

Tool 9a: Next Steps

Purpose

Reflecting on the past helps SBLTs move forward in a well-informed manner. In moving ahead, the team needs to stop and reflect on what it is doing well and what it may want to reconsider. SBLT should consider using this optional tool to help support their reflection and next steps.

When to Use

On a quarterly basis, the SBLT should stop, reflect on progress (progress on equity related to student issues, as well as equity within the SBLT), and decide how to move forward.

How to Use

Consider the processes, norms, activities and actions that your SBLT should stop doing, continue doing, and start doing.

You may have team members complete this worksheet independently and submit results electronically so that the data point person can gather the data and present the results in a format that will promote shared learning.
