| 0:18:45 | ~200 | 5 | Decent day. Ankle didn't hurt at all whilst running and I got a decently fast tempo in on a hilly course. Splits were 6:28, 6:15, 6:01. Might have gone sub six on the last one but I surged a tenth of a mile before the finish. Happy with my time. 1st and 2nd sets, mile warmup and cool down, 3 sets of weights. |
