Technology Tips To Start The Year From Mrs. Johnson, Librarian & Technology Liaison

If you borrowed a school Chromebook

- Plug it in and let the battery charge (light where cord plugs in will turn from orange to bluish color when fully charged).
- Once charged, turn on and leave on for several hours so it can update. (They were off all summer)
- Have student practice logging in with district username and password (taped to lid)
- Shut down and plug in at the end of every day and restart the next day.

Everyone

- Go to South Kitsap School District website (www.skschools.org) Click on the gear symbol in blue circle in the top right corner of the page to access HelloId
- Log in with student district username and password
- This dashboard is where your student will access Google Classroom, Zoom and any other apps that are required.

If you have any technology issues or need your student's username and password, please email Mrs. Johnson at johnsont@skschools.org for assistance.
