

MEDICAID MAN MESSENGER – March 2021

Medicaid Reminders

Open Services:

Please remember to mark any ‘Open’ services ‘Ready to Bill’ at the end of each month. Any services that are still ‘Open’ after 45 days will show up on your Home page in MiSTAR with the student’s name and the date of the ‘Open’ service.

Ask Medicaid Man

*Dear Medicaid Man,
I was in the middle of Telemedicine session when my internet went out. I wasn't able to finish the session with my student, do I still bill Medicaid?*

~Interrupted Psychologist

Dear Interrupted,

*I would suggest using your best judgement and billing, if:

- You were able to meet the minimum time requirement (if there is one) for the procedure code you would bill for the session
- The interruption only lasted a few minutes and you were able to reconnect with the student and finish the session

Do not bill for the session if:

- You did not meet the minimum time requirement for that therapy/treatment/evaluation (if one is required)
- The interruption took so long that you could not reconnect with the student or pick up where you left off to complete the session

If you are still not sure whether to bill or not, please feel free to contact our office.

***This only pertains to Direct Service staff since Personal Care Aides do not bill for Telemedicine services.**
