

TRINITY *Neighborhood*

After School Care

Trinity Neighborhood reinforces Trinity's Christian mission, and it honors our commitment to unhurried education, leaving children lots of time for unstructured play and opportunities to extend their learning informally after school. Students who are engaged in clubs and other activities after school are able to go to and from the Neighborhood.

The program provides a wonderfully unhurried experience, with books, toys, games, crafts, and more. Families who participate in Trinity Neighborhood have shared that their children love attending and get their homework completed, which allows for more family time.

After School Care

Trinity Neighborhood Director Ms. Mary Hampton became a Trinity parent because of the school's rich and unhurried mission—something she felt was lacking in her son's prior school and having an adverse effect on his confidence, happiness, and self-worth.

Mary has worked with children from preschool through sixth grade for 40 years. She is passionate about mentoring children as another adult who provides a safe and loving environment for them to grow. Trinity Neighborhood is modeled in part on "The Five Love Languages," as Mary believes that understanding where children are coming from and meeting them there is pivotal to their success.

Mary leads a team of mentors who are trained in preschool and elementary education and provide a consistent environment that feels like an at-home adventure.
