Principal's Office

Dear Families of the Class of 2025 and Transfer Students,

As we move into the month of July, I would like to provide a few important items related to preparing for the 2021-22 academic year for our new students and families.

Summer Assignments: Assignments for all students can be found [here](#) and posted on our website. Please take some time to overview the list and use the hyperlinks in the table of contents to easily find your courses. All students should complete their assignments prior to school starting in September. Any questions should be directed to Mr. Broussard, Assistant Principal for Academics and Student Life, at broussardc@fordhamprep.org.

Freshman Technology Orientation: You will soon receive information by email from Mr. Greg Curran, Director of Technology, regarding required technology orientation for all freshmen. The dates are Tuesday, August 31, Wednesday, September 1, and Thursday, September 2. Freshmen will attend only one day. More information to follow. Any questions can be directed to Mr. Curran at currang@fordhamprep.org.

Transfer Student Orientation: Orientation for all incoming transfer students will take place on Tuesday, September 7. More information to follow from the Admissions Office. Any questions can be directed to Mr. Corey Punter at punterc@fordhamprep.org.

Information for the 2021-22 Academic Year: You can find information regarding the new school year on our website [here](#). There is a separate page for each grade level with important links and information. Please note that this information will be regularly updated throughout the summer. Student orientation sessions will take place on Wednesday, September 8 and Thursday, September 9 to start the school year.

I will send a formal communication by email to all parents/guardians in early to mid August with detailed information for the 2021-22 academic year. Until then, I hope that the above points are helpful as you prepare for your arrival at the Prep.

On behalf of the entire administration, faculty, and staff, we very much look forward to welcoming you in September. Enjoy the summer!

Best Regards,

Joseph A. Petriello, PhD '98
Principal
