Philosophy

The athletic program at Hernando Christian Academy is designed to adhere to the mission statement of Hernando Christian Academy athletics, to reinforce the concepts of the Christian worldview and the institution of citizenship. The H.C.A. athletic program works hand-in-hand with academics to develop the best qualities in our student-athletes. We are committed to developing the well-rounded student-athlete emphasizing spiritual commitment, academic excellence, and year-round physical conditioning.

H.C.A. Athletic Mission Statement

Hernando Christian Academy athletics endeavors to "Build leaders with Christian character". We strive to impart upon our student-athletes; integrity, sportsmanship, discipline, teamwork, self-sacrifice and a willingness to be 'role' players in the kingdom of God. *"To act justly and love mercy and to walk humbly with your God," Micah 6:8*

Objectives:

- To impart spiritual truths in a real world setting.
- To recognize that each individual student is a unique creation of God, and to provide the opportunities for maximum participation for all students in a variety of activities and play.
- To develop within each athlete, the individual and team skills necessary to compete successfully and reach for that individual's God given potential.
- To develop within each athlete strong team spirit and a loyalty to the school.
- To teach good sportsmanship.
- To provide opportunities for athletes which encourage self-confidence, sociability, initiative, and a feeling of belonging.
- To promote an understanding of body growth, development, and the importance of good health habits in aiding that growth and development.
- To provide the leadership, rules, and disciplines necessary to assist each athlete in attaining all of these objectives.

General beliefs:

Hernando Christian Academy believes that athletics are an integral part of our total educational program.

- We believe that the whole program is important.
- We believe that each sport provides an activity through which students may express themselves physically, emotionally, and mentally.
- We believe that coaches have the unique opportunity to direct and encourage students in the development of their life.
- We believe that the head coach is the department head of the sport for which he/she has been selected. He/she must work closely with the Athletic Director and Superintendent.

HCA Athletic Handbook

The Athletic Director is assigned by the Superintendent to administer the athletic program. Head coaches are directly responsible to the Athletic Director and are charged with the supervision of those coaches related to their program.

Administering the Athletic Program

- Athletics are to be closely coordinated with the general instructional program and properly communicate with other departments of the school.
- Athletics are to be conducted under the rules of the Florida High School Athletics Association, Sunshine State Athletic Conference and FCAPPS, of which Hernando Christian Academy is a member.
- Athletics should be amateur competition in procedure and in spirit. Student athlete should always play to win, but winning should not overshadow spiritual or educational goals.
- It is of vital importance to the entire department, as well as to the boys and girls, that professional loyalty exists on the highest levels.
- Each student-athlete will be administered a \$150 athletic fee for each sport the student-athlete participates. Because of insurance fees, student-athletes participating in football will be administered an athletic fee of \$250.

4. Absence from school – **I realize as a full time student, I must attend at least one/half of my classes or I may not be permitted to participate in that day's scheduled activities. Part time students must present a bonafide excuse to be exempt from the attendance rule (etc. Doctors / Dentists appointments, funeral). Full time students may also be exempt with a bonafide excusal. This does not include unauthorized excuses such as senior skip day, etc. All exemptions are subject to administrative approval.**

10. Players must ride school transportation to all away games unless prior arrangements are made with the coach for special purposes. Athletes must also ride back from all away games unless they are released to their parents or they may be released to **the care of others** after a game, if the coach has a signed permission slip from the parents.

A coach may release an athlete to someone other than their parents only *after receiving a note from the parent stating the athlete may be released to the said adults who are taking responsibility of the athlete*. The note must be signed and dated. Without prior notice in writing, **Student athletes may only be released to their parents.**

Notes:

Season definition:

A season begins on the official opening day of practice, as designated by the FHSAA, SSAC or FCAPPS, and ends at the conclusion of the HCA season. The "scheduled" season includes regular season games, matches, meets, plus guaranteed tournament games, matches and meets.

Limit of Practice Days and Times

Coaches are to hold practices when they deem them necessary. Saturday practices may be held at the coach's discretion. **No organized Sunday practices are allowed on the campus by any HCA team unless granted permission by administration.**

Open Gym Policies

Definition: Open gym refers to the summer season workouts and/or practices that are called by the coach. The purpose is for athletes to work on their skills and become better at that particular sport. Coaches may have as many open gyms as they deem necessary to improve the skills of their team. Athletes are encouraged to attend, but attendance is not mandatory. **ALL FHSAA RULES AND REGULATIONS MUST BE ADHERED TO.** In fact, coaches must maintain a level of professionalism to support and encourage athletes and coaches of all other athletic programs that are **IN SEASON.**

Summer season is not regulated by the FHSAA. Summer season is defined by the period between the last day of school and the first day of the defined FHSAA fall season.

Rules:

1. All students, including ones that do not participate on any team, are invited to participate and play during open gym times.
2. A coach or school employee **MUST** be present at every open gym.

HCA Athletic Handbook

Athletic Fundraising Policies

All fundraising activities for any HCA sanctioned sport must be approved by administration and be administered through the Athletic Department both physically and financially.

Athletic/Activity Conflict Policy

This policy is to be adhered to in the event of a conflict between school activities for a student participant.

- All students participating in extra-curricular activities should be advised of the procedure that will be followed in the event of a conflict. This should occur prior to the beginning of the season or the activity.
- The sponsors or coaches shall meet with the principal and athletic director to identify anticipated conflicts before they occur. Once this meeting occurs the **sponsors and coaches** are to meet to resolve the identified conflicts while adhering to the guidelines of this policy on or **before** the conflicts occur.

Note:

Additional meetings may be called at the discretion of the sponsors/coaches.

- The purpose of these meetings will be to determine possible conflicts and to resolve them by using the following criteria:
 - District, conference, sub-district, regional, sectional, semifinal, or state competitions should have priority. If two similar events occur on the same date, the participant will perform in the event which has the greatest importance toward the team, group, or individual event or outcome. If both events are of equal importance to both parties, then the decision will be left up to the student.
 - Consideration should be given as to how the loss of the individual will affect the group or team concept and the total function of the program before a decision is made.
 - Regularly scheduled contests or performances **take precedence** over any type of practice session.
 - Students may not participate in two sports that are taking place at the same time unless receiving permission from administration. The athlete must pick one or the other before the two seasons begin.
- Decisions should be made by the sponsors/coaches (when possible) prior to getting students involved.
- A student may not be penalized in the event a conflict still exists after all options have been exhausted by the sponsors and the student makes the choice.
- Disagreements between sponsors pertaining to student conflicts will be handled by the Superintendent and shall be final.

HCA Athletic Handbook

- Coaches should **NEVER** pressure student-athletes into participating or not participating in a particular athletic program. Remember we are a small school with limited athletes to represent all of our equally important athletic programs.
