

MY POWER RANGERS GOLD ^{LOW 7th}
SAMURAI TOY IS SPECIAL TO ME
BECAUSE it's one leg moves if i move the one
leg back and forth.

It has a super ability to allow the gold
Power Ranger's samurai toy to use the
ninja rush on the enemy.

Then the enemy grows and then the gold
Power Ranger's samurai toy grows and
then the gold Power Ranger's samurai
toy and the enemy fight in another battle
then the enemy electrocutes and then blows
up.

Then the enemy goes back to the enemy
base until the enemy has to fight his
next enemy.

Then the Power Ranger's samurai toy goes
back to the superhero base and then
tells his master i am strong.

Then the superhero master says good job
my student.

Then the enemy goes to his master and says that power rangers samurai gold toy is fighting and defeating every single enemy you send at him.

Then the enemy master says he is stronger than I thought he was.

In conclusion I think my gold power rangers samurai toy is the coolest toy I have ever had and is the best.
