### **BISD will implement STEMscopes Science in grades K-5 beginning 2021!**

Join us for one of our STEMscopes Science Overview workshops where you will learn how to create classes, assign activities and create assessments within the STEMscopes environment.

Each session will be held virtually. We encourage participants to have online access not only to the workshop, but to their STEMscopes account as well.

Contact Roman Gómez [regomez@bisd.us](mailto:regomez@bisd.us) for more information.

#### **Key Features:**

- Entire curriculum built around the research-based 5E lesson model with Intervention and Acceleration components to ensure ample support for every student.

- Digital, Flexible, Blended

- Hands-On Science with Engaging, Real-World Learning: Interactive lessons highlight real-world scenarios extending well beyond the classroom

- Continuous Improvement to Support Blended and Hybrid Learning
