Dr. Willis noted that she is proud to continue the time-honored partnership between the HANNA Foundation and the Susquehanna Township School District by serving as one of the newest members of the Board of Trustees. She noted that the Foundation represents the best of Susquehanna Township and embodies the core values of the District. She asserted that she believes that every learner deserves a world-class education, regardless of background or life challenges and that the Foundation has enhanced educational opportunities for our learners through its legacy programs like the Zach Holtzman Award and others, its funding of Communities in Schools Site Coordinators in our buildings and its pledge to eradicate food insecurity within our Township. She noted that she is proud to be a part of this noble work and that she looks forward to the next chapter in this partnership. Dr. Willis concluded her report by noting that the Rebranding Committee will be meeting on April 23rd to review the motion passed by the school board during their last meeting. She noted that this evening we have presenters from the Native American community who will share insights heard by the committee during its process. She noted that she looks forward to giving the board an opportunity to engage with our guests.

II. APPROVAL OF AGENDA ITEMS FOR APRIL 19, 2021

MOTION TO APPROVE

2.A. Moved by Mr. Dietrich, seconded by Ms. Byzek, to approve the meeting agenda for April 19, 2021.

2.B. Board Member Comments

SPEAKER Mrs. Voughs reported that Mr. Rawls is in recovery from Covid 19. She asked that we all keep him in our thoughts and prayers.

III. HEARING OF THE PUBLIC

SPEAKER Mr. Clifton Edwards noted that the net on the tennis court outside of the building entry is in disrepair and needs to be replaced. He noted that the STHS Boys Tennis Team has played with this net all season and that this is the final week of play. He suggested that a head band for the net costs \$34.95 from Midwest Sports and that he would gladly purchase the replacement band if the district is not in a position to replace the net in the near future. He suggested that it is a disservice to our students to have played the entire season with equipment in this condition, as well as a disservice to the broader community. He also noted that it is time to take the signs down that say the courts are under surveillance and closed to the public.

VICE PRESIDENT Mrs. Voughs noted that public comments will be addressed by Administration.

ALUMNI

I've always been interested in art – studying fashion and drawing in high school. I enjoy it all, but it was when I was given a camera that my interest really changed. I applied and was accepted in Maine College of Art's Summer Pre-College program, which is a three-week intensive studio experience that allowed me to explore photography in a way I never could do in Harrisburg. As a shy person, it is hard for me to share my feelings, but I knew in my heart that this experience would change my life. I come alive behind a camera. The \$1,500 the alumni association awarded me to attend MECCA was life-changing. - *Jahbree Kershaw*

I am sincerely honored to have been selected as the recipient of one of the STHS Alumni Scholarships and grateful for the opportunities it will provide me. Without a doubt, this scholarship will play a key role in achieving my educational dreams. The financial burden placed on me to pursue my education will be reduced. Thank you for your continued support! - *Lexi Weikert*

Mini Grants fund and supplement innovation and technology in our schools. More than \$15,000 in the past two years have been awarded for drone technology for GIS mapping in forensic science classes, murals at the middle school, incentives to bolster positive behavior at every grade level, innovative classroom learning tools, flexible seating for special education classrooms, and iPads in classroom centers.
