Translating Skyward Grades to EAS Standards-Based Grades

EAS has used standards-based grading (SBG) since 1999. This 4-point grading scale accurately communicates student performance based on national, state, and district standards. ***EAS does not use percentages to score student work, nor do we use letter grades***. While the district expects to move to standards-based grading in the future, Skyward is not yet able to support it, as it uses letter grades based on a percentage-scale.

To accurately monitor student performance in Skyward Gradebook, EAS students and parents must use the following chart to convert Skyward's percentage grades into our 4.0-scale grades.

EAS SBG Conversion Chart			
Proficiency Level Descriptors	**Rubric Proficiency Score**	**Skyward Equivalency Score**	**Skyward shows this letter grade**
Exceeds Standard *Transfer of learning to more complex content and thinking (not new content), including deeper conceptual understanding and applications that go beyond what is explicitly taught in class.*	4	100	A
	3.7	95	A
At Standard *The standard/learning target: content, details, vocabulary, concepts, procedures, processes, and skills (simple and complex) explicitly taught in class.*	3.5*	90	A
	3.3	85	B
	3	80	B
Approaching Standard *Simpler content, details, vocabulary, procedures, processes, and skills, including foundational knowledge and concepts, explicitly taught in class.*	2.5	75	C+
	2	70	C
Not at Standard *With help, partial understanding of some of the simpler and more complex content, details, vocabulary, concepts, procedures, processes, and skills.*	1.5*	65	D+
	1	50	D
No evidence of achievement *No evidence provided (*Typically this reflects work that is not submitted)*	0	0	N/F
***Demonstrates success at this content level plus partial success at the next higher level**
