Expenditure Budget Code Structure

As shown in the chart, expenditure budget codes are structured in the order below:

Fund Overview

The total ACPS budget consists of the School Fund and Special Revenue Funds.

Expenditures in the **School Fund** are funded by revenues as detailed in Section B. They primarily comprise the transfer from Albemarle County’s General Fund (funded by general property taxes and other local taxes) and state aid. Within the School Fund, the budget is broken out between school-based and department-based expenditures. School-based expenditures are tied directly to individual schools, while department-based expenditures benefit schools across the Division and serve the school system as a whole.

Full-Time Equivalent (FTEs) who are assigned to specific schools are reported in the Schools section. FTEs who are not assigned to a specific school are reported separately in the Departments section. These are staff who serve multiple schools (e.g., bus drivers and maintenance workers).

Additionally, **Special Revenue Funds** are reported separately. They fund programs whereby the revenue budgeted will be sufficient to cover all expenditures associated with the program. Examples of revenue types include transfers from the School Fund, fees, and grants.

Management of Expenditures

Schools, departments, and budgets are overseen by the Superintendent's Cabinet, as organized by the following areas.

Executive Services

The Office of the Superintendent and Division Support provides leadership and support to schools to ensure that all students have an equal opportunity to succeed. Division activities are directed such that all programs and activities support both quality and equity within the school system.

Instruction

The Department of Instruction supports the Division's staff and schools in the areas of curriculum instruction and assessment in order to prepare all students to succeed as members of a global community and provide each student with a challenging and rigorous course of study. This area also includes Special Education and Student Services and English for Speakers of Other Languages (ESOL).

Organizational Development & Human Resource Leadership

The Department of Organizational Development & Human Resource Leadership supports all of the personnel needs throughout the School Division to help employees with all phases of their Albemarle County careers. This includes, but is not limited to, the recruitment, hiring, compensation, benefits, development, and retention of our employees.

Community Engagement

The Office of Community Engagement works to operationalize ACPS' vision and mission that all children can indeed learn and learn at a high level by modeling and promoting the need for evidence-based programs. The department provides leadership to transform attitudes and practices that inhibit student and staff growth.

Strategic Planning and Communications

The Office of Strategic Planning, Accountability & Research, and Program Evaluation supports the School Division in the areas of short- and long-range strategic planning; School Board policy development, review and revision; evaluation of Division programs; research; and all aspects of local, state and national testing and accountability. The Office of Strategic Communications, in alignment with the Division's Strategic Plan, aims to improve organizational effectiveness by cultivating a valuable, relevant, engaging, and easily accessible communication model.

Operations

The Operations Department encompasses the support services of the School Division including Fiscal Services, Building Services, and Transportation Services. This area provides for the planning and management to efficiently provide the financial resources, safe transportation, and high-quality learning environment for all students within a culture of continuous improvement.

Technology

The Department of Technology provides access to a wide range of technologies and information in support of student achievement and workforce excellence.

Department and Location Overview

The tables below provide a summary organization of School Fund budgets according to their areas of oversight. School-based budgets are assigned various department codes (e.g., School Operations, Instructional, Building Services, Technology). School-based budgets are generally distinguishable by their location codes.

Function Overview (State Categories)

State reporting requires each division to maintain a financial structure in compliance with state coding structures. These coding structures define primary functions and services that school divisions provide.

Instruction

Instruction includes the activities that provide interaction between principals, teachers, teaching assistants, or classroom assistants and students/families. Instruction may be provided for students in a school classroom, in another location such as a home or hospital, or in other learning situations such as those involving co-curricular activities. Instruction may also be provided through another approved medium including television, internet, radio, telephone, or correspondence. The activities teaching assistants of any type (clerks, graders, etc.) that assist in the instructional process are included in this category. This functional category includes teaching, school counseling, library/media, school social work, assessment, staff development, and school level administration (principal and school office staff).

Administration, Attendance & Health

The area includes activities concerned with establishing and implementing policy for administration, attendance, and health. This area includes a number of services typically delivered at schools to students including school nursing, psychology, speech services, hearing services, and other mental/medical services. It also includes typical administrative services such as School Board, fiscal, human resources, media, planning, and community contact services.

Technology

This function captures all technology-related expenditures. Any services involving the use of technology for instructional, public information, administration, or any other use are part of this function.

Building Services

This includes activities concerned with keeping the physical plant open, comfortable, and safe for use, and keeping the grounds, buildings, and equipment in effective working condition. This includes custodial, maintenance, and management services in support of the grounds and physical plant of our division.

Facilities

This includes activities concerned with acquiring land and buildings, remodeling buildings, constructing buildings and additions to buildings, installing or extending service systems and other built-in equipment, and improving sites.

Transportation

This includes activities concerned with transporting students to and from school, as required by state and federal law. This includes trips between home and school, and trips to and from school activities. This includes bus operations, maintenance, and management services in support of transporting students.

Transfers

A number of outlays of governmental funds are not properly classified as expenditures, but still require budgetary or accounting control. These include transfers from one fund to another or to another related entity.

School Fund expenditures transfers in FY 2021/22 are listed below.

Object Overview

In addition to state categories, expenditures are reported by object category, or type of expense. Major object categories include:

Staffing

Cost of all compensation, which includes salaries, overtime wages, part-time and substitute wages, stipends, benefits, and other rewards.

Operating

Includes a wide range of operating costs that are not compensation-related costs in support of School Division programs and services. Major expenditures in this category include educational supplies, fuel, utilities, contracted services, Ivy Creek School tuition, short-term leases, and staff development funds.

Capital Outlay

Includes budgets for lighting, furniture, machinery and equipment (including technology equipment), and software. Rentals and leases that are 12-months or longer are included in Capital Outlay.

Compensation Assumptions

The information presented in this budget is based on the following assumptions in FY 2021/22.

Salaries

Salary increases are based upon guidance from the Joint Boards; the teacher scale is based upon market and School Board direction.

	Classified Employees	Teachers
2015-16	<ul style="list-style-type: none"> 2.3% market increase + merit (half year) 	<ul style="list-style-type: none"> Average increase of 2.0% (half year)

¹ After the teacher pay scale was straightened, all teachers now receive the same increase with the exception of those who are at the top of the scale.

² After the teacher pay scale was straightened, all teachers now receive the same increase with the exception of those who are at the top of the scale.

Adopted Market

Compensation targets are guided by the data gathered from the school divisions in our Joint Board Adopted Market, as well as projections from WorldatWork. For classified employees, the target compensation level is the market median. For teachers, the target compensation level is the 75th percentile of the market.

Benefits

The Virginia Retirement System (VRS), an independent state agency, administers ACPS' retirement benefits and sets the annual rates. Health and dental insurance are administered by Albemarle County. Rates are determined based on local historical information, industry data, and projected expenses for the health care fund.

	2017/18	2018/19	2019/20	2020/21	2021/22
The following benefit rates apply to employee salaries:					
Social Security (FICA) <i>For all employees</i>	7.65%	7.65%	7.65%	7.65%	7.65%
Virginia Retirement System (VRS) <i>Eligible Salaries</i>	17.55%	16.88%	16.88%	17.83%	17.83%
VRS Non-Professional Rate <i>Eligible Salaries</i>	9.40%	9.40%	9.40%	6.52%	6.52%
VRS Group Life Insurance <i>Eligible Salaries</i>	1.31%	1.31%	1.31%	1.34%	1.34%

Health Care

During FY 2019/20, the School Board funded portion of health insurance rates was changed to better reflect the actual costs of employees based on their type of coverage. Previously, employees on the County's health insurance plan were budgeted at one consolidated rate. Beginning in FY 2020/21, employees are budgeted in the following tiers.

	2017/18	2018/19	2019/20	2020/21	2021/22*
Insured Only				\$4,925	\$4,991
Insured and Spouse				\$10,835	\$10,986
Insured and One Dependent				\$7,388	\$7,492
Insured and Children				\$10,589	\$10,723
Family				\$14,775	\$14,972
Consolidated Rate	\$9,962	\$8,280	\$8,615	\$8,280	\$8,392
Dental Insurance	\$282	\$296	\$311	\$311	\$240

Beginning in FY 2021/22, 70% of the consolidated rate applies to part-time employees 0.50 to 0.69 FTE. Part-time employees 0.70 to 0.99 FTE receive health care benefits at 100% of the full-time employee tiered rate.

*There is a planned premium rate increase in FY 22 of approximately 10%. It is a guiding principle of the management plan for the health care fund to match premiums to projected expenditures. Based on the past performance and high reserve, there is a one-month employer holiday planned in FY 22. This one-month holiday in employer contributions equates to \$1.4 million in savings to the School Division and will mostly offset the increase in the other months. The impact of both the rate increase and holiday savings equates to an increase of approximately 1% in the FY 22 annual contribution when compared to FY 21.
