

SRVCA Preschool

SRVCA's Preschool is dedicated to seeing every child succeed and grow as they learn more through our intentional and engaging program. We provide an environment where children can develop, form lasting friendships, and excel as the unique people they were created to be. Our nurturing environment helps young children grow and develop spiritually, emotionally, physically, mentally and socially through age appropriate activities.

Classrooms

Our classrooms provide fun, age-appropriate learning environments that allow preschoolers to safely and confidently explore their world. Small teacher to student ratios allow teachers the opportunity to give personal attention to your child. Our playground offers the opportunity for children to tend a garden, ride bikes, climb and slide, dig in the sand, and play with hoops and balls. Imaginary play takes place in and around our playhouses which have ample supplies of tools and dishes.

3 YEAR OLD CLASSES

Our classrooms for three year old's are inviting and designed to introduce children to many modes of creative learning. We welcome children into loving, nurturing environments where learning is developmentally appropriate and great fun.
