

La Porte ISD

ABC Child Find Screening

Purpose of the ABC Child Find Screening:

The purpose of the ABC Child Find screening is to provide a basic skills screening for young children to determine if there are any significant developmental delays in the following areas:

- Hearing
- Vision
- Language / Speech
- Cognitive / Academic skills
- Fine / Gross Motor Skills

Who is eligible?

Children ages 3-6 who are not currently enrolled in La Porte ISD are eligible to attend this screening. The screening is free.

Who conducts the screening tests?

- Hearing/Vision Screener
- Physical Therapist
- Occupational Therapist
- Speech-Language Pathologist
- Educational Diagnostician

What happens at the screening?

Each child goes through several 'stations' where the child is screened for each of the developmental areas listed above. The screening takes approximately an hour and a half to two hours.

Who can refer a child for this screening?

Parents can call and schedule an appointment.
