June 21, 2021 Special Board Meeting**

Closed Session: Public Employee Performance Evaluation - Superintendent of Schools

Name	Comment
Jane Leary	<p>I ask that the Board NOT renew the Superintendents contract. He has not worked well with much of the community. As a result many Laguna residents lack trust in the school system.</p> <p>Since he has come on board there has been no transparency in his communications nor in how the Board conducts business.</p> <p>He has done a poor job of taking parents views into consideration and has not been a positive face for our schools.</p> <p>The trimester system was a disaster for many of our students. Since he became Superintendent our schools have gone downhill.</p> <p>I urge the Board NOT to renew his contract.</p> <p>Respectfully, Jane Leary</p>
Barbara	Please do not renew the contract for superintendent of schools
Michèle Monda	<p>Please do not renew Vilorias contract. What was once one of the best school districts in the County is now failing. Parents are pulling their children for private school or to home school because of the failure of this Superintendent to listen to parents/students and how they want their children educated, failure to interact with his "clients", the parents, to understand what is best for them and failure to enact changes that will let the students succeed. The trimester setup and then the 4 x 4 - all disasters for the poor students. Do not allow this to go on. We need a change of leadership at the top that is student centric and doing the utmost to help them succeed.</p>
