

Curriculum and Instruction Subcommittee Meeting Minutes

06/21/21

**Attendees:** Timothy Van Tasel, Michelle Zawawi, Shannon Inero, Jeanine Rose, Tim Percoski, Christy Baril, Stephannie Holland, Susan Mercik Davis, Maureen Sattan, Jamie Drzyzga

Call to Order: 5:04 pm

1. Michelle Zawawi, Shannon Inero and Jeanine Rose presented assessment data to date for the 2020-2021 school year. K-5 STAR spring reading and Fountas/Pinnell benchmarking results were shared along with K-5 STAR math proficiency and math fact fluency assessments. For grades 6-8, math fact fluency and reading benchmark scores were presented. At the high school level, spring SAT reading/writing and math scores were shared. We are still awaiting results from SBAC, NGSS and AP assessments. Across all areas, there were deficits associated with the pandemic but there are also areas of growth and opportunity, even without those deficits. With guidance from administrators and curriculum coaches, teachers and staff will be using this data to drive their instruction throughout this year.

Adjournment: 6:02 pm
