

Stay informed of the latest schedule updates with our online calendars.

- Subscribe to dynamic updates to the school calendar from our **public website**: www.desmet.org/calendar
- Subscribe to your student's schedule after logging into **OnCampus (private website/parent portal)**: <https://desmet.myschoolapp.com>

If you previously subscribed to the All School Events - De Smet Jesuit calendar, no further action should be needed. See how to subscribe below. For more options, watch the 2019 video tutorial on our calendar webpage (please note, some references were updated in the website redesign of spring 2020).

How To Add School Calendar To Your Devices.....

1. Subscribe to school calendar from public website:
www.desmet.org/calendar

2. Under Upcoming Events, click grey RSS feed icon.

3. A pop up box will appear, find All School Events - De Smet Jesuit, then click on green iCal button. NOTE: On a mobile device you may have to scroll to the right to see this.

4. Add to Default Calendar App, Google calendar, or get URL.

Please allow a few hours for dynamic updates to appear.

While you can subscribe to the school calendars from within OnCampus, the names show up less clearly on mobile devices; therefore, for the All School Events calendar, we recommend you subscribe from the public website as described above.

See reverse side for step-by-step instructions on how to subscribe to your student's class schedule.

OnCampus calendar monthly view showing school calendar. These events feed our public website calendar.
