This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay. For a complete description of benefits please see the applicable BCBSM certificates and riders, if your group is underwritten. If your group is self-funded, please see any other plan documents your group uses. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

**Preauthorization for Select Services** - Services listed in this BAAG are covered when provided in accordance with Certificate requirements and, when required, are preauthorized or approved by BCBSM except in an emergency.

**Note:** A list of services that require approval **before** they are provided is available online at [bcbsm.com/importantinfo](http://bcbsm.com/importantinfo). Select **Approving covered services**.

Pricing information for various procedures by in-network providers can be obtained by calling the customer service number listed on the back of your BCBSM ID card and providing the procedure code. Your provider can also provide this information upon request.

**Preauthorization for Specialty Pharmaceuticals** - BCBSM will pay for FDA-approved specialty pharmaceuticals that meet BCBSM's medical policy criteria for treatment of the condition. The prescribing physician must contact BCBSM to request preauthorization of the drugs. **If preauthorization is not sought, BCBSM will deny the claim and all charges will be the member's responsibility.**

Specialty pharmaceuticals are biotech drugs including high cost infused, injectable, oral and other drugs related to specialty disease categories or other categories. BCBSM determines which specific drugs are payable. This may include medications to treat asthma, rheumatoid arthritis, multiple sclerosis, and many other diseases as well as chemotherapy drugs used in the treatment of cancer, but excludes injectable insulin.

Blue Cross Blue Shield of Michigan is a nonprofit corporation and independent licensee of the Blue Cross and Blue Shield Association.

Services from a provider for which there is no Michigan PPO network and services from an out-of-network provider in a geographic area of Michigan deemed a "low access area" by BCBSM for that particular provider specialty are covered at the in-network benefit level. If you receive care from a nonparticipating provider, even when referred, you may be billed for the difference between our approved amount and the provider's charge.

**Specialty Pharmaceutical Drugs** - The mail order pharmacy for **specialty drugs** is AllianceRx Walgreens Prime, an independent company. Specialty prescription drugs (such as Enbrel® and Humira® ) are used to treat complex conditions such as rheumatoid arthritis, multiple sclerosis and cancer. These drugs require special handling, administration or monitoring. AllianceRx Walgreens Prime will handle mail order prescriptions only for specialty drugs. You may obtain specialty drugs through a Walgreens retail pharmacy as well as long as the drug is available at that location. You may want to call ahead to confirm availability at the location. **If you go to a non-AllianceRx Walgreens Prime, you may be responsible for 100% of the cost of the specialty drug.** Other mail order prescriptions for non-specialty medications can continue to be sent to Express Scripts. (Express Scripts is an independent company providing pharmacy benefit services for Blues members.) A list of specialty drugs is available on our Web site at [bcbsm.com/pharmacy](http://bcbsm.com/pharmacy). If you have any questions, please call AllianceRx Walgreens Prime customer service at 1-866-515-1355.

We will not pay for more than a 30-day supply of a covered prescription drug that BCBSM defines as a "specialty pharmaceutical" whether or not the drug is obtained from a 90-Day Retail Network provider or mail-order provider. We may make exceptions if a member requires more than a 30-day supply. BCBSM reserves the right to limit the quantity of select specialty drugs to no more than a 15-day supply for each fill. Your copay/coinsurance will be reduced by one-half for each fill once applicable deductibles have been met.

Select Controlled Substance Drugs - BCBSM will limit the initial fill of select controlled substances to a 5-day supply. Additional fills for these medications will be limited to no more than a 30-day supply. The controlled substances affected by this prescription drug requirement are available online at [bcbsm.com/pharmacy](http://bcbsm.com/pharmacy).

## Member's responsibility (copays and coinsurance amounts)

**Your Simply Blue HSA prescription drug benefits, including mail order drugs, are subject to the same deductible and same annual out-of-pocket maximum required under your Simply Blue HSA medical coverage.** Benefits are not payable until you have met the Simply Blue HSA annual deductible. After you have satisfied the deductible you are required to pay applicable prescription drug copays and coinsurance amounts which are subject to your annual out-of-pocket maximums.

**Note:** The following prescription drug expenses will not apply to your Simply Blue HSA deductible or annual out-of-pocket maximum

- any difference between the Maximum Allowable Cost and BCBSM's approved amount for a covered brand-name drug
- the 20% member liability for covered drugs obtained from an out-of-network pharmacy

## Features of your prescription drug plan

Clinical Drug List	A continually updated list of FDA-approved medications that represent each therapeutic class. The drugs on the list are chosen by the BCBSM Pharmacy and Therapeutics Committee for their effectiveness, safety, uniqueness and cost efficiency. The goal of the drug list is to provide members with the greatest therapeutic value at the lowest possible cost.
Prescription drug preferred therapy	<p>A step-therapy approach that encourages physicians to prescribe generic, generic alternative or over-the-counter medications <b>before</b> prescribing a more expensive brand-name drug. It applies only to prescriptions being filled for the first time of a targeted medication.</p> <p>Before filling your <b>initial</b> prescription for select, high-cost, brand-name drugs, the pharmacy will contact your physician to suggest a generic alternative. A list of select brand-name drugs targeted for the preferred therapy program is available at <a href="http://bcbsm.com/pharmacy">bcbsm.com/pharmacy</a>, <b>along with the preferred medications</b>.</p> <p>If our records indicate you have already tried the preferred medication(s), we will authorize the prescription. If we have no record of you trying the preferred medication(s), you may be liable for the entire cost of the brand-name drug unless you first try the preferred medication(s) or your physician obtains prior authorization from BCBSM. These provisions affect <b>all</b> targeted brand-name drugs, whether they are dispensed by a retail pharmacy or through a mail order provider.</p>
Mandatory maximum allowable cost drugs	If your prescription is filled by any type of network pharmacy, and the pharmacist fills it with a brand-name drug for which a generic equivalent is available, you <b>MUST</b> pay the <b>difference</b> in cost between the BCBSM approved amount for the brand-name drug dispensed and the maximum allowable cost for the generic drug <b>plus</b> your applicable copay regardless of whether you or your physician requests the brand name drug. <b>Exception:</b> If your physician requests and receives authorization for a nonformulary brand-name drug with a generic equivalent from BCBSM and writes "Dispense as Written" or "DAW" on the prescription order, you pay only your applicable copay. <b>Note:</b> This MAC difference will not be applied toward your annual in-network deductible, nor your annual coinsurance/copay maximum.
Quantity limits	To stay consistent with FDA approved labeling for drugs, some medications may have quantity limits.
