The transmission of your student's voice and/or image over the internet is a different use or release of student directory data than described in the Student Directory Data Form on file for your student. While every attempt is made to ensure a secure transmission, *there exists a risk that the transmission may be received by someone other than the intended recipient, or that the recipient will re-transmit the voices and/or images received.* If you are willing to allow your student to be part of the group whose image is transmitted, please sign and return the following consent to include your student in this activity.

**I/We hereby give the Madison Metropolitan School District permission to transmit the student's voice and/or image as described above.** I understand the potential risks, and hereby release and hold harmless the MMSD from any liability or harm that might result from the transmission.
