

## WALL BALL

### Objective

To hit a ball against the wall forcing the opponent into a mistake.

### Number of players

Two at a time

### The Court

A wall with cones or lines about 6-8 feet apart. (No out-of-bounds on the ground, but the ball must hit the wall between the markers.)

### Striking the Ball

Ball must be hit using only one hand.

Throwing or two hand carries are outs.

### Playing the game

The first players determine the server.

The serve must be hit, not thrown.

The serve must hit the ground before hitting the wall.

The next player must let the ball bounce once on the ground after it hits the wall.

The ball must hit the wall between the markers.

### You are out of the game if ...

You let the ball bounce more than once.

You are hit by the ball. (You may not hit another player on purpose.)

You do not hit the ball against the wall between the markers. If it hits the line you're out.

You catch, throw or push the ball.

You block another player on purpose.

Pocket/Corners hits are out.

Waterfalls are out.

### Remember

Go to the end of the line if you are out.

Only one serve attempt.

The new player coming in gets to serve.
