, and services

13. Extended school year services when the IEP team determines, on an individual basis, that the services are necessary for the provision of a free appropriate public education (FAPE)

14. If the student is to be transferred from a special class or nonpublic, nonsectarian school into a regular education program in a public school for any part of the school day, including descriptions of activities intended to:

a. Integrate the student into the regular education program, including indications of the nature of each activity and the time spent on the activity each day or week

b. Support the transition of the student from the special education program into the regular education program

15. For a student with low incidence disabilities, specialized services, materials, and equipment consistent with the guidelines pursuant to Education Code 56136

To assist a student who is blind, has low vision, or is visually impaired to achieve the student's maximum potential, the IEP team may consider instruction in the expanded core curriculum, including compensatory skills such as Braille, concept development, or other skills needed to access the core curriculum; orientation and mobility; social interaction skills; career technical education, assistive technology, including optical devices; independent living skills, recreation and leisure; self-determination; and sensory efficiency. When appropriate, such services may be offered before or after school (Education Code 56353)

Development of the IEP

Within 30 days of a determination that a student needs special education and related services, the Superintendent or designee shall ensure that a meeting to develop an initial IEP is conducted. (Education Code 56043; 34 CFR 300.323)

Any IEP required as a result of an assessment of a student shall be developed within 60 days from the date of receipt of the parent/guardian's written consent for assessment, unless the parent/guardian agrees, in writing, to an extension. Days between the student's regular school sessions, terms, or vacation of more than five school days shall not be counted. In the case of school vacations, the 60-day time limit shall recommence on the date that the student's school days reconvene. (Education Code 560436, 56344)

However, when the IEP is required as a result of an assessment of a student for whom a referral has been made 30 days or less prior to the end of the preceding regular school year, the IEP shall be developed within 30 days after the commencement of the subsequent regular school year. (Education Code 56344)

In developing the IEP, the IEP team shall consider all of the following: (Education Code 56341.1, 56345; 20 USC 1414(; 34 CFR 300.324)

- 1. The strengths of the student
- 2. The concerns of the parents/guardians for enhancing the education of their child
- 3. The results of the initial or most recent assessment of the student
- 4. The academic, developmental, and functional needs of the student

5. In the case of a student whose behavior impedes his/her learning or that of others, the use of positive behavioral interventions and supports and other strategies to address that behavior

6. In the case of a student with limited English proficiency, the language needs of the student as such needs relate to the student's IEP

7. In the case of a student who is blind or visually impaired, the need to provide for instruction in Braille and instruction in the use of Braille

However, such instruction need not be included in the IEP if the IEP team determines that instruction in Braille or the use of Braille is not appropriate for the student. This determination shall be based upon an assessment of the student's reading and writing skills, his/her future needs for instruction in Braille or the use of Braille.

8. The communication needs of the student and, in the case of a student who is deaf or hard of hearing, the student's language and communication needs, opportunities for direct communications with peers and professional personnel in the student's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the student's language and communication mode

The team shall also consider the related services and program options that provide the student with an equal opportunity for communication access, as described in Education Code 56345.

9. Whether the student requires assistive technology devices and services

If, in considering the special factors in items #1-9 above, the IEP team determines that the student needs a particular device or service, including an intervention, accommodation, or other program modification, in order to receive FAPE, the team shall include a statement to that effect in the student's IEP. (Education Code 56341.1)

Provision of Special Education and Related Services

The district shall ensure that, as soon as possible following development of the IEP, special education services and related services are made available to the student in accordance with his/her IEP. (Education Code 56344; 34 CFR 300.323)

The Superintendent or designee shall ensure that the student's IEP is accessible to each regular education teacher, special education teacher, related service provider, and any other service provider who is responsible for its implementation. The Superintendent or designee also shall ensure that such teachers and providers are informed of their specific responsibilities related to implementing the IEP and the specific accommodations, modifications, and supports that must be provided to the student in accordance with the IEP. (34 CFR 300.323)

If an orientation and mobility evaluation is determined to be needed for a student who is blind, has low vision, or is visually impaired, the evaluation shall be conducted by a person who is appropriately certified as an orientation and mobility specialist and shall occur in familiar and unfamiliar environments, in varying lighting conditions, and in the home, school, and community, as appropriate. The Superintendent or designee may require annual written parent/guardian consent to provide orientation and mobility services when such services are provided before or after shool and when they are provided away for the school site. (Education Code 56354; 5 CCR 3051.3)

If a student's IEP requires the provision of assistive technology devices or services, the district shall provide such devices or services and shall, on a case-by-case basis, provide for the use of school-purchased devices in the student's home or other settings if the IEP team determines that the students needs access to those devices in order to receive FAPE. If a student who requires the use of an assistive technology device transfers to another local educational agency, the district shall provide the student with continued access to the device or a comparable device for two months from the date the student ceased to be enrolled in the district or until alternative arrangements can be made to provide access to the device, whichever occurs first. (Education Code 56040.3; 34 CFR 300.105)

Review and Revision of the IEP

The Superintendent or designee shall ensure that the IEP team reviews the IEP periodically, but at least annually, in order to: (Education Code 56043, 56341.1, 56380; 20 USC 1414(d)(4); 34 CFR 300.324)

- 1. Determine whether the annual goals for the student are being achieved
- 2. Revise the IEP, as appropriate, to address:
- a. Any lack of expected progress toward the annual goals and in the general education curriculum, where appropriate
- b. The results of any reassessment conducted pursuant to Education Code 56381

c. Information about the student provided to or by the parents/guardians regarding review of evaluation data pursuant to 34 CFR 300.305(a)(2) and Education Code 56381(b)

d. The student's anticipated needs

e. Any other relevant matter

3. Consider the special factors listed in items #5-9 above under "Development of the IEP," when reviewing the IEP of any student with a disability to whom one of those factors may apply

The IEP team shall also meet at any other time upon request by the student's parent/guardian or teacher to review or revise the IEP. (Education Code 56343)

When a parent/guardian requests an IEP team meeting to review the IEP, the team shall meet within 30 days of receiving the parent/guardian's written request, not counting days between the student's regular school sessions or terms or days of school vacation in excess of five school days. If a parent/guardian makes an oral request, the district shall notify the parent/guardian of the need for a written request and the procedure for filing such a request. (Education Code 56043, 56343.5)

A regular education or special education teacher may request a review of the classroom assignment of a student with a disability by submitting a written request to the Superintendent or designee. The Superintendent or designee shall consider the request within 20 days of receiving it, not counting days when school is not in session or, for year-round schools, days when the school is off track. If the review indicates a need for change in the student's placement, instruction, and/or related services, the Superintendent or designee shall convene an IEP team meeting, which shall be held within 30 days of the Superintendent or designee's review, not counting days when school is not in session or days when school is off track, unless the student's parent/guardian consents in writing to an extension of time.

If a participating agency other than the district fails to provide the transition services described in the student's IEP, the team shall reconvene to identify alternative strategies to meet the transition service objectives set out for the student in the IEP. (Education Code 56345.1; 20 USC 1414(d); 34 CFR 300.324)

If a student with a disability residing in a licensed children's institution or foster family home has been placed by the district in a nonpublic, nonsectarian school, the Superintendent or designee shall conduct an annual evaluation as part of the IEP process of whether the placement is the least restrictive environment that is appropriate to meet the student's needs. (Education Code 56157)

To the extent possible, the Superintendent or designee shall encourage the consolidation of reassessment meetings and other IEP team meetings for a student. (20 USC 1414; 34 CFR 300.324)

When a change is necessary to a student's IEP after the annual IEP team meeting for the school year has been held, the parent/guardian and the Superintendent or designee may agree not to convene an IEP team meeting for the purpose of making the change and instead may develop a written document to amend or modify the student's current IEP. The IEP team shall be informed of any such changes. Upon request, the Superintendent or designee shall provide the parent/guardian with a revised copy of the IEP with the incorporated amendments. (Education Code 56380.1; 20 USC 1414; 34 CFR 300.324)

Audio Recording of IEP Team Meetings

Parents/guardians and the Superintendent or designee shall have the right to audio record the proceedings of IEP team meetings, provided members of the IEP team are notified of this intent at least 24 hours before the meeting. If the Superintendent or designee gives notice of intent to audio record a meeting and the parent/guardian objects or refuses to attend because the meeting would be audio recorded, the meeting shall not be audio recorded. Parents/guardians also have the right to: (Education Code 56341.1)

1. Inspect and review the audio recordings

2. Request that an audio recording be amended if they believe it contains information that is inaccurate, misleading, or in violation of the student's privacy rights or other rights

3. Challenge, in a hearing, information that the parents/guardians believe is inaccurate, misleading, or in violation of the student's privacy rights or other rights

Parent/Guardian Participation and Other Rights

The Superintendent or designee shall take steps to ensure that one or both of the parents/guardians of the student with a disability are present at each IEP team meeting or are afforded the opportunity to participate. These steps shall include notifying the parents/guardians of the meeting early enough to ensure that they will have the opportunity to attend and scheduling the meeting at a mutually agreed upon time and place. (Education Code 56341.5; 34 CFR 300.322)

The Superintendent or designee shall send parents/guardians notices of IEP team meetings that: (Education Code 56341.5; 34 CFR 300.322)

- 1. Indicate the purpose, time, and location of the meeting
- 2. Indicate who will be in attendance at the meeting
- 3. Inform them of:

a. Their right to bring to the meeting other individuals who have knowledge or special expertise about the student, pursuant to Education Code 56341(b)(6)

b. The provision of Education Code 56341(i) relating to the participation of the Infant and Toddlers with Disabilities Coordinator at the initial IEP team meeting, if the student was previously served under Early Education for Individuals with Exceptional Needs (Education Code 56425-56432) or the California Early Intervention Services Act (Government Code 95000-95004)

In addition, when the IEP team meeting is to consider the development, review, or revision of the IEP of a student with a disability who is 16 years of age or older, or younger than 16 if deemed appropriate by the IEP team, the Superintendent or designee's notice to the student's parents/guardians shall include the following: (Education Code 56341.5)

1. An indication that a purpose of the meeting will be the consideration of postsecondary goals and transition services for the student pursuant to Education Code 56345.1, 20 USC 1414, and 34 CFR 300.320)

2. An indication that the student is invited to the IEP team meeting

At each IEP team meeting convened by the district, the district administrator or specialist on the team shall inform the parent/guardian and student of the federal and state procedural safeguards included in the notice of parental rights provided pursuant to Education Code 56321. (Education Code 56500.1)

The parent/guardian shall have the right and opportunity to examine all of his/her child's school records upon request, before any IEP meeting, and in connection with any hearing or resolution session on matters affecting his/her child, including, but not limited to, initial formal assessment, procedural safeguards, and due process. Upon receipt of an oral or written request, the Superintendent or designee shall provide complete copies of the records within five business days. (Education Code 56043, 56504)

The parent/guardian shall have the right to present information to the IEP team in person or through a representative and the right to participate in meetings that relate to eligibility for special education and related services, recommendations, and program planning. (Education Code 56341.1)

If neither parent/guardian can attend the meeting, the Superintendent or designee shall use other methods to ensure parent/guardian participation, including video conferences or individual or conference telephone calls. (Education Code 56341.5; 20 USC 1414; 34 CFR 300.322)

An IEP team meeting may be conducted without a parent/guardian in attendance if the Superintendent or designee is unable to convince the parent/guardian that he/she should attend. In such a case, the Superintendent or designee shall maintain a record of the attempts to arrange a mutually agreed upon time and place for the meeting, including:

1. Detailed records of telephone calls made or attempted and the results of those calls

2. Copies of correspondence sent to the parent/guardian and any responses received

3. Detailed records of visits made to the parent/guardian's home or place of employment and the results of those visits

The Superintendent or designee shall take any action necessary to ensure that the parents/guardians understand the proceedings of the meeting, including arranging for an interpreter for parents/guardians with deafness or whose native language is not English. (Education Code 56341.5; 34 CFR 300.322)

The Superintendent or designee shall give the parents/guardians of a student with a disability a copy of his/her child's IEP at no cost. (Education Code 56341.5; 34 CFR 300.322)

Parent/Guardian Consent for Provision of Special Education and Services

Before providing special education and related services to any student, the Superintendent or designee shall seek to obtain informed consent of the student's parent/guardian pursuant to 20 USC 1414(a)(1). The district shall not provide services by utilizing the due process hearing procedures pursuant to 20 USC 1415(f) if the parent/guardian refuses to consent to the initiation of services. If the parent/guardian does not consent to all of the components of the IEP, then those components to which the parent/guardian has consented shall be implemented so as not to delay providing instruction and services to the student. (Education Code 56346)

If the parent/guardian fails to respond or refuses to consent to the initiation of services, the district shall not use the dur process hearing procedures pursuant to 20 USC 1415 to obtain agreement or a ruling that the services may be provided to the student. In such circumstance, the district shall not be required to convene an IEP team or develop an IEP for the student. (Education Code 56346)

If the parent/guardian consents in writing to the receipt of special education and related services for the student but does not consent to all of the components of the IEP, then those components to which the parent/guardian has consented shall be implemented so as not to delay providing instruction and services to the student. If the Superintendent or designee determines that a part of a proposed IEP to which the parent/guardian does not consent is necessary in order to provide the student with FAPE, a due process hearing shall be initiated in accordance with 20 USC 1415. While the due process hearing is pending, the student shall remain in the current placement unless the parent/guardian and the Superintendent or designee agree otherwise. (Education Code 56346)

If at any time subsequent to the initial provision of services, the student's parent/guardian, in writing, revokes consent for the continued provision of special education services, the Superintendent or designee shall provide prior written notice within a reasonable time before ceasing to provide services to the student. The Superintendent or designee shall not request a due process hearing or pursue mediation in order to require an agreement or ruling that services be provided to the student. (Education Code 56346; 34 CFR 300.300, 300.503)

Prior to the discontinuation of services, the Superintendent or designee may offer to meet with the parents/guardians to discuss concerns for the student's education. However, this meeting shall be voluntary on the part of the parent/guardian and shall not delay the implementation of the parent/guardian's request for discontinuation of services.

When the district ceases to provide special education services in response to the parent/guardian's revocation of consent, the student shall be classified as a general education student.

Transfer Students

To facilitate the transition of a student with a disability who is transferring into the district, the Superintendent or designee shall take reasonable steps to promptly obtain the student's records, including his/her IEP and the supporting documents related to the provision of special education services. (Education Code 56325; 34 CFR 300.323)

If the student transfers into the district from another school district within the same SELPA during the school year, the district shall continue to provide services comparable to those described in the student's existing IEP, unless his/her parent/guardian and the district agree to develop, adopt, and implement a new IEP that is consistent with

state and federal law. (Education Code 56325; 34 CFR 300.323)

If the student transfers into the district from a school district outside of the district's SELPA during the school year, the district shall provide the student with FAPE, including services comparable to those described in the previous district's IEP. Within 30 days, the Superintendent or designee shall, in consultation with the student's parents/guardians, adopt the previous district's IEP or shall develop, adopt, and implement a new IEP that is consistent with state and federal law. (Education Code 56325; 34 CFR 300.323)

If the student transfers into the district from an out-of-state district during the school year, the district shall provide the student with FAPE, including services comparable to the out-of-state district's IEP, in consultation with the parent/guardian, until such time as the Superintendent or designee conducts an assessment, if it determines that such an assessment is necessary, and develops, adopts, and implements a new IEP, if appropriate. (Education Code 56325; 34 CFR 300.323)

34 CFR 99.10-99.22

The Governing Board recognizes its obligation to provide a free and appropriate public education (FAPE) to students with disabilities and to uphold the rights of parents/guardians to be involved in educational decisions regarding their child. Parents/guardians of students with disabilities shall receive written notice of their rights under federal Individuals with Disabilities in Education Act.

Whenever there is a dispute between the district and the parent/guardian of a student with disabilities regarding the identification, assessment, or educational placement of the student or the provision of FAPE to the student, the Superintendent or designee shall encourage the early, informal resolution of the dispute at the school level to the extent possible. The district or parent/guardian may also request mediation and/or a due process hearing in accordance with law, Board policy, and administrative regulation.

The Superintendent or designee shall represent the district in any due process hearing conducted with regard to district students and shall inform the Board about the result of the hearing.

Any complaint alleging the district's noncompliance with federal or state laws or regulations related to the provision of a free and appropriate public education to students with disabilities shall be filed in accordance with 5 CCR 3200-3205.

Policy Reference Disclaimer:These references are not intended to be part of the policy itself, nor do they indicate the basis or authority for the board to enact this policy. Instead, they are provided as additional resources for those interested in the subject matter of the policy.

6. Information regarding the state special schools for students who are deaf, hard of hearing, blind, visually impaired, or deaf-blind

A copy of this notice shall be attached to the student's assessment plan . At each IEP meeting, the Superintendent or designee shall inform the parent/guardian of the federal and state procedural safeguards that were provided in the notice. (Education Code 56321, 56321.5)

Format of Parent/Guardian Notices

The parents/guardians of a student with a disability shall be provided written notice of their rights in a language

110

easily understood by the general public and in their native language or other mode of communication used by them, unless to do so is clearly not feasible. (Education Code 56341, 56506; 34 CFR 300.503, 300.504)

If the native language or other mode of communication of the parent/guardian is not a written language, the district shall take steps to ensure that the notice is translated orally or by other means in the parent/guardian's native language or other mode of communication and that he parent/guardian understands the contents of the notice. (34 CFR 300.503)

The district may place a copy of the procedural safeguards notice on the district's web site. (20 USC 1415(d))

A parent/guardian of a student with disabilities may elect to receive the prior written notice or procedural safeguards notice by an electronic mail communication. (34 CFR 300.505)

Filing Due Process Complaints

A parent/guardian and/or the district may initiate due process hearing procedures whenever: (Education Code 56501; 20 USC 1415)

1. There is a proposal to initiate or change the student's identification, assessment, or educational placement or the provision of FAPE to the student.

2. There is a refusal to initiate or change the student's identification, assessment, or educational placement or the provision of FAPE to the student.

3. The parent/guardian refuses to consent to an assessment of his/her child.

4. There is a disagreement between a parent/guardian and the district regarding the availability of a program appropriate for the student, including the question of financial responsibility, as specified in 34 CFR 300.148.

Prior to having a due process hearing, the party requesting the hearing, or the party's attorney, shall provide the opposing party a due process complaint, which shall remain confidential, specifying: (Education Code 56502; 20 USC 1415; 34 CFR 300.508

1. The student's name

2. The student's address or, in the case of a student identified as homeless pursuant to 42 USC 11434, available contact information for that student

3. The name of the school the student attends

4. A description of the nature of the student's problem relating to the proposed or refused initiation or change, including facts relating to the problem

5. A proposed resolution to the problem to the extent known and available to the complaining party at the time

Parties filing a due process complaint shall file their request with the S state Office of Administrative Hearings, Special Education Division.

District's Response to Due Process Complaints

If the district has sent prior written notice to the parent/guardian regarding the subject matter of the parent/guardian's due process complaint, the district shall, within 10 days of receipt of the complaint, send a response specifically addressing the issues in the complaint. (20 USC 1415; 34 CFR 300.508)

1. An explanation of why the district proposed or refused to take the action raised in the complaint

2. A description of other options that the IEP team considered and the reasons that those options were rejected

3. A description of each evaluation procedure, assessment, record, or report the district used as the basis for the proposed or refused action

4. A description of the factors that are relevant to the district's proposal or refusal

receipt of the complaint containing: (20 USC 1415; 34 CFR 300.508):

Upon the filing of a due process complaint by either party or upon request of the parent/guardian, the district shall inform the parent/guardian of any free or low-cost legal and other relevant services available in the area. (34 CFR 300.507)

Informal Process/Pre-Hearing Mediation Conference

Prior to or upon initiating a due process hearing, the Superintendent or designee and a parent/guardian may, if the party initiating the hearing so chooses, agree to meet informally to resolve any issue(s) relating to the identification, assessment, education and placement, or provision of FAPE for a student with disabilities. The Superintendent or designee shall have the authority to resolve the issue(s). The Superintendent or designee shall have the authority to resolve the issue(s). (Education Code 56502)

In addition, either party may file a request with the state Office of Administrative Hearing for mediation conference. (Education Code 56500.3)

If resolution is reached that resolves the due process issue(s), the parties shall enter into a legally binding agreement that satisfies the requirements of Education Code 56500.3. (Education Code 56500.3)

Attorneys may attend or otherwise participate only in those mediation conferences that are scheduled after the filing of a request for due process hearing. (Education Code 56500.3, 56501)

State Compliance Complaints

Any individual, including a person's duly authorized representative or an interested their party, public agency, or organization may file with the California Department of Education (CDE) a written and signed statement alleging that, within the previous year, any of the following occurred: (5 CCR 3200, 3201)

1. The district violated Part B of the Individuals with Disabilities Education Act (20 USC 1411-1419) and its implementing regulations (34 CFR 300.1-300.818).

2. The district violated Part 30 of the Education Code (Education Code 56000-56865) and 5 CCR 3200-3205.

3. The district violated the terms of a settlement agreement related to the provision of FAPE, excluding any allegation related to an attorney fees provision in the settlement agreement.

4. The district failed or refused to implement a due process hearing order to which the district is subject.

5. Physical safety concerns interfered with the provision of FAPE.

The complaint shall include: (5 CCR 3202; 34 CFR 300.153)

1. A statement that the district has violated or failed to comply with any provision set forth in 5 CCR 3201

2. The facts on which the statement is based

3. The signature and contact information for the complainant

4. If alleging violations with respect to a specific student, the student's name and address (or other available contact information for homeless student), the name of the school that the student is attending, a description of the nature of the student's problem and facts related to the problem, and the proposed resolution of the problem to the extent known and available to the parent at the time that the complaint is filed

The complainant shall forward a copy of the complaint to the Superintendent or designee at the same time the complaint is filed with the CDE. (5 CCR 3202)

HANFORD ELEMENTARY SCHOOL DISTRICT

AGENDA REQUEST FORM

TO: Joy C. Gabler

FROM: Karen McConnell

DATE: June 10, 2021

FOR: Superintendent's Cabinet

FOR: Information Action

Date you wish to have your item considered: June 23, 2021

ITEM: Approve recommended revisions to Administrative Policy and Board Policy 5141.22 – Infectious Disease

PURPOSE: Policy updated to reflect new law which requires local health officers to notify and update district of an outbreak, or imminent outbreak, of a communicable disease and requires districts to comply with any orders issued by the health officer and all applicable privacy laws. Updates also add a section on "Prevention and Mitigation Plan" reflecting general best practices based on COVID-19 guidance.

FISCAL IMPACT: None

RECOMMENDATIONS: Approve

Policy 5141.22: Infectious Diseases

Original Adopted Date: 11/09/2016 | Last Revised Date: 12/14/2016

The Governing Board desires to protect students from risks posed by exposure to infectious diseases while providing a high-quality education for all students. The Superintendent or designee shall collaborate with local and state health officials to develop and regularly update a comprehensive plan for disease prevention that promotes preventative measures, mitigation, education, communication, and training of students and staff. All measures to limit the spread of infectious diseases shall be nondiscriminatory and ensure that equity is promoted.

The Superintendent or designee shall regularly review resources available from health experts to ensure that district programs and operations are based on the most up-to-date information.

The district's comprehensive health education programs shall provide age-appropriate information about the nature and symptoms of communicable disease, their transmission, and how to help prevent the spread of contagious diseases.

If the local health officer notifies the district of an outbreak of a communicable disease, or the imminent and proximate threat of a communicable disease outbreak or epidemic that threatens the public's health, the district shall take any action that the health officer deems necessary to control the spread of the disease. The district shall comply with all applicable state and federal privacy laws in regard to any such information received from the local health officer. (Health and Safety Code 120175.5)

Students and staff shall observer universal precautions in order to prevent exposure to bloodborne pathogens and to prevent the spread of infectious diseases.

The Superintendent or designee shall inform students of the precautions to be used in cases of exposure to blood or other body fluids through injury, accident, or classroom instruction.

Students with Infection Disease

The Superintendent or designee shall exclude students from on-campus instruction only in accordance with the law, Board Policy, and administrative regulations. Because bloodborne pathogens such as hepatitis B virus, hepatitis C virus, and human immunodeficiency virus (HIV) are not casually transmitted, the presence of infections conditions of this type is not, by itself, sufficient reason to exclude students from attending school.

Parents/guardians are encouraged to inform the Superintendent or designee if their child has an infectious disease so that school staff may work cooperatively with the student's parents/guardians to minimize exposure to other diseases in the school setting. If necessary, the Superintendent or designee shall information the local health official of any potential outbreaks. The Superintendent or designee shall ensure that student confidentiality and privacy rights are strictly observed in accordance with law.

Regulation 5141.22: Infectious Diseases

Status: DRAFT

Original Adopted Date: 05/16/2001

Prevention and Mitigation Plan

The Superintendent or designee shall work with state and local health officials to develop and regularly update a plan to prevent and mitigate the spread of infectious diseases. Components of the plan may include, but are not necessarily limited to:

- 1. A communication strategy for informing students, parents/guardians, staff, and the community about the disease(s), including symptoms, complications, transmission, and current recommendations from state and local departments of public health
- 2. Protocols for assessing when campus closures are necessary and when campus(es) may reopen
- 3. Alternative means of instruction, schedules, and attendance, including the provision of instruction to students with disabilities, English learners, and foster or homeless youth, in the event of campus closures or partial closures
- 4. Guidelines regarding preventative measures such as social distancing, personal protective equipment, temperature checks, and/or any other health screening allowed by law
- 5. Protocols regarding the acquisition and provision of personal protective equipment and other supplies
- 6. Procedures for the cancellation or alteration of extracurricular activities and field trips
- 7. Protocols for transportation of students using district vehicles
- 8. Information on effective hygiene practices
- 9. Provisions for continuing free and reduced-price meal services
- 10. Processes for protecting students who are at higher risk from the disease
- 11. Programs that enhance a positive school climate and foster the emotional well-being of all students
- 12. Guidelines for cleaning and sanitization of district facilities and equipment
- 13. Protocols for visitors and outside groups that utilize district facilities
- 14. Staff training

The Superintendent or designee shall immediately report to the local health officer the presence or suspected presence of any communicable disease. (17 CCR 2508)

Universal Precautions in the Classroom

Before students work with blood, blood products, or other body fluids, the teacher shall explain the potentially hazardous nature of blood and body fluids in the transmission of various agents from one person to another and the specific procedures and safety precautions to be used in the lesson.

The following precautions shall be used when students are working with blood or other body fluids:

1. Before and after exposure to blood or other body fluids, students shall wash their hands with soap and water and cover any existing cut, wound, or open sore with a sterile dressing.

- 2. Students shall wear gloves or other personal protective equipment as appropriate.
- 3. Blood typing or similar experiments may be conducted by teacher demonstrations. When being performed individually, students shall work with their own blood or use prepackaged ABO/Rh blood cell kits that have vials of blood previously tested for transmissible agents.
 - a. For finger punctures, students shall use individual sterile lancets that have engineered sharps injury protection and shall not reuse them.
 - b. Before the finger is punctured, it shall be wiped with a piece of cotton that has been immersed in alcohol.
 - c. If bleeding persists after the finger is punctured, the student shall apply a sterile bandage using moderate pressure
- 4. Lancets and any other materials contaminated with blood or body fluids shall be discarded into a solution consisting of one part bleach to 10 parts water (1:10), made fresh daily.
- 5. At the end of the class, surfaces shall be wiped with alcohol or a solution of one part bleach to 10 parts water.

- DATE: 06/14/2021
 - FOR: Deard Meeting Superintendent's Cabinet

FOR: Information Action

Date you wish to have your item considered: 06/23/2021

ITEM:

Approve the following revised Exhibit: E 3553 – Free and Reduced Meals

PURPOSE:

The United States Department of Agriculture (USDA) requires that school districts ensure sufficient funds are being provided by meals served to students that are not eligible for free or reduced meals. As such, the USDA requires districts that charge less than the target weighted average of \$3.09 per paid student meal to increase the paid lunch price or provide non-federal support to the food service account. Since the District currently charges \$1.75 per a paid student meal to comply with the guidance. Since the District participates in the Community Eligibility Provision (CEP) and all District students receive meals for free, this amount only applies to those students that pay for lunch at non District sites to which the District provides meals. Additionally, the District is recommending an increase to the paid adult lunch (without milk) from \$3.85 to \$4.00.

FISCAL IMPACT:

There should be a slight increase in paid lunches by the private schools that are serviced by the District.

RECOMMENDATIONS:

Approve the following revised Exhibit: E 3553 – Free and Reduced Meals

Pursuant to Government Code Sections 53260-53264, employee contracts must include a provision limiting the maximum cash settlement the employee may receive upon termination of the contract to an amount equal to the monthly salary multiplied by the number of months left on the unexpired term of the contract. If the unexpired term is greater than 18 months, this maximum is equal to the monthly salary times 18. The cash settlement formula is a cap or ceiling on the amounts that may be paid to an employee and is not a target or example of the amount of the cash settlement to be paid to an employee in all contract termination cases. The cash settlement may noncash items other than health benefits, which may be continued for the unexpired term up to 18 months or until the employee finds other employment, whichever comes first.

Pursuant to Government Code Section 53243 et seq., any cash settlement paid by the District to EMPLOYEE in connection with the termination of this agreement; and although nothing in this agreement provides for the following, should any salary be provided to the EMPLOYEE by the District in the form of paid leave pending a criminal investigation, or any District funds be paid for EMPLOYEE's criminal defense, all such payments whether for a cash settlement, paid leave or criminal defense costs shall be fully reimbursed by EMPLOYEE to the District if EMPLOYEE is convicted of a crime involving an abuse of office or position as defined in Government Code Section 53243.4.

Kings County Office of Education GROW Intern Program for Participating Districts Memorandum of Understanding 2021-2023

A. General

When hiring an intern, an MOU between a participating district and a CA Commission on Teacher Credentialing (CCTC) approved Program Sponsor must be in place in order to comply with CCTC requirements.

The Kings County Office of Education Intern Program is a CCTC approved, two-year Education Specialist Teacher Intern Program for Mild to Moderate and Moderate to Severe Credentials and Multiple Subject Credentials.

Hanford Elementarty School District

B. Term

The effective dates of this MOU are July 1, 2021 through June 30, 2023. Either party may terminate this agreement by submitting written notice to the other party no later than 60 days prior to the start of a school year.

C. Purpose

The purpose of this Memorandum of Understanding is to establish a formal working relationship between the parties of agreement and to set forth the operative conditions which will govern this partnership.

D. Responsibilities

KCOE Intern Program and the Participating District agree to the following:

- 1. Pursuant to California Education Code 44321, the supervision, mentoring, and support of Intern Teachers is the responsibility of both the Commission-approved teacher preparation program and the employing agency. Per CCTC, employers are responsible for ensuring that the Intern Teacher they have hired is supported. Prior to an Intern Teacher assuming daily teaching responsibilities, the employer <u>must</u> identify a Site/District Mentor. The Site/District Mentor may not be the Intern Teacher's supervisor/evaluator.
- 2. The combination of employer-provided support and mentoring, and program support and supervision (provided by KCOE) to the intern must include the following:
 - a. A minimum of 144 hours of annual support/mentoring and supervision:
 - i. Support may include, but is not limited to weekly course planning of curriculum and assessments, coaching within the classroom, problemsolving regarding student issues, and teaching as needed in order to meet the Teaching Performance Expectations (TPEs) and to teach effectively.

公Kings County Office of Education

Todd Barlow - County Superintendent of Schools

- ii. A minimum of <u>five</u> hours per week of support/mentoring and guidance must be provided to an Intern Teacher by the employing agency.
- iii. The program sponsor will provide opportunities to fulfill a portion of the 144 hours of general support needed each year.
- iv. The program sponsor will provide the Intern Teacher with procedures to document and monitor the CCTC required hours of mentoring and support from the Participating District and KCOE Intern Program.
- v. The Intern Teacher will be responsible for documenting hours of support received.
- 3. An additional 45 hours of support/mentoring and supervision specific to meeting the needs of English learners shall be provided to an intern teacher unless the intern holds a CLAD, EL Authorization, or has passed all sections of the CTEL Examination.
 - a. The employing agency must identify an employee who will be immediately available to assist the intern with planning lessons that are appropriately designed and differentiated for English learners, for assessing language needs and progress, and for support of language accessible instruction through inclassroom modeling and coaching as needed.
 - b. The identified Site/District Mentor may be the same Mentor that is providing general support and supervision if the individual possesses an English learner authorization and will be immediately available to assist the intern teacher in working with English learners.
 - c. The program sponsor will provide opportunities to fulfill a portion of the 45 hours of support/mentoring and supervision specific to meeting the needs of English learners.
 - d. The program sponsor will provide the Intern Teacher with procedures to document and monitor CCTC required hours of English learner mentoring and support from the employer and KCOE Intern Program.
- 4. Jointly counsel the intern teacher and develop a plan to complete the requirements to earn a credential in the intern teacher's content or specialty area(s); both parties and the intern teacher shall concur on the plan.
- 5. The district will evaluate the intern on an annual basis.

KCOE Intern Program agrees to the following:

- 1. Employ an Intern Program Director(s) and other support staff to support all aspects of the Intern Program.
- 2. Provide office space, equipment, and meeting space for program activities.
- 3. Facilitate a process for equitable distribution of services to Intern Teachers and Site/District Mentors in all participating districts and schools.
- 4. Convene an Intern Teacher Program Advisory Committee, establish regular meetings, and provide data on program requirements and preliminary credentialing.
- Provide Intern Program training and information for Advisory board, district superintendents or designees, site administrators, district coordinators, and human resource staff.
- 6. Establish and maintain accurate program records and reports.
- 7. Maintain CCTC approval and accreditation as an Intern Program and Credentialing Agency.
- 8. Advise Intern Teachers about their involvement in the Intern Program, provide each Intern Teacher with a program plan, which outlines the courses needed to complete the credential program, and provide formative feedback about their progress toward completion of the program.
- 9. Process appropriate documents with the CCTC for intern and preliminary credentials for eligible candidates, recognizing that employment decisions (such as continuing employment and tenure decisions) are separate from credentialing decisions.

Kings County Office of Education

Todd Barlow - County Superintendent of Schools

- 10. Provide candidates coursework that includes the California Standards for the Teaching Profession (CSTP), Teaching Performance Expectations (TPE), student content Standards, and Program Standards.
- 11. Provide 10 hours of mentoring skills and coaching training to Site/District Mentors and Field Supervisors.
- 12. Provide Intern Teachers with a minimum of 120 of Pre-Service training prior to the Intern Teacher obtaining an intern teaching credential and entering the classroom as the teacher-of-record with the Participating District.
- 13. Ensure that the Intern Teacher is receiving required support/mentoring and supervision as part of the 144 General Ed/45 EL hours of yearly support by reviewing and verifying the number of support/mentoring and supervision hours conducted as reported by the Intern Teacher.
- 14. Identify a Field Supervisor with a clear or life teaching credential and at least three years of teaching experience to provide:
 - a. District support/mentoring and coaching to intern teacher, including coaching observations in the Intern Teacher's classroom, with additional ongoing support, mentoring and consultation outside of the Intern Teacher's classroom.
- 15. Authorizes the candidates in the Intern Program to assume the functions that are authorized by the regular standard credential. Intern Program coursework and support will meet the instructional or service needs of the participating district(s) with the primary objective being to increase the effectiveness of the intern in the classroom.

The Participating District agrees to the following:

- Pursuant to CCTC requirements, upon request the Participating District shall provide written certification to the KCOE Intern Program that each Intern placed with the Participating District has not displaced a certificated District employee, which shall enable the KCOE Intern Program to verify to CCTC that all statutory and CCTC requirements have been met.
- 2. Intern Teachers hired within the Participating District are employed as the teacher of record in an assignment that aligns with the credential being pursued (Ed Specialist Mild/Moderate or Moderate/Severe or Multiple Subject) and the Intern Teacher is teaching a minimum of .5 FTE in a face-to-face instructional setting with the same group of students on a daily or weekly basis.
- 3. Ensure that intern placements occur only at sites with a qualified administrator holding, at the minimum, a preliminary administrative credential.
- 4. Superintendent or designee coordinator/administrator maintains a position on the Intern Advisory Committee for program networking, implementation, compliance, evaluation, and to disseminate information to all participants and district stakeholders.
- 5. Select and assign Site/District Mentor to each Intern Teacher according to Intern Program Standards, which requires each Site/District Mentors to:
 - a. Hold a valid corresponding Clear or Life credential in the content area they are supporting
 - b. Possess EL authorization if responsible for providing EL support
 - c. Have at least 3 years of successful teaching experience
- 6. Ensure that all site administrators with Site/District Mentor(s) and/or Intern Teacher(s) on staff have been informed about the KCOE Teacher Intern Program processes and materials, and stay current with changing program requirements
- 7. Respond to requests for evaluation data as requested by the CCTC and the KCOE Intern Program, including survey completion, demographic and/or retention data.
- 8. Intern teaching assignments must enable the Intern Teacher to attend KCOE classes on time and complete the requirements of the KCOE Intern Program.
- 9. Provide release time necessary for the Site/District Mentor to conduct observations if needed.

经Kings County Office of Education

Todd Barlow - County Superintendent of Schools

- 10. Provide Intern Teacher release time necessary for observation of colleagues, reflection, and professional development activities as part of the required support/mentoring.
- 11. Provide Site/District Mentor release time to attend 10 hours of mentor training as required by the Intern Program (for the Site/District Mentor's first and second years) if necessary. The district will provide a substitute for the Site/District Mentor, if needed.
- 12. Allow, after parent/guardian permission is granted, KCOE Field Supervisor to observe Education Specialist Intern candidates during an IEP meeting, or failing that, to debrief with a participating district administrator who was present at a recent IEP meeting conducted by the Intern Teacher.
- 13. Recognize the credits earned by the Intern Teacher in the Program to the same extent as credits earned in a college or university for the purpose of employment salary and/or other benefits.
- 14. Recognize that an intern credential ceases to be valid when KCOE's program terminates an intern teacher for failing to fulfill the completion requirements of the KCOE Intern Program, including timely payment of tuition. The participating district will take appropriate action with regard to the intern teacher's position as teacher of record.
- 15. Notify the KCOE Intern Program as soon as possible if an Intern Teacher placement may be terminated or modified.

E. Other Conditions

Any and all products developed by the Kings County Intern Program are the exclusive property of the Kings County Office of Education (KCOE). School districts, their employees, staff, and subcontractors shall not have the right to disseminate, market, or otherwise use the products without the expressed written permission of KCOE.

F. Compliance with Applicable Laws

This Memorandum of Understanding shall comply with all federal, state and local laws, rules, regulations and ordinance that are now or may in the future become applicable.

G. Program Participation

Hanford Elementary

School District will employ Interns from KCOE's

Intern Program for the 2020-2021 academic school year.

Consider the adoption of Resolution #28-21: Education Protection Account Spending Determination

PURPOSE:

Proposition 30, The School and Local Public Safety Protection Act of 2012, approved on November 6, 2012 and Proposition 55 approved on November 8, 2016, temporarily increases the state's sales tax rate for all taxpayers and the personal income tax rates for upper-income taxpayers. The new revenues generated are deposited into a newly created state account called the Education Protection Account (EPA). School districts, county offices of education, and charter schools will receive funds from the EPA based on its proportionate share of the statewide attendance related state revenue amounts. A corresponding reduction is made to entity's attendance related state funding. Funding is distributed quarterly and provides the each entity the discretionary use of funds provided the spending plan is approved by the governing board during a public meeting. The sole restriction is that funds are not used for the salaries and benefits of administrators nor any administrative costs.

FISCAL IMPACT:

Penalties could be incurred should the District not disclose the how the Education Protection Account funding is budgeted and spent.

RECOMMENDATIONS:

Adopt Resolution #28-21.

RESOLUTION No. 28-21

RESOLUTION OF THE GOVERNING BOARD OF THE HANFORD ELEMENTARY SCHOOL DISTRICT

2021-2022 EDUCATION PROTECTION ACCOUNT SPENDING DETERMINATION RESOLUTION

WHEREAS, the voters approved temporary sales and income tax increases with Proposition 30 on November 6, 2012; and voters approved Proposition 55 on November 8, 2016 which allowed the sales tax increase to expire in 2016 while extending the increased income tax rates through 2030.

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012; and Proposition 55 amended Article XIII, Section 36 of the California Constitution effective November 8, 2016 and commencing on January 1, 2018.

WHEREAS, the provisions of Article XIII, Section 36(e) create in the State General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f) of the California Constitution;

WHEREAS, before June 30th of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts; WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the district shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of Hanford Elementary School District;

2. In compliance with Article XIII, Section 36(e), of the California Constitution, the governing board of the Hanford Elementary School District has determined to spend the monies received from the Education Protection Act as attached.

The foregoing resolution was adopted upon motion by Trustee ______, seconded by Trustee ______, at a regular meeting held on the 23rd day of June, 2021, by the following vote:

AGREEMENT FOR PROFESSIONAL SERVICES

THIS AGREEMENT is made and entered into this _____ day of _____, 2021, by and between the HANFORD ELEMENTARY SCHOOL DISTRICT ("District") and the law firm of GRISWOLD, LaSALLE, COBB, DOWD & GIN, L.L.P. ("Attorney"). In consideration of the promises and the mutual agreements hereinafter contained, District and Attorney agree as follows:

District hires Attorney to represent, advise, and counsel it as its legal advisor, and to provide legal advice and representation as requested.

Attorney shall provide legal services as requested by District and keep District informed of significant developments in those matters.

District agrees to pay Attorney based upon the rate schedule attached hereto as Exhibit "A"; however, agreements for legal fees other than on an hourly basis may be made by mutual agreement.

Attorney shall send District a monthly statement for fees and costs incurred. District shall pay Attorney's statement within thirty (30) days. Attorney's statement shall state the basis for calculations (or other method of determination) of Attorney's fees and costs.

IN WITNESS WHEREOF, the patties hereto have signed this Agreement.

AGREEMENT FOR SPECIAL SERVICES

I. <u>PARTIES</u>

This Agreement for Special Services ("Agreement") is entered into by and between the law firm of ATKINSON, ANDELSON, LOYA, RUUD & ROMO, a professional corporation, hereinafter referred to as the "Law Firm" and HANFORD ELEMENTARY SCHOOL DISTRICT, hereinafter referred to as "District."

II. <u>PURPOSE</u>

The District desires to retain and engage Law Firm to perform legal and, upon request, non-legal consultant services on the District's behalf. Law Firm accepts this engagement on the terms and conditions contained in this Agreement.

III. TERMS AND CONDITIONS

A. <u>Fees for Services</u>

1. <u>Standard Hourly Rate Services</u>

District agrees to pay the Law Firm at the following standard hourly rates:

Senior Partners	\$320
Partners/Senior Counsel	\$295
Senior Associates	\$285
Associates	\$275
Non-Legal Consultants	\$245
Senior Paralegals/Law Clerks	\$220
Paralegals/Legal Assistants	\$210

2. <u>Fixed Fee Services</u>

District agrees to pay the Law Firm a fixed fee for the following services:

A full day of training (up to 8 hours)	\$5,000
A half day of training (up to 4 hours)	\$4,000
A two-hour training	\$3,000
A one-hour training	\$2,000

3. <u>Fee Arrangements for Specialized Legal Services</u>

For specialized litigation and transactional services in the areas of construction, procurement, technology, prevailing wage, real property, CEQA, mitigation negotiations, school and college finance, tax, bankruptcy, copyright, non-profit organizations, immigration and appellate law, the District agrees to pay Law Firm at rates higher than the standard hourly rates for special projects or particular scopes of work. The Law Firm shall inform the District of the rates for specialized services and the Superintendent or designee shall agree to such rates in writing prior to any billings for specialized legal services by the Law Firm.

4. <u>Costs and Expenses</u>

In addition to the fees described above, the District agrees to pay a five percent (5%) "administrative fee" calculated and based on the total monthly billed fees to cover certain operating expenses of the Law Firm incurred in providing services to the District. This administrative fee is in lieu of charging the District for Westlaw, photocopies, automobile mileage, parking, facsimiles, telephone, document preparation, and postage.

Costs relating to fees charged by third parties retained to perform services ancillary to the Law Firm's representation of District are not included in the administrative fee and are charged separately. These include, but are not limited to, deposition and court reporter fees, transcript costs, witness fees (including expert witnesses), process server fees, and other similar third party fees. The Law Firm shall not be obligated to advance costs on behalf of the District; however, for purposes of convenience and in order to expedite matters, the Law Firm reserves the right to advance costs on behalf of the District with the prior approval of the Superintendent or designee in the event a particular cost item exceeds \$2,000.00 in amount, and without the prior approval of the Superintendent or designee in the event a particular cost item totals \$2,000.00 or less.

If the Law Firm retains, with authorization from the District, experts or outside consultants for the benefit of the District, rather than the District contracting directly with any expert or outside consultant, the District agrees to pay a five percent (5%) "consultant processing fee" in addition to the actual costs paid by the Law Firm to the expert or outside consultant in order to offset related costs to the Law Firm resulting from administering and initially paying such expert and outside consultant fees on behalf of the District. This fee shall not apply to the services of Law Firm-provided non-legal consultants as set forth in paragraph F., below.

B. <u>Billing Practices</u>

1. A detailed description of the work performed and the costs and expenses advanced by the Law Firm will be prepared on a monthly basis as of the last day of the month and will be mailed to the District on or about the 15th of the following month, unless other arrangements are made. Payment of the full amount due, as reflected on the monthly statement, will be due to the Law Firm from the District by the 10th of the month following delivery of the statement, unless other arrangements are made. In the event that there are funds of the District in the Law Firm's Trust Account at the time a monthly billing statement is prepared, funds will be transferred from the Law Firm's Trust Account to the Law Firm's General Account to the extent of the balance due on the monthly statement and a credit will be reflected on the monthly statement. Any balance of fees or costs advanced remaining unpaid for a period of 60 days will

250

be subject to a 1% per month service charge.

2. The Law Firm shall bill in one-quarter hour increments.

3. Certain tasks shall be billed at established minimum time increments. These include: (a) telephone conference (.25 hour), (b) electronic correspondence (.25 hour), (c) standard written correspondence (.50 hour), (d) provide a document (.50 hour).

4. The Law Firm may charge the full hourly rate to more than one client for services provided concurrently during the same time period. For example, in the course of traveling to the District or while providing legal services at the District, it may be necessary for the Law Firm to provide billable services to other clients.

5. District agrees to review the Law Firm's monthly statements promptly upon receipt and to notify the Law Firm, in writing, with respect to any disagreement with the monthly statement. Failure to communicate a written disagreement with the Law Firm's monthly statement within thirty (30) days of the District's receipt thereof shall be deemed to signify the District's agreement that the monthly billing statement accurately reflects the services performed; and the proper charge for those services.

6. After the conclusion of a particular engagement (e.g., an investigation) should a need arise for the Firm to respond to any subpoena or discovery, to provide testimony at deposition, trial or arbitration, or to otherwise perform services with respect to any matter relating to or arising out of that engagement, the District shall compensate the Firm at its then applicable rates for time expended, including all required preparation time.

C. <u>Termination of Representation on a Particular Matter</u>

The Law Firm reserves the right to discontinue the performance of legal services on behalf of the District on a particular matter upon the occurrence of any one or more of the following events:

1. Upon order of a court of law requiring the Law Firm to discontinue the performance of legal services;

2. Upon a determination by the Law Firm in the exercise of its reasonable and sole discretion, that state or federal legal ethical principles require it to discontinue the performance of legal services;

3. Upon a failure of the District to perform any of the District's obligations with respect to the payment of the Law Firm's fees, costs or expenses as reflected on the monthly bill;

4. Upon a failure of the District to perform any of the District's obligations with respect to the duty of cooperation with the Law Firm in connection with the Law Firm's representation of the District.

In the event that the Law Firm ceases to perform services for the District on a matter, the District agrees that it will promptly pay to the Law Firm any and all unpaid fees and costs advanced, and retrieve all of its files, signing a receipt therefor. Further, the District agrees that,

with respect to any litigation where the Law Firm has made an appearance in a court of law on its behalf, the District will promptly execute an appropriate Substitution of Attorney form. Any termination of Law Firm's representation on such a matter may be subject to approval by the applicable court of law.

D. <u>Consent to Joint Representation</u>

The District acknowledges that from time to time Law Firm may be asked to perform legal services on a matter affecting two or more public education local agencies. In such situations before proceeding with representation, Law Firm shall seek separate written consent to joint representation from all involved parties if permissible according to ethical principles applicable to attorneys. The District acknowledges that it is often in the best interest of the District for such representation to commence without undue delay which may result from waiting until a regularly-scheduled Board meeting. Therefore, pursuant to Education Code section 7, the Governing Board of the District hereby delegates to the Superintendent or designee authority to consent to joint representation in the circumstances described in this paragraph.

E. <u>Client Cooperation</u>

The District agrees to fully cooperate with the Law Firm in connection with the Law Firm's representation of the District, including but not limited to, attending mandatory court hearings and other appearances, making its employees and officials available, and providing accurate information documentation necessary to enable the Law Firm to adequately represent the District.

F. <u>Services Performed by Law Firm-Provided Non-Legal Consultants</u>

The Law Firm has an affiliation with non-legal consultants who are available to provide services in areas including, but not limited to, personnel/business office audits, human resources/collective bargaining consultation, special education consultation, public/employee relations surveys and communications, media and public relations, budget analysis/support services, instructional coaching/counseling at school improvement sites, leadership coaching, board/superintendent relations and best practices, and interim management placement.

Because the Law Firm has a financial interest in the District's use of these affiliated nonlegal consultants, the rules of the State Bar of California require that the District provide its informed written consent to this arrangement prior to utilizing these services. Execution of this Agreement shall be deemed "informed consent" for the purpose of this paragraph. The District is hereby advised that it may seek the advice of an independent attorney of your choice prior to providing such written consent.

Please also be advised that because the services of these non-legal consultants are provided to the District outside of the attorney-client relationship, communications with these non-legal consultants will not be protected from disclosure by the attorney-client privilege.

G. <u>Consent to Law Firm Communication</u>

As part of our commitment to client service, the Law Firm will send the District periodic alerts on case developments and legislative changes, and notices of breakfast briefings, conferences, and other training opportunities designed to help the District with daily legal concerns. The Law Firm will send those and other additional service notices to the District via regular mail and/or electronic mail at the email address which you designate or the email used in your daily communications with us. By execution of this Agreement, the District and designated contact(s) consent to receive such communications by electronic mail subject to the right to unsubscribe at any time.

H. Identification of Insurance Coverage

With respect to insurance coverage for any matters covered by the scope of services under this Agreement, you agree that it is your own responsibility, rather than the Law Firm's responsibility, to identify potential insurance coverage and to tender legal matters to any appropriate insurance companies that may insure you. If you desire that the Law Firm become involved in identifying potential insurers and/or the tender of legal disputes, then a separate written agreement between you and the Law Firm to that effect will be required.

I. <u>Miscellaneous</u>

1. The Law Firm maintains errors and omissions insurance coverage applicable to the services to be rendered.

2. The parties agree that the Law Firm, while engaged in carrying out and complying with any of the terms and conditions of this Agreement, is an independent contractor and is not an employee of the District.

3. After a file on a matter is closed, the District has a right to request the Law Firm to return the file to the District. Absent such a request, the Law Firm shall retain the file on the District's behalf.

IV. <u>BINDING ARBITRATION</u>

If any dispute arises out of, or related to, a claimed breach of this agreement, the professional services rendered by attorneys, or any other disagreement of any nature, type, or description, regardless of the facts or the legal theories which may be involved, including attorney malpractice, breach of fiduciary duty, misrepresentation, or conflict of interest, such dispute shall be resolved by confidential and binding arbitration upon the written request of one party after service of that request on the other party.

There are significant advantages and disadvantages of binding arbitration. The parties shall agree on an arbitrator with special skills and experience to hear and determine the dispute unlike in a court proceeding where a judge is assigned. If the parties cannot agree, then the Superior Court of Kings County shall choose an impartial arbitrator whose decision shall be final and conclusive on all matters.

The parties shall each have the right of discovery in accordance with Code of Civil Procedure Section 1283. Arbitrations conducted pursuant to this agreement permit the same discovery rights as in a court proceeding. Each party shall bear their own costs and attorney fees, including payments to the arbitrator which can be significantly more costly than the filing fee in Court proceedings where costs may be awarded to the prevailing party. Each party to this agreement waives and therefore gives up important constitutional rights in arbitration as the arbitrator's decision is final. There is no right to appeal to challenge any errors made in the arbitration proceeding. Unlike court proceedings, arbitration proceedings are conducted privately and the outcome will remain confidential. There is no right to a trial by a judge or jury of one's peers. There is no limitation on the type of monetary damage that can be awarded by the arbitrator. The client is advised that the client has the right to have an independent lawyer of client's choice review this arbitration provision.

V. <u>DURATION</u>

D / 1

This Agreement shall commence July 1, 2021 and terminate on June 30, 2022 and shall thereafter continue from month to month at the then current rate schedules until modified in writing by agreement between the Law Firm and the District up to a maximum of five (5) years duration per Education Code section 17596.

Either the District or the Law Firm may terminate this Agreement on thirty (30) days' written notice.
