

# A letter from DR. CAREY

JUNE 25, 2021

Dear ESD Families,

**Jill Barrett, Principal at Enumclaw Middle School, has accepted a position as the K-12 Elective Coordinator for Auburn School District.**

Jill shared with EMS staff and families, "I have accepted a position with the Auburn School District as the Coordinator of K-12 Electives. If you did not know already, Auburn is where I grew up until my family relocated to Oak Harbor, Whidbey Island when I was 17 years old, beginning my junior year of high school. Over the past 36 years, Auburn has had a magical pull on me. I have left many times for various reasons, but have always returned. Auburn School District is where I have spent 15 of my 21 years in the profession of education.

I have been on a learning trajectory these past four years at Enumclaw Middle School unlike any before. Ferociously, I have been taking notes capturing the skills and talent of our staff in creating a truly amazing learning community; quality of instruction, love/care/support for our students, collaboration with colleagues, special services for our students, relationships with our community. At the end of this fourth year, I can say that I am a better educator and leader because of what I have learned from the staff at EMS!

But, it is our EMS students that I will carry in my heart. Their self-advocacy, leadership, stick-with-it-ness, joy and angst of being a middle schooler, and their perseverance through this past year have captured me as no other student body has before. Timberwolves forever!"

The District will now begin the search for the next principal of Enumclaw Middle School. The position will be posted tomorrow, statewide to recruit the best-qualified candidates. We will work to fill this position as soon as possible.

## Summer Communication

I have enjoyed the opportunity to provide updates and communicate each Friday through this newsletter. I do plan to continue through the summer break, however, the cadence will change to biweekly, every other Friday. We will continue to communicate important information and updates related the DOH guidance and plans for Fall as needed.
