

MEET YOUR TEACHER

Mr. Marc Duffin

7th / 8th Science Benjamin Franklin High School

Email: mduffin@bfcsaz.com

Educational Background

- BS Microbiology Arizona State University

Favorite Quote

“Life is a storm, my young friend. You will bask in the sunlight one moment, be shattered on the rocks the next. What makes you a man is what you do when that storm comes. You must look into that storm and shout as you did in Rome. Do your worst, for I will do mine! Then the fates will know you as we know you”

- Alexandre Dumas, The Count of Monte Cristo

Welcome!

Hi, my name is Marc Duffin and this is my first year teaching at BFHS. I am excited to teach 7th / 8th grade Science. Prior to this, I taught Biology in Shenzhen, China. My family and I love to explore the world and meet new people and learn about their culture and customs.

Educational Philosophy

I believe students learn best when they are having fun. It is important to teach with passion and let the students know you love the subject you teach. Practicing active listening and promoting respect for others in the classroom also facilitates learning.

BFHS History and Purpose

This is my first year teaching at BFHS.

What I'm Looking Forward to...

I am looking forward to introducing the new science program Amplify to my students. I enjoy instilling in my students a love of science. It is always exciting to see their faces light up when they are immersed in an experiment and learn more about the world around them.
