

Dear Parents and Guardians,

The Liberty Elementary School District believes that extracurricular activities are a very important part of the overall educational process. In order to help offset part of the cost of all extracurricular programs and to provide these opportunities equitably to all schools, the District has established a participation fee for all extracurricular programs.

This fee will help offset part of the cost of activity trips, the sponsor addenda, uniforms, officials, and other items consistent with the extracurricular programs. Additionally, extracurricular activities assigned a fee are legally eligible to use Extracurricular Tax Credit donations to enhance extracurricular programs.

- Extracurricular Athletics - \$25.00
- Science Olympiad - \$25.00
- Other Extracurricular Activities - \$25.00
- Student Council, Yearbook, NJHS - \$5.00
- Non Maintenance and Operations Funded Activities - \$5 - \$25
- Extracurricular Field Trips - \$1 - \$450

The amounts listed above are paid per activity. Additional program costs for things such as event entrance fees, costumes that students are allowed to keep, or special supplies may be charged depending on the activity.

In establishing the activity fee, the District does not wish to create any economic hardship on families. Parents or guardians may take advantage of the **extracurricular fees tax credit option** to help cover this fee.

In addition, scholarship opportunities will be available for those unable to pay. Please see your child's activity sponsor or contact your school front office for more details on either option.

Sincerely,

Jason Nuttall
Assistant Superintendent of Support Services
