

Dear Parents and Carers 21.6.21

Term 6 Week 3

Time is flying in Year 2—we are so impressed with the whole of Mulberry and Dewberry classes as they have continued to show brilliant pro-learning and pro-social skills throughout the very hot weather!

Please provide a named sun hat daily for use at playtimes. Children can apply sun cream if they bring it from home in the classroom before play and lunch.

English

This week we will be reviewing the facts we found about fox hunting and having a debate for and against.

Once the children have decided if they are for or against they will be writing a persuasive letter explaining their reasoning.

Maths

This week we will be embedding our addition and subtraction skills. We will begin by adding two two-digit numbers in a variety of ways and then subtract two two-digit numbers in a variety of ways.

This will include bridging tens in addition and exchanging in subtraction.

Wider curriculum

In History this week we will be continuing to explore the Great Fire of London. We will be looking at how the fire was documented and how the people of London reacted.

In science we will be exploring the difference between living, was once living and non living.

Sounds Write

This week we will learn to spell and build words containing the sound /j/. There are four different spellings for /j/, /j/ as in jolly, /g/ as in giant and /ge/ as in large and /dge/ as in badge.
