Principal's Den

Hello LES Families!

We have entered the final 9 weeks of this remarkable school year! The front office is operational as Phase I has ended and Phase 2 of the renovation has started. PE has transitioned nicely to the Multi-purpose room, while art and music are thrilled to be in their new spaces.

TNReady will begin for our 3rd and 4th grade students at the end of this month and in to the first week of May. Please be sure your child gets a good night's sleep, eats a filling and healthy breakfast, and is on time during testing. Your child's teacher will send home a testing schedule so you will know exactly when your child will be taking these end of the year assessments.

Respectfully,

Mrs. Patton

A Graphic Novel Discussion

As parents, we are always looking for ways to support and encourage a love of reading. Graphic novels are challenging reading material that can often be better at building vocabulary, inferencing skills, and comprehension than standard texts. Mrs. Watts, our amazing librarian, has compiled some resources on graphic novels and their place in our children's reading repertoire.

and 4th grades/Marco's Pizza Spirit
Night

Thank you!

Our teacher and staff appreciation week was filled with treats, gifts, and words of encouragement. Thank you to all who donated items and time to make the teachers and staff at LES feel all the love. We appreciate your support so very much!
