Return To Campus - Road Map

You should have received a communication from SKSD regarding a "Return to Campus Road Map" which was discussed at the October 7 school board meeting. It identifies a tentative return to in-person learning for Kindergarten and First-Grade students on November 9. The information presented is available via the following link: <https://www.skschools.org/cms/One.aspx?portalId=58490&pageId=29229739>

I **strongly** encourage all families to review the information in these materials. It will answer many questions you may have, and also includes proposed dates for additional grade levels to return to in-person learning. The final decision to begin Kindergarten and First-Grade students on November 9 will be dependent on the current health department information and recommendations closer to our actual start up date.

Kindergarten First-Grade Parent Survey Calls

If you are a parent of a Kindergarten or First-Grade student, the office staff will soon be contacting you to confirm whether you would like your student(s) to return to campus for in-person learning under the revised SK Flex Model, or if you intend to keep your child learning remotely for the remainder of the school year. They will also be asking if you plan to send your child to school on a school bus, or if you will be transporting them daily.

Principal Contact Information

Please feel free to leave me a voicemail at 360-443-3059 or email me at ward@skschools.org if you have any questions or concerns as we transition back to in-person learning. I am frequently visiting classrooms or attending meetings on Zoom but I will get back to you as soon as possible.

We'll see our Hawks on Tuesday!

Brenda Ward, Principal
