

I'm going to tell you about my brother. My brother is very important in my life. My brother lives with his dad. I only see him on the weekends. When he comes home we play but we always fight but we still get along. Me and my brother always ride dirt bikes. Sometimes when I can't sleep I will ask him if I can sleep with him and he will say yes. When he leaves I cry. I love my brother very much!!
